and moves that these bills be ordered paid. Roll Call on adoption of motion. Ayes: Trustees Bates, Cullinan, Deering, Kelham, Lacoste, McKinstry, Phelan, Sloss and Young. Noes: none. Adopted.

Trustee Kelham reads a report from Cyril Williams, expert, advising that he has examined the books of the Secretary and had found them correct. Ordered placed on file.

Committee on Rules and Administration.

Chairman Sloss reports and recommends that the following assistants be taken from the eligible list to serve one Year's probation, commencing with September 1, 1925:

Miss Ada B. McDonnell
Mrs. Jane Hartford
Miss Anita S. Levy

Roll Call on adoption of recommendation. Ayes: Trustees Bates, Cullinan, Deering, Kelham, Lacoste, McKinstry, Phelan, Sloss and Young. Noes: none. Adopted.

Committee on Law.

Chairman Cullinan - no report.

Committee on Welfare of Employees.

Chairman McKinstry - no report.

New Business.

Trustee Kelham calls attention to the fact that gravel walk should be extended around the Main library building, to protect the lawn. It is moved that the matter be referred to the Committee on Building, with power to act. Roll Call on adoption of motion. Ayes: Trustees Bates, Cullinan, Deering, Kelham, Lacoste, McKinstry, Phelan, Sloss and Young. Noes: none. Adopted.

Communications.

From E.F. and M. Hansen, offering to erect a building on the corner of 18th Avenue and Taraval Street, for a branch library building. Referred to the Committee on Branches.

From I.M. Peckham, representing C.S. Allred, advising that store No.5, in the new Masonic temple at Ocean and Ashton avenues, which was leased by the Board of Trustees, is ready for occupancy. As the footage of the present building is not as specified in the lease, the matter of rent is referred to the Committee on Building, to see what can be done regarding a reduction of proposed rent.

President Young presents his report. On motion is duly carried, the report is adopted and is ordered transmitted to the Mayor, together with the reports of the Secretary and of the Librarian.

Nominations for President for the ensuing year being declared in order, Trustee Deering is nominated and duly elected President.

Nominations for the office of first Vice-President being declared in order, Trustee Field is nominated and duly elected first Vice-President.

Nominations for the office of second Vice-President being declared in order, Trustee Bates is nominated and duly elected second Vice-President.

Trustee Cullinan moves that the thanks of the Board be tendered Trustee Young for the able and efficient manner in which he has discharged his duties as President.

There being no further business the meeting adjourned.

Geo. Cullinan
Controller and Secretary.

AUG 11 1925

San Francisco, September 15, 1925

The President having called a special meeting of the Board of Trustees of the San Francisco Public Library and Reading Rooms, to be held this day in the Trustees' room, Main Library, Civic Center, for the purpose of listening to reports of committees and for the transaction of such business as should have been brought before the regular meeting,

The meeting is called to order at 4:45 P.M., President Deering presiding.

On Roll Call the following are noted present: Trustees Bates, Hale, Kelham, Lacoste, McKinstry, Young and Deering. Absent: Trustees Cullinan, Field, Phelan, Sloss and Mayor Rolph. Present 7. Absent 5.

The minutes of the previous meeting are read and approved.

The report of the Controller and Secretary is read and ordered filed.

The report of the Librarian is received and ordered filed.

Reports of Standing Committees.

Committee on Books.

Chairman Young reports bills to the amount of $2765.44. Referred to the Finance Committee.

The Committee recommends the following purchases:

Additional copies for Main Library, Branches and Deposit Stations			
	reprints	621v.	$341.55
	new	446v.	669.15
Replacements for Main Library, Branches and Deposit Stations		2025v.	3037.95
		3092v.	$4048.65

Roll Call on adoption of recommendation. Ayes: Trustees Bates, Hale, Kelham, Lacoste, McKinstry, Young and Deering. Noes: none. adopted.

Committee on Printing and Binding.

In the absence of Chairman Field, Trustee Bates reports bills to amount of $1208.97. Referred to the Finance Committee.

Committee on Building, Fixtures, etc.

Chairman Kelham reports bills to the amount of $2619.89. Referred to the Finance Committee.

Chairman Kelham reports that he had interviewed Mr. C.S. Allred regarding the change in the frontage of the store on Ashton Avenue. Mr. Allred explained that the change was due to the fact that a reinforced concrete building had been built instead of the wooden building that was at first contemplated; and that, according to the plans, there is the same amount of floor space.

Motion made that the Building Committee be instructed to fit up the store for a Branch library. Roll Call on adoption of motion. Ayes: Trustees Bates, Hale, Kelham, Lacoste, McKinstry Young and Deering. Noes: none. Adopted.

Bates, Cullinan, Kelham, Lacoste, McKinstry, Young and Deering. Noes: none. Adopted.

Committee on Branches.

Chairman Bates reports as follows:

OCEAN VIEW library station is very badly located and should be changed at once. A store can be rented on Capitol Avenue, one block from the public school, for a rental of twenty dollars ($20.00) per month; and could be fitted up at an estimated cost of from $400 to $500.00. This sub-branch should be kept open from 1 to 7 P.M., closed on Sunday, and someone in the neighborhood no doubt could be secured to take charge at a salary of about $50.00 per month.

SAN BRUNO DISTRICT station has been moved from place to place and is not well situated. There is a community house in this district, about two blocks from the two public schools, and if proper quarters can be secured, we would advise that a sub-branch be established in this community house.

GLEN PARK DISTRICT has a location in a dry goods store. This station does not in any way serve the district properly and if a suitable store can be secured at a reasonable rent, and if we can financially carry the same, we should establish a sub-branch in this growing suburb of the city.

Motion made that the store on Capitol Avenue be fitted up and that the Ocean View station be moved. Roll Call on adoption of motion. Ayes: Trustees Bates, Cullinan, Kelham, Lacoste, Mc Kinstry, Young and Deering. Noes: none. Adopted.

Regarding the SAN BRUNO and GLEN PARK districts, the Secretary is instructed to see what can be done in regard to these two stations, and report at the next meeting of the Board.

Communications.

From Mrs. Julian R. Waybur, enclosing a cheque for $431.70, representing the amount of the Ernest Hartmann Memorial Fund, which was entrusted to Mr. Waybur by a group of pupils and friends of the late Ernest Hartmann, for the purpose of establishing through the library a memorial to him. The librarian reports that a complete set of Johann Sebastian Bach's Werke have been purchased and placed in the Music Room, as per the request of the committee.

On motion duly carried, the Secretary is instructed to convey the thanks of the Board to the donors of this memorial.

From V.C. Clowe, requesting that certain changes be made in the rules governing cards and the limit of books issued. The secretary is instructed to inform the gentleman that no change can be made regarding the rules, and explaining the reasons therefor.

There being no further business the meeting adjourned.

Geo. A. Mullin

Chairman Cullinan - no report.

Committee on Welfare of Employees.

Chairman McKinstry - no report.

Communications.

From the S.F. Labor Council, requesting that when a vacancy occurs on the Board of Trustees, a representative of labor be appointed.

The Secretary is instructed to advise the Council that when next a vacancy occurs the application will be considered.

From the chairman of the Radio Service Committee of the Cal-Library Association, requesting the sum of five hundred and twenty-eight ($528) as this library's donation for the purpose of broadcasting weekly talks on worthwhile books.

The Secretary is instructed to inform the chairman that the Trustees do not feel that Library funds can be diverted to this purpose.

There being no further business the meeting adjourned.

Geo. A. Kelham

Controller and Secretary.

Communications.

From the Portola District Merchants' Association, calling attention to the need of a branch library in that district. Referred to the Committee on Branches.

In this matter the Secretary reports that the Board of Education had failed to provide, as promised, the proper quarters for a branch library in the Portola district; and suggests that the Branch Committee be empowered to lease suitable accomodations, if they can be obtained, at a rental not to exceed fifty-five dollars ($55.) per month. Motion made that the matter be referred to the Committee on Branches, with full power to act. Roll Call on adoption of motion. Ayes: Trustees Cullinan, Deering, Hale, Lacoste, McKinstry, Sloss, Young and Bates. Noes: none. Adopted.

President Bates presents his annual report. On motion duly carried, the report is adopted and is ordered transmitted to the Mayor, together with the reports of the Controller and Secretary and of the Librarian.

Nominations for President for the ensuing year being declared in order, Trustee Phelan is nominated and duly elected.

Nominations for the office of first Vice-President being declared in order, Trustee Hale is nominated and duly elected first Vice-President.

Nominations for the office of second Vice-President being declared in order, Trustee Sloss is nominated and duly elected second Vice-President.

Trustee Hale moves that the thanks of the Board be tendered Trustee Bates for the efficient manner in which he has discharged his duties as President.

There being no further business the meeting adjourned.

New Business.

Trustee Cullinan reports that the California Library Association will hold its annual meeting at Riverside and recommends that the Librarian be requested to attend, his expenses to be paid by the Library. Roll Call on adoption of recommendation. Ayes: Trustees Bates, Bender, Cullinan, Deering, Kelham, Lacoste and Phelan. Noes: none. Adopted.

Communications.

From the first-grade assistants of the Library, requesting an increase in salary. Referred to the Committee on Rules and Administration.

From other members of the staff, requesting an increase in salary. Referred to the Committee on Rules and Administration.

From Miss Dawes Markwell, stating that she had not received an increase on February first, and asks that this be granted. It is to be explained to Miss Markwell that, owing to an error, she was given an increase in February, 1927, to which she was not entitled; and that her next increase will be due February 1, 1929.

There being no further business the meeting adjourned.

Controller and Secretary.

San Francisco, May 17, 1928

The President having called a speoial meeting of the Board of Trustees of the San Francisco Public Library and Reading Rooms, to be held this day at 4 P.M., in the Trustees' room, Main Library, Civic Center, to consider the survey of the San Francisco Public Library, made at the request of the Board of Trustees, by Sydney B. Mitchell, director of the School of Librarianship of the University of California, and Judson T. Jennings, librarian of the Seattle Public Library, and notice thereof and of the object for which the meeting was called having been given by the secretary to each Trustee, in accordance with the by-laws of the Board, the meeting was called to order at 4 P.M.

The librarian and the controller and secretary were not present.
Vice-President Hale presided.
Trustee Cullinan was appointed temporary secretary.

On Roll Call the following were noted present: Trustees Bates, Bender, Cullinan, Deering, Hale, Kelham, Lacoste, Sloss and Young. Absent: Trustees McKinstry, Phelan and Mayor Rolph. Present 9. Absent 3.

The survey, which had been in the hands of members of the Board of Trustees for several weeks, was discussed fully for the purpose of bringing out the result of the study of the document and reflection thereon by the several trustees.

On motion of Trustee Cullinan, seconded by Trustee Kelham, the survey was referred to the Committee on Rules and Administration for further study and for a report thereon to be made at a subsequent meeting.

Trustee Cullinan reported that he had been informed by the Controller and Secretary that the budget committee of the Board of Supervisors was contemplating exclusion from the budget now in preparation for the fiscal year, commencing July 1, 1928, of provision for payment of the electric light and power bills of the library, which heretofore has been paid directly out of the budget and not from the appropriation for the library.
Trustee Cullinan reported that the cost of light and power for the library and its branches was approximately $1,000 a month.

On motion of Trustee Sloss, seconded by Trustee Deering, Trustee Cullinan was requested to confer on the subject with the chairman of the Finance Committee of the Board of Supervisors and to endeavor to persuade the Finance Committee to make provision for payment of the electric light and power bill of the library by the method which has been followed heretofore; or if that is not done, to make ample provision for the expense in the amount to be appropriated for the library fund in the next budget.

There being no further business the meeting adjourned.

Controller and Secretary.

San Francisco, June 12, 1928

The President having called a special meeting of the Board of Trustees of the San Francisco Public Library and Reading Rooms, to be held this day in the Trustees' room, Main Library, Civic Center, for the purpose of listening to reports of committees and for the transaction of such business as should have been transacted before the regular meeting,

The meeting is called to order at 4:30 P.M., President Phelan presiding.

On Roll Call the following are noted present: Trustees Bates, Bender, Hale, Kelham, Lacoste, Sloss, Young and Phelan. Absent: Trustees Cullinan, Deering, McKinstry and Mayor Rolph. Present 8. Absent 4.

The minutes of the previous meeting are read and approved.

The report of the Controller and Secretary is read and ordered filed.

The report of the librarian is received and ordered filed.

The Chair appointed Trustee Lacoste a temporary member of the Committee on Printing and Binding.

Trustee Young presents the following tribute in memory of former Trustee Eugene James Bates:

It is with profound sorrow that the Board of Trustees of the San Francisco Public Library note the passing of one of their number, Eugene James Bates, who died in this city on the second of March, nineteen hundred and twenty-nine.

Eugene Bates, a native-born San Franciscan, served as trustee of the Public Library for nine years. During that time he endeared himself strongly to his associates and to the library personnel by the exceptional qualities of heart and mind, always freely given to the best interests and furtherment of the institution. He was President of the Board in the 1926-1927 term, and both as a member and an officer of this body, sincerely loved his work and its duties.

His memory will ever survive in the hearts of his many firm friends, in particular the trustees of the library, whose intimate contact with all enabled them in an unusual degree to appraise and value his rare attainments.

In this memorial the Board of Trustees formally expresses its high esteem for Eugene James Bates and its sense of great loss in his death. It directs that this become a part of the minutes of the Board and that a copy thereof be sent to the widow and children, with all of whom the members of the Board sympathize deeply in their great bereavement.

The tribute is adopted.

Committee on Rules and Administration.

Chairman Deering presents the following:

Rules and Regulations Respecting Classification and Salaries of, Appointments to, and Promotions in the Staff of the Public Library and Reading Rooms of San Francisco.

1. Employees of the S.F. Public Library and Reading Rooms, other than one librarian and the secretary and controller, shall be classified as (I) technical and (II) non-technical.

The technical division shall consist of all library assistants, and the non-technical division shall consist of all other employees not classified in the technical division.

The technical division shall be subdivided into four grades, (a) probationers, (b) junior assistants, (c) senior assistants, and (d) heads of departments, principals in charge of departments, branch librarians, and first assistants.

2. Subject to the authority of the board of trustees the librarian shall be director of the technical division and of all substitutes, pages and book-repairers, and the secretary and controllor of the non-technical division, except substitutes, pages and non-repairers.

All employees shall perform such duties as may be assigned to them by proper authority but appointments as heads of departments, principals in charge of departments, first assistants, and all branch librarians shall be made from employees on the list of senior assistants.

3. Candidates for appointment to the technical staff of the library must be not less than eighteen nor more than thirty-five years of age, and graduates of a high school accredited to the University of California or other high school which the librarian shall deem to be of equal scholastic standards. They must pass such preliminary test as the board of trustees may prescribe and, on passing such test, shall be placed on the eligible waiting list in the order of their standing.

As required, candidates on the eligible waiting list, in the order of their standing, shall be appointed to probationary places on the technical staff and while so appointed shall receive a salary of $100 a month. During the first year of each probationer's appointment she shall be on probation and her work shall be closely observed by the heads of the various departments or branches in which she serves and a written report on her work shall be presented to the librarian by each such head of department or branch. If reports show the candidate to be unsatisfactory she may be dropped from the staff at any time during the probationary year.

If the librarian, after considering such reports, is satisfied with her work during the probationary year he shall make a record to that effect and the probationer whose work is so approved shall be permitted and required to take the next subsequent examination for junior assistants. The examination shall be held in the months of April and October of each year if there are approved candidates waiting to take it.

That examination shall cover English and American literature and elementary library science. Texts will be

recommended to candidates taking this examination by the librarian or the various heads of departments.

In marking papers in the examination spelling, composition, and grammatical construction shall be considered and shall count for fifteen per cent of the total.

Those candidates who receive an average of 75 per cent in the examination, provided they shall have received not less than 60 per cent in both literature and library science, shall be placed on the list of junior assistants. Probationers not taking or failing in this examination will be dropped from the library service and shall not be permitted to apply for library service within two years thereafter.

4. Junior assistants who are not graduates of a university or library school approved by the board of trustees shall receive a salary of $110 a month for their first year in that grade, $120 a month for their second year, and $130 a month thereafter so long as they remain junior assistants and in the library service.

Junior assistants who are graduates of a university or library school approved by the board of trustees shall receive a salary of $120 a month for their first year in that grade, and $130 a month thereafter so long as they remain junior assistants and in the library service.

5. Any junior assistant receiving the maximum salary of the junior grade, and whom the librarian in writing certifies to have shown exceptional ability and interest in her work may take the examination for promotion to the grade of senior assistant. The scope of that examination shall include the course of studies of a standard library school. Candidates for the examination shall be examined in the following subjects:

General literature
Classification and cataloging
Bibliography and reference
Book selection
Branch work
Work with children

Texts will be recommended to candidates taking the examination by the librarian or the various heads of departments.

Any graduate of a school of library science approved by the board of trustees, who shall have served the library as a junior assistant for two years or more may be promoted to the grade of senior assistant without examination, provided that the librarian certifies in writing that as a junior assistant she has shown exceptional ability and interest in her work.

Senior assistants shall receive a salary of $140 a month during their first year of service as senior assistants, $150 a month during their second year, and $160 a month during their third and subsequent years in the service.

6. The annual increase in pay shall not be granted to any senior or junior assistant if the librarian reports to the board in writing that she has not exhibited interest and improvement in her work during the previous year. In that event the increase may be granted in a subsequent year if the librarian withdraws his objection.

7. The following positions shall be filled by appointment by the board of trustees, on recommendation of the librarian, and shall carry the monthly salaries specified after the designated positions:

	Minimum	Maximum
Heads of Departments:		
Reference librarian		$250
Chief cataloger		225
Principals in charge of departments:	$165	175
Branches		
Circulation		
Librarian's secretary		
Music		
Newspaper		
Order		
Periodical		
Registration		
First Assistants:	165	175
Catalog		
Reference		
Branch Librarians:		
(Larger Branches)	165	175
Golden Gate Valley		
McCreery		
Mission		
Noe Valley		
North Beach		
Park		
Presidio		
Richmond		
Sunset		

9. Substitutes appointed to fill temporary vacancies in the technical staff shall receive fifty cents an hour but not exceeding a total of $90 per month. They shall be appointed by the librarian and shall work under his direction.

10. Pages shall receive 25¢ an hour in the first month of their service, and 30¢ an hour thereafter. They shall be appointed by the librarian and shall work under his direction.

11. Non-technical employees of the library shall receive such salaries as the law or the board of trustees shall prescribe.

12. These rules and regulations are adopted with the intent that promotions and increases of salary in the library service shall be based on educational and technical qualifications and efficiency, rather than on mere length of service, and are to be interpreted in view of that purpose. The board of trustees for the good of the library service may make exceptions to these rules and regulations. These rules may be modified or revoked without notice and shall not be deemed to confer any contractual or other legal rights on employees or others. Promotions, except from the grade of junior assistant to that of senior assistant, will not be made except to fill vacancies or unless required for the good of the library service.

13. Employees of any grade are subject to be dismissed, placed in a lower grade, or to have their salaries reduced by the board of trustees for the good of the library service.

14. The head of each department or branch shall keep such efficiency records of assistants under her jurisdiction as the librarian may from time to time prescribe, and shall give to the librarian on request a written report on the work and efficiency of any employee under her jurisdiction.

15. When a list of eligibles who have passed the preliminary test and are awaiting appointment shall have been made, it shall stand for not less than one year, provided

there are persons on the list who have not been appointed and who have not refused an appointment when tendered. Any person on the eligible waiting list who shall not accept an appointment when tendered shall be placed at the bottom of the list. Whenever possible in filling temporary vacancies on the technical staff or in making temporary appointments persons on the eligible waiting list shall be preferred to others not regularly employed on the library staff.

Except as herein otherwise provided the board may abolish any eligible waiting list and call for another preliminary test in order to make up a new eligible waiting list whenever it deems such action to be for the good of the library service.

15. Employees who shall be serving their probationary year at the time of the adoption of these rules will not be appointed as junior assistants until and unless they shall have taken the first examination which shall be held for probationers seeking promotion to the grade of junior assistants but such probationers shall be allowed one complete year from the time of the adoption of these rules in which to prepare for the examination and shall, in the meanwhile, be retained as probationers.

All technical assistants who at the time of the adoption of these rules are receiving $140 a month or over shall be immediately classified as senior assistants.

All other technical assistants, except probationers, who shall be such at the time of the adoption of these rules, shall be immediately classified as junior assistants.

16. The librarian, any assistant librarian who may be hereafter appointed, and the controller and secretary, shall not be included in the classified service. They shall hold office at the pleasure of the board of trustees and their salaries shall be prescribed from time to time by the board of trustees.

Motion made that same be adopted and copied in full in the minutes. And the chairman recommends that five hundred (500) copies be printed for distribution. Roll Call on adoption of recommendation. Ayes: Trustees Bender, Cullinan, Deering, Kelham, Lacoste, Phelan and Flood. Noes: none. Adopted.

and moves that these bills be ordered paid. Roll Call on adoption of recommendation. Ayes: Bender, Deering, Hale, Kelhan, Lacoste, McKinstry, Phelan, Sloss and Sullinan. Noes: none. Adopted.

Committee on Rules and Administration.

Chairman Sloss recommends that the following rules be adopted, and that one thousand (1000) copies be printed:

Rules for the Staff. Hours.

The library shall be open on week days from 9 A.M. to 10 P.M and on Sundays from 1:30 P.M to 5 P.M. It shall be closed on the following legal holidays:

New Year's Day
Washington's Birthday
Memorial Day
Independence Day
Labor Day
Admission Day
Thanksgiving Day
Christmas Day

and on 5 P.M. on the evenings before Christmas and New Year's Day. When Christmas Day or New Year's Day falls on a Sunday, the library shall remain closed on both Sunday and Monday. When the other above named legal holidays fall on Sunday, the library shall be open on Sunday and closed on Monday.

Employees on full time shall work forty-two hours a week, and, in addition, those who are assigned to Sunday duty shall work three and one-half hours every third Sunday.

No account shall be taken of work performed before or after scheduled hours, nor does such work give any right of absence during prescribed hours.

Conduct While on Duty.

Employees while on duty must confine themselves strictly to library work. They must not engage in loud conversation, nor in reading except such as is necessary in the performance of their duties or in line with their work, nor in any other personal use of library time.

They must at all times treat the patrons of the library with courtesy, consideration, and impartiality, avoiding any form of favoritism on behalf of any friend or patron.

Strict punctuality is required of all employees. They must be ready to begin work at the hour assigned, and they must not leave their posts of duty nor put on their wraps before the actual termination of their working hours.

They will be expected to perform cheerfully and to the best of their ability such duties as are assigned to them by their superior officers.

Calls other than those on library business will be permitted during working hours only in very exceptional cases. The use of the telephone is prohibited except for library purposes, during working hours, and employees should discourage their acquaintances from calling them up at the

library, as no employee will be called to the telephone during business hours.

Borrowing Books

Employees will not be permitted to take books out on which there are reserves, or which have been listed in the Library Bulletin less than three weeks. No book or periodical of any sort shall be removed from any department or taken from the building without a record of the same being left with the attendant in charge.

Attendance at Library Meetings.

Employees will be allowed their time for attending library conventions or meetings when their work can be so arranged as to avoid the employment of additional help, and when the service of the library will not be impaired by their absence.

Sick Leave.

During each calendar year, not more than fourteen days' leave for illness, with full pay, may be allowed to regularly appointed, full-time employees.

Absence.

Employees must not absent themselves from service without previously obtaining permission from the librarian. For good cause, leave of absence may be granted by the librarian for a period not exceeding one week. For a longer leave, action by the Committee on Rules and Administration must be taken upon individual cases. Application for same must be made in writing, giving full information regarding the request.

When prevented from attendance by reason of illness or from any other unforeseen cause, the employee must notify the librarian as soon as possible. During the absence of the employee the librarian will designate the substitute for her place. Substitutes will not be assigned to fill places during such absence for less than three hours.

Employees will not be allowed to make up for time lost through absence unless, in the opinion of the librarian, it will be to the advantage of the library.

Deductions for Absence.

For all absence from service, other than for vacation, sick leave, or attendance at library meetings the salary of the employee shall be forfeited. Employees whose services are required on all open days shall forfeit one-thirtieth of their respective monthly salaries for every full day of their absence, and a proportionate amount shall be deducted for any less absence.

Substitute Work.

No extra pay shall be allowed employees acting as substitutes except for work done outside their regular schedule hours, and then such extra work shall be paid for at the rate of their monthly salaries.

Vacations.

During each calendar year, the librarian shall grant to all full-time employees a vacation of three consecutive weeks. The time thus granted shall be without loss of salary. No vacation shall, however, be granted to any employee who is serving less than full time or who has not been employed a number of the staff of the library for at least six months next preceding. That the service of the library may not be impaired, the times in which such vacations are to be taken by the respective employees shall be designated by the Librarian.

This vacation is authorized in order that the library may be benefited by the renewed vigor and strength of the employee,

and is allowed with the understanding that the employee will utilize the time so granted for rest and recuperation, and will not engage in any other occupation. Employees will not be permitted to cumulate in successive years the time allowed for vacation. The vacation period shall be approximately from May 15 to August 15 of each year.

Complaints.

All complaints must be made to the Librarian, and if not satisfactorily adjusted by him must be submitted in writing to the Chairman of the Committee on Rules and Administration. Complaints are not to be taken up with the individual members of the Board.

Roll Call on adoption of recommendation. Ayes: Trustees Bender, Deering, Hale, Kelham, Lacoste, McKinstry, Phelan, Sloss and Sullivan. Noes: none. Adopted.

The Committee recommends that, in accordance with the rules, that the salaries of Miss Dunne and Miss Comte be increased ten dollars per month, beginning with July 1, 1929.

Trustee Cullinan presents the following memorial upon the death of James D. Phelan, which is adopted:

Memorial Upon The Death of

James Duval Phelan

James Duval Phelan, whose death occurred August 7th, 1930, was the senior member of the board of library trustees in term of service at the time of his death.

He was elected trustee November 14th, 1895. He resigned his regular membership on January 5th, 1897, when he became Mayor and an ex-officio member, and was re-elected trustee March 6th, 1906; so that he was a member of this board continuously for virtually thirty-five years. Throughout that long period he maintained a lively and useful interest in the library and its work.

During his three terms as Mayor, the latter of which covered the period of the drafting of the Charter, the present organic law of San Francisco, he was watchful that the library should be protected against political control, and to his friendly concern the library owes in large part its present independent position in the municipal government with respect to both revenue and administration, an independence which has contributed so much to the efficiency of the library service.

As a member of the board of trustees, he fostered the development of branch libraries. He built and donated to the city the second of the system of Carnegie libraries; a branch which was privately owned and destroyed by the fire of April 18, 1906, and which the movement of population subsequent on that disaster made it inexpedient to rebuild. For all Mr. Phelan's benefactions to the library cease with his death for one of the legacies which made his will, so expressive of his character and his lifework a bequest of ten thousand dollars to the board of trustees for library purposes

Important as were James D. Phelan's services to the public through his interest in the work of the library, they were a relatively small part of his services to the city of San Francisco, and the state of California.

From his early manhood he was a leader not only in public life but in the effort to forward the evolution of San Francisco from the materialism that necessarily dominated the pioneer days to the intellectual and artistic culture that should mark metropolitan life. Mr. Phelan expressed himself well in prose and verse; he had an informed and correct taste in letters; and he greatly encouraged, by his generosity and his solicitude, artists, writers, and dramatists who showed, in prospect or in production, talents that merited such encouragement. He possessed, too, a keen sense of the romance of California's history and of the value of maintaining California's traditions and linking her future with her past; and through his leadership in the counsels of the order of Native Sons of the Golden West he gave substance and direction to that activity of his many-sided mind.

This memorial would be incomplete without some reference to his efforts, conducted at considerable expense of his own time and money, to formulate a plan for the development and adornment of San Francisco; and if the indifference of the public at the exigencies that followed the fire of 1906 frustrated his endeavor, at least he directed many minds toward the idea of planned municipal growth and beautification; and his work has borne good fruit and will bear more

Naturally these public interests and his forensic instincts and talents turned him toward a political career. Ample inherited wealth enabled him to pursue such a career without the compromises that impair the character and the usefulness of so many men that live by public favor. As Mayor, as Senator, and as a foremost citizen, he stood for his own beliefs, unafraid of majorities or newspapers; and in consequence, in office or out of office, in success or in defeat, he held the respect of his fellow citizens in a measure seldom equalled in the history of this state.

Of his numerous private benefactions we can say little for he never disclosed them, and our knowledge comes from those he helped; but his helpfulness flowed in a constant stream from his own purse. His remarkable will, which has been so widely commended as a noble human document, was merely a continuation of his lifelong generosity to men and causes that, in his opinion, deserved his aid or appreciation.

To the members of this Board James D. Phelan was bound by ties of long friendship and association, and we cannot conclude this testimonial of his worth without adding a more personal expression of our sorrow that he has gone from us forever.

Let it therefore be

RESOLVED, that the foregoing memorial be inscribed in the minutes of the Board, and that a copy of it be sent to his sister, Miss Phelan

From Miss Dawes Markwell, presenting her resignation Placed on file.

From Mrs. Barbara Cowles, who took the examination held recently, for library assistants. Mrs. Cowles did not receive the necessary percentage, but refuses to accept the decision of the examining committee.

The secretary is instructed to notify Mrs. Cowles that the trustees appoint a committee to conduct all examinations for positions in the library; that in the conduct of these examinations it is the custom for this committee to select from all the candidates a certain number who constitute, in the Committee's opinion, the most desirable group to take the final examination That this in no way reflects upon the ability or knowledge of those not placed in this group, but simply represents the Committee's judgment as to who would probably make the best material for the library needs.

Miss McKinstry presents her annual report, which is adopted and ordered forwarded to the Mayor, together with the reports of the Controller and secretary and of the librarian Carried.

Nominations for president for the ensuing year being declared in order, Trustee Kelham is nominated and is duly elected president

Chairman Deering reports and recommends as follows.

1. (a) That, according to the rules and regulations for the staff,

the salary of Miss Helen Rea lake be increased from $165 to $175 a month, commencing on February 1, 1932.

(b) That the following assistants, who have the required qualifications, be appointed to the non-technical staff, at a salary of $80 a month, commencing on March 1, 1932:

Miss Gladys D'Arco
Miss Helen Regan

Roll Call on adoption of recommendation. Ayes: Commissioners Bender, Cullinan, Deering, Lacoste, McKinstry, O'Day, Sloss and Welham. Noes: none. Adopted.

2. That the resignations of Miss Helen Flannery and Mrs. Marian Mieley be accepted. Adopted.

3. That Robert Rea be appointed librarian and George A. Mullin be appointed secretary of the Library Commission. Carried.

4. That candidates for the technical library examinations be graduates of an approved university or college. Carried.

5. That the librarian be requested to submit for consideration a revision of the By-Laws and Rules and Regulations for the Staff, incorporating all changes that have been made since these were last printed, and including those that were made by the new charter.

6. The Committee recommends that the duties of the librarian and the secretary be as follows:

Duties of the Librarian.

The librarian is the chief executive of the library department. He shall have the special and direct charge of the library and of its administration and shall enforce all rules for its government. He shall appoint, and at his discretion may discipline and remove, all employees of the library department.

He shall report to the commission from time to time, and shall submit a monthly report, in writing, of the activities of the library and shall make such recommendations as he may think desirable for the betterment of the service. At the close of each fiscal year he shall make a report, with statements in detail of the work and condition of the department, and offer such suggestions as he may think beneficial. He shall perform such other duties as may be prescribed by the commission.

Duties of the secretary.

The secretary shall keep a complete record of all transactions of the library commission as well as full and complete accounts of all moneys, revenues, receipts and disbursements of the library department. He shall have charge of all buildings and the repairs thereof, and of the janitorial service of the department. He shall have supervision of all employees in the secretary's office, the carpenter, and the engineers, all of whom shall be subject to the rules and regulations for the staff.

He shall report to the commission from time to time and shall make a monthly report, in writing, of his official acts. At the close of each fiscal year he shall make a report, with statements in detail of the financial condition of the department. He shall perform such other duties as may be prescribed by the commission.

New Business.

President Welham reports that a letter had been received by each commissioner, from the Administrator, asking that permission be given to the Public Improvement to use the unfinished basement at the northeast corner of the library building, for a garage.

Trustee Cullinan is requested to write to the administrator that the Commission must oppose that the use of the basement for garage purposes would inconvenience patrons and the employees of the library

in the performance of their duties and therefore it would be inconsistent with the proper use of the library for library purposes. The movement of automobiles in and out of the basement would doubtless result in disturbing noises. The hazard of fire and explosion would also have to be considered.

The Library Commission is naturally anxious to find a way to help the Police Department in its present difficulty, and it would be open-minded with respect to reconsidering the proposal, if the Police Department could make a satisfactory showing to the effect that the use of the basement for garage purposes would not conflict with the proper use of the building for library purposes.

Communications.

From Dr. Frank Fischer, secretary of the Northern Federation of Civic Organizations, requesting that money be asked for in the budget for keeping the library open full time on Sundays.

The secretary is instructed to write Dr. Fischer that, owing to a request from the Mayor for a small budget, it will be impossible to grant the request of the Federation.

There being no further business the meeting adjourned.

Secretary.

Trustee Cullinan, as Director, presents the following revised By-Laws for the Library Commission and moves that they be adopted:

By-Laws.

Section 1. The library commission shall hold a regular meeting on the first Tuesday of each month. If the first Tuesday of any month is a legal holiday, the regular meeting of the commissioners shall be held on the succeeding day. Special meetings may be held at the call of the president and he shall call a special meeting whenever requested by three commissioners. The secretary shall give notice to each commissioner of any special meeting and of the object by depositing the same in the postoffice at least two days prior to the time at which the meeting is called.

Section 2. At the first regular meeting in August in each year the commissioners shall elect from their body a president, a first vice-president and a second vice-president.

The president shall be ex-officio a member of all standing committees. In the absence of the president and the vice-presidents the commissioners shall elect of their number a president pro tem. The president shall preside as chairman of the commission at all meetings of the commission, and in his absence the first vice-president or, in his absence, the second vice-president shall act as chairman. The president may be designated also as chairman of the commission.

Section 3. The library commission shall appoint a librarian and a secretary who shall hold office at its pleasure. The librarian and the secretary shall perform the duties usually pertaining to such officers, and such other duties as may be specially prescribed by the library commission. The librarian shall be the chief executive of the department.

Section 4. The president, within two weeks after his election, shall appoint the following standing committees, each to consist of three members, except as otherwise specified, who shall hold office for one year, viz.:

1. Committee on Finance and Audit.
2. Committee on Building, Fixtures, Furniture and Supplies.
3. Committee on Rules and Welfare of Employees, to consist of five members.
4. Committee on Law and Municipal Relations.
5. Committee on Books, Printing and Binding, to consist of five members.
6. Committee on Branch Libraries, to consist of five members.

Each committee shall report monthly to the commission, and give full information of all its proceedings.

Section 5. Any matter affecting finance and audit shall be referred to the Committee on Finance and Audit. This committee shall approve at the regular monthly meeting of the commission all bills and expenditures from the library funds.

Section 6. All matters relating to building, fixtures, furniture and supplies shall be referred to the committee on the same. This committee shall have the power, under the direction of the commission, to recommend for purchase all furniture and supplies required for the library department.

Section 7. The Committee on Books, Printing and Binding shall have charge, under the direction of the commission, of the selection and recommendation for purchase of books, periodicals and works of art, and all matters pertaining to printing and binding.

Section 8. The Committee on Rules and Welfare of Employees shall recommend, from time to time, the adoption of such rules and regulations as may be necessary for the administration of the library department and the welfare of its employees.

Section 9. The Committee on Law and Municipal Relations shall have charge of all legal questions and all matters which require the action or cooperation of the municipal authorities.

Section 10. The Committee on Branch Libraries shall have charge of all matters pertaining especially to the branch system.

Section 11. The standing committees shall report to the commission in the following order:

1. Books, Printing and Binding
2. Building, Fixtures, Furniture and Supplies
3. Branch Libraries
4. Law and municipal relations
5. Finance and audit
6. Rules and welfare of employees

Section 12. At all regular meetings of the commission, the order of business shall be as follows:

1. Calling the roll
2. Reading the minutes
3. Reports of secretary and of librarian

4. Reports of standing committees

5. Reports of special committees

6. Unfinished business

7. New business

8. Communications

Section 13. These By-laws may be amended at any meeting of the commission by the affirmative vote of six commissioners. If notice of a proposed amendment is given at any regular meeting of the commission it may be adopted at the next regular meeting of the commission by the affirmative vote of a majority of a quorum. If notice of such amendments be so given, the secretary shall include in the notice given by him of the next regular meeting a copy of such proposed amendments.

He also presents amended Rules for the Staff and moves that these be adopted:

Rules for the Staff.

Hours

The library shall be open on week days from 9 a.m. to 10 p.m., and on Sundays from 1:30 p.m. to 5 p.m. It shall be closed on the following legal holidays:

New Year's day
Washington's birthday
Memorial day
Independence day
Labor day
Armistice day
Thanksgiving day
Christmas day

and at 5 p.m. on the evenings before Christmas and New Year's day. When Christmas or New Year's day falls on a Sunday, the library shall remain closed on both Sunday and Monday. When the other above-named legal holidays fall on Sunday, the library shall be open on Sunday and closed on Monday.

Employees on full time shall work not less than 44 hours a week, and in addition, those who are assigned to Sunday duty shall work three and one-half hours every third Sunday.

No account shall be taken of work performed before or after established hours, or does such work give any right of absence during prescribed hours.

Conduct While on Duty

Employees while on duty must confine themselves strictly to library work. They must not engage in loud conversation, or in reading except such as is necessary in the performance of their duties or in the line of their work, or in any other personal use of library time.

They must at all times treat the patrons of the library with courtesy, consideration, and impartiality, avoiding any form of favoritism or favor to any friend or patron.

Strict punctuality is required of all employees. They must be ready to begin work at the hour appointed, and they must not leave their desks or put on their wraps before the actual termination of their working hours.

They will be expected to perform cheerfully and to the best of their ability such duties as are assigned to them by their superior officers.

Personal visiting or telephone calls will not be permitted during working hours except in cases of emergency.

Borrowing Books

Employees will not be permitted to take out books on which there are reserves, or which have been listed in the Library Bulletin less than three weeks. No book or periodical of any sort shall be removed from any department or taken from the building without a record of the same being left with the attendant in charge.

Attendance at Library Meetings

Employees will be allowed their time for attending library conventions or meetings when their work can be so arranged as to avoid the employment of additional help, and when the service of the library will not be impaired by their absence.

Sick Leave

During each calendar year, not more than fourteen days' leave for illness, with full pay, may be allowed to regularly appointed, full-time employees. Hourly appointments will not be considered as full time.

Absence

Employees must not absent themselves from service without personally obtaining permission from the librarian. For good cause, leave of absence may be granted by the librarian. Application for same must be made in writing, giving full information regarding the request.

When prevented from attendance by reason of illness or from any other cause, the employee must notify the librarian's office as soon as possible. Substitutes will not be assigned to fill places during such absence for less than four hours.

Employees will not be allowed to make up for time lost through absence unless, in the opinion of the librarian, it will be to the benefit of the library.

Deductions for Absence

For all absence from service, other than vacation, sick leave, or attendance at library meetings, the salary of the employee shall be forfeited. Employees whose services are required on all legal days shall forfeit one-thirtieth of their respective monthly salaries for every full day of their absence, and a proportionate amount shall be deducted for any shorter absence.

Vacations

During each calendar year, the librarian shall grant to each full-time employee a vacation of three consecutive weeks. The time that persons shall be allowed leave of absence for vacation shall, however, be granted to any employee who is employed less than full time or who has not been appointed a member of the staff of the library for at least six months next preceding. That the service of the library may not be impaired, the times in

which such vacations are to be taken by the respective employees shall be designated by the librarian.

This vacation is authorized in order that the library may be benefited by the renewed vigor and strength of the employee, and is allowed with the understanding that the employee will utilize the time so granted for rest and recuperation, and will not engage in any other occupation. Employees will not be permitted to cumulate in successive years the time allowed for vacation. The vacation period shall be approximately from May 15th to August 15th of each year.

Complaints

All complaints must be made to the librarian, and if not satisfactorily adjusted by him must be submitted in writing to the chairman of the Committee on Rules and Welfare of Employees. Complaints are not to be taken up with the individual members of the commission.

Roll Call on adoption of motion. Ayes: Commissioners Senior, Sullivan, Doering, Lacoste, O'Day and Keiser. Noes: none. Adopted.

The following amended Rules and Regulations Respecting Classification and Salaries of, Appointments to, and Promotions in the Staff of the San Francisco Public Library adopted by the Library Commission are also presented:

I

Divisions

Employees of the San Francisco Public Library, other than the librarian and the secretary, shall be classified as (I) technical and (II) non-technical.

The technical division shall consist of all library assistants, and the non-technical division shall consist of all other employees not classified in the technical division.

The technical division shall be subdivided into four grades, (a) probationers, (b) junior assistants, (c) senior assistants, and (d) heads of departments, principals in charge of demonstrations, branch librarians, and first assistants.

II

Promotions

Subject to the authority of the library commission the librarian shall be director of the technical and non-technical divisions.

All employees shall perform such duties as may be assigned to them by proper authority. Appointments as heads of departments, principals in charge of departments, first assistants, and branch librarians in charge of the larger branches, shall be made from employees on the list of senior assistants.

III

Probationers
Qualifications, Examinations

Candidates for appointment to the technical staff of the library must be not less than eighteen or more than thirty-five years of age and graduates of an approved university or college. They must take such preliminary uni-

as the library commission may prescribe and, on passing such test, shall be placed on the eligible waiting list in the order of their standing.

As required, candidates on the eligible waiting list, in the order of their standing, shall be appointed to probationary places on the technical staff and when so appointed shall receive a salary of $[illegible] a month. During the period of each probationer's appointment she shall be on probation and her work shall be closely observed by the heads of the various departments or branches in which she serves and a written report on her work shall be presented to the librarian by each such head of department or branch. If reports show the candidate to be unsatisfactory she may be dropped from the staff at any time during the probationary period.

Should the librarian, after considering such reports, be satisfied with her work during the probationary period he shall make a record to that effect and the probationer whose work is so approved shall be permitted and required to take the next subsequent examination for junior assistants, provided, however, that a probationer who is a graduate of an approved school of library science shall not be required to take such examination. The examination shall be held at the end of the probationary period.

The examination shall cover English and American literature and elementary library science. Texts will be recommended to candidates taking this examination by the librarian or the various heads of departments.

Candidates who receive an average of 75 per cent in this examination and those probationers whose work during the probationary period has been satisfactory to the librarian and who are exempt from the examination by reason of having been graduated from an approved school of library science, shall be placed on the list of junior assistants. In marking papers in the examination, spelling, composition, and grammatical construction shall be considered.

Probationers who are required to take and fail in this examination, on the recommendation of the librarian, may be retained in the probationary grade for a second year. At the end of the second year they shall be required to take another examination, and failing in it, will be dropped from the staff and shall not be permitted to apply for library service within two years thereafter.

IV

Junior Assistants
Salaries

Junior assistants shall receive a salary of $[illegible] a month for their first year in that grade, and $[illegible] a month thereafter so long as they remain junior assistants and in the library service.

V

Junior Assistants
Examination - Promotion

Any junior assistant receiving the maximum salary of the junior grade, and whom the librarian in writing certifies to have shown ability and interest in her work may take the examination for promotion to the grade of senior assistant. The scope of the examination shall include the course of studies of a standard library school. Candidates for the examination shall be examined in the following subjects:

General literature
Classification and cataloging
Bibliography and reference work
Book selection
Branch work
Work with children

Texts will be recommended to candidates taking this examination by the librarian or the various heads of departments.

Any graduate of an approved school of library science, who shall have served the library as a junior assistant for two years or more may be promoted to the grade of senior assistant without examination, provided that the librarian certifies in writing that as junior assistant she has shown ability and interest in her work.

Senior assistants shall receive a salary of $140 a month during their first year of service as senior assistants, $150 a month during their second year, and $160 a month during their third and subsequent years in the service.

VI

Increase in Salaries

The annual increase in pay shall not be granted to any senior or junior assistant if the librarian reports to the library commission in writing that she has not exhibited interest and improvement in her work during the previous year. In that event the increase may be granted in a subsequent year if the librarian withdraws her objection.

VII

Department Heads, Principals, etc.

The following positions shall be filled by appointment by the librarian, and shall carry the monthly salaries specified after the designated positions:

	Minimum	Maximum
Heads of Departments		
Reference librarian		$
Chief cataloger		
Principals in charge of Departments..$

VIII

Substitutes

Substitutes appointed to fill temporary vacancies in the technical staff shall receive $ per month, not

not exceeding a total of $90 per month. They shall be appointed by the librarian and shall work under his direction.

IX

Pages

Pages shall receive 25 cents an hour in the first month of their service, and 30 cents an hour thereafter. They shall be appointed by the librarian and shall work under his direction.

X

Non-technical Employees

Non-technical employees of the library shall receive such salaries as the law or the library commission shall prescribe.

XI

Rules

These rules and regulations are adopted with the intent that promotions and increases of salary in the library service shall be based on educational and technical qualifications and efficiency, rather than on mere length of service, and are to be interpreted in view of that purpose. The library commission for the good of the library service may make exceptions to these rules and regulations. These rules may be modified or revoked without notice and should not be deemed to confer any contractual or other legal rights on employees or others. Promotions, except from the grade of junior assistant to that of senior assistant, will not be made except after vacancies, or duties required for the good of the library service.

XII

Classes, grades

Employees of any grade are subject to be transferred, placed in a lower grade, or to have their salaries reduced by the librarian for the good of the library service.

XIII

Reports

The heads of each department or branch shall keep such attendance records of assistants under their jurisdiction as the librarian may from time to time prescribe, and shall give to the librarian or proper authority written reports as to the work and efficiency of the employees under his direction.

XIV

Eligible list

When a list of eligibles who have passed the civil-service test and are awaiting appointment shall have been made, it shall stand for not less than one year, provided there are persons on the list who have not been appointed and who have said not due to disagreement when required. The names on the eligible waiting list who shall not accept an appointment when tendered shall be placed at the bottom of the list. Any eligible person in filling temporary vacancies or for temporary work or in making temporary appointments, removal of whose name on the eligible waiting list shall be requested by others but

regularly employed on the library staff.

Except as herein otherwise provided the library commission may abolish any eligible waiting list and call for another preliminary test in order to make up a new eligible waiting list whenever it deems such action to be for the good of the library service.

XV

Executive Officers

The librarian, any assistant librarian who may hereafter appointed, and the secretary, shall not be included in the classified service. They shall hold office at the pleasure of the library commission and their salaries shall be prescribed from time to time by the library commission.

Roll Call on adoption of motion. Yeas: Commissioners Bender, Sullivan, Herring, Lacasse, O'Day and Erlich. Noes: none. Absent.

Secretary.

The following letters were read, from Mr. George A. Mullin:

Civic Center
December 1, 1932

The Honorable
Library Commissioners
Public Library
San Francisco.

Ladies and Gentlemen:

On January 1, 1911 I shall have been connected with the Public Library for thirty-six and a half years. During that time I have seen the library destroyed and rebuilt, until now we have a handsome white building and ten branch libraries belonging to the city.

I take pride in the fact that I have had a little to do with the opening of these buildings, and now gracefully tender my resignation, to take effect January first, 1933.

It has been a very pleasant thirty-six and a half years, and I take this opportunity to thank the members of the Commission for the kindness and consideration shown me.

Yours very sincerely,

(Signed) George A. Mullin

Secretary.

Civic Center
December 7, 1932

The Honorable
Library Commissioners
Public Library
San Francisco.

Ladies and Gentlemen:

During the past twenty-seven years I have had in the library as my assistant Miss Antonietta Pasquale. Miss Pasquale is a conscientious worker and knows the full routine of the office and would take charge in an emergency. I would like to suggest that she be given the title of assistant secretary.

Yours very truly,

(Signed) George A. Mullin

Secretary.

Mr. Mullin's resignation was accepted and Commissioner Sullivan suggested that something be done to eternalize Mr. Mullin's thirty-six and a half years' service with the library.

The Commissioners then went into executive session.

The Commissioners, in executive session, appointed Miss Antoinette Pannella as assistant secretary and Mr. H.C. Simpson as Controller and Secretary, both appointments to take effect January first, 1911.

Mr. Simpson's salary was fixed at three hundred and seventy five dollars ($375.00) per month.

There being no further business the meeting adjourned.

In the absence of Chairman Cutler, Mr. Cullinan reports bills to the amount of $4982.74. Referred to the Committee on Finance and Audit.

Committee on Branch Libraries.

Chairman Lavrets reports as follows:

The present quarters of the Park-Presidio Branch, on Clement Street, are inadequate. The rental is $35 per month, and the Association pays $15 per month. For some time we have been negotiating for additional space. Recently we have succeeded in securing the portion between the store we occupy and Funston Avenue. We have been asked to submit a proposal for the present owner of the property. The present floor space is 750 square feet. For which we pay $35 per month or we would propose to lease additional 600 square feet for a total rental of $60 per month. The Association's Engineer reports that it is practicable. It would be necessary for us to move the present entrance to the center of the building and put in a pair of large doors. Total cost is about $135. The work to be done and the necessary repairs would cost about $125.00

Ocean View Branch. On Alemany Avenue it [illegible] a small strip about 25 x 35 feet. [illegible] pay $10 a month. It is [illegible]

quite crowded, and about a block and a half away there is a vacant store about twice the size which could probably be obtained for the same rental, on a two-years' lease. The real estate agents say that on a firm offer from the library they believe they could obtain this store for the $30 rental, with sufficient rent deduction at the beginning of the tenancy to take care of the expense of divesting and painting the premises.

On motion of Mr. Cullinan, seconded by Mr. Leering, the Librarian and Secretary are authorized to accept the offer of the American Trust Company, and extend the branch as outlined. Carried unanimously.

On motion of Mr. Cullinan, seconded by Mr. Leering, the Librarian and Secretary are authorized to negotiate for the rental of the store at # 111 Broad Street for the Ocean View Branch on a basis of $30 a month, with sufficient rent deduction at the beginning of the library's tenancy to take care of dividing and painting the premises. Carried. unanimously.

Committee on Rules, Administration & Welfare of Employees.

Chairman Sullivan, for the Committee, recommends that the resignation of Miss Marian McDaniel, as of July 19, 1936, be accepted. Carried.

Mr. Rea explains that, according to the rules that have been governing the staff in the past, employees have been working every third Sunday and have been receiving three weeks' vacation. Since the new Charter was adopted a vacation of three weeks has been granted to employees who work on Sunday, and two weeks to those who do not. He says that he would be glad to give preference to that employee who has work due to every Third Sunday, instead of one in every three, and that the service will not be impaired by such arrangement.

Mr. Sullivan moves that the Rules be changed to do this. Carried.

President O'Day welcomes the new Commissioner, Mr. Schrieber Adriano and Mr. Adriano, in turn, thanks the Board for a cordial greeting.

There being no further business the meeting adjourned.

Secretary

San Francisco, February 10, 1939

A special meeting of the Commissioners of the San Francisco Public Library and Reading Rooms, held this day in the Main Library, Civic Center.

The meeting is called to order at 4 P.M., President Ryan presiding.

On Roll Call the following are noted present: Commissioners Cullinan, Deering, Lacoste, Murphy, O'Day and Ryan.... Absent: Commissioners Atherton, Bender, Hale, Harrison and Rolph. Present 6. Absent 5.

On motion of Mr. Cullinan, the reading of the minutes of the last meeting is dispensed with.

Mr. Cullinan, chairman of the Committee on Rules and Administration, informs the Board that a joint meeting of the committees on Law and Rules and Administration was held in his office, to consider the Salaries Standardization Ordinance in its relation to the library staff. It was decided that, as salary standardization affected only the non-technical employes, and their salaries would be more, in some cases, than those of the regular professional staff, the committee recommended an addition to the budget of $12,480 . This would give increases to fifty (50) professional employes who no longer receive automatic increases and would not be affected by the Salaries Standardization Ordinance.

The increases provided for by the addition to the budget of this $12,480 are as follows:

1	City Librarian	$400 - $500	$1200
1	Reference Librarian	250 - 300	600
1	Chief Cataloger	225 - 250	300
7	Heads of Departments	175 - 200	2100
2	First Assistants	175 - 200	600
7	Branch Librarians	175 - 200	2100
19	Librarians	160 - 175	3420
12	Library Assistants	85 - 100	2160
			$12480

Approved.

There being no further business the meeting adjourned.

Board of Supervisors by the Library Association:

Section 43 of the Charter of the City and County of San Francisco is hereby amended to read as follows:

Library Department

Section 43. The Library department shall be under the management of a library commission consisting of eleven members who shall be appointed by the Mayor and shall serve without compensation.

The eleven library trustees constituting the boar d of library trustees in office at the time this charter shall go into effect shall, by lot, classify their respective terms of office so that three of such terms shall begin at twelve o'clock noon on the 15th day of January, 1932, 1933, and 1934, respectively, and two such terms shall begin at twelve o'clock noon on the 15th day of January, 1935. The term of each commissioner shall be four years, at the expiration of which the Mayor shall appoint his successor.

The library commission shall appoint a librarian and a secretary who shall hold office at its pleasure. The librarian shall be the chief executive of the department and shall be the appointing officer for the department as provided in section 20 of the charter.

Commencing on the first day of January, 1942, all positions in the library department except those of librarian and secretary of the library commission and part time services carrying compensation of less than $80.00 per month including valuation of maintenance or other allowances shall be subject to the civil service provisions of this charter, and upon said date, any incumbent of such position in the library department, hereby made subject to civil service, who shall have held position continuously for one year prior thereto, shall be deemed appointed to such position under the civil service provisions of this charter.

The library commission shall be the successors in office of the board of library trustees holding office at the time this charter shall go into effect and shall have all of the powers and duties thereof, except as in this charter otherwise provided.

The Secretary is instructed to inform the Board of Supervisors that this draft has the approval of the Library Commission.

It is also recommended that Mr. Francis P. Burke, Newspaper Department attendant, who has been drafted into military service, be granted a leave of absence of one year: one month with pay (for military service) and eleven months without pay. Granted.

Mr. Cullinan reports that the classification of positions of library employees by the Civil Service Commission has been received for approval; and he recommends that the matter be referred to the Committee on Rules for further study, and with power to act. Approved.

New Business.

The City Librarian recommends that the following Commissioners be appointed to serve as a committee to wait on the Mayor, regarding our budget requests for 1941-1942: Mr. Cullinan, Mr. Hale, Mr. Harrison, Mr. Murphy and Mr. O'Day. The Chair appoints these gentlemen, as recommended.

Mr. Cullinan, as acting president, welcomes the new commissioner, Mrs. Henry Dippel, Jr. and Mrs. Dippel, in turn, thanks the Board for a cordial greeting.

On motion of Mr. O'Day, seconded by Mr. Cullinan, Miss Lacoste is appointed to write a tribute in memory of Mr. Albert M. Bender, President of the Library Commission, who was a member of this Board for over thirteen years.

The matter of a new President is postponed until the next meeting of the Board.

There being no further business the meeting adjourned.

Secretary

San Francisco, May 6, 1941

Regular bi-monthly meeting of the commissioners of the San Francisco Public Library and Reading Rooms, held in the commissioners' room, Main Library, Civic Center.

The meeting is called to order at 4:05 P.M., Vice-President Murphy presiding.

The regular order of business is suspended and representatives from the Glen Park and Marina districts address the Commission. The Glen Park Community Club requests more extensive library service in its district and suggests the building of a branch on Water department property. The representatives are informed that the Mayor has not included funds for any branch extension in the 1941-1942 budget.

The representatives of the Marina district stressed the need of a branch library in their district and, as funds are not likely to be made available in the 1941-1942 budget, asked that the Golden Gate Valley branch be moved to the Funston playground. Their request is referred to the Branch Committee for consideration.

Mr. William Sorensen, of the San Francisco Historical Markers Committee, which is sponsored by the San Francisco Community Council, American Legion, addresses the Board and requests that the committee be allowed to place a placque on the site of the first cemetery (Yerba Buena) on one of the pillars of the library building, which is built upon the old cemetery grounds. Referred to the Committee on Building, for consideration and report.

The regular order of business is resumed.

MEMORIAL

to

Albert M. Bender

In the death of Albert M. Bender on March 4th, 1941, the Library Commission of the City of San Francisco suffered the loss of a member whose rare individual characteristics illumined the record of his fourteen years of service.

Today, in our realization of the void created by the death of our colleague, we, his associates, pause and seek to express a tribute of respect and honor to his memory.

In our association with Mr. Bender on the Library Board, we were privileged to observe his high character, rare cultural ideals and distxinguished service to our city. In so doing, we are accordant in mind and heart with the eulogies voiced by others so eloquently at his bier and in the public press, and now, we desire to add our measure of praise.

As a library official, Mr. Bender served continuously as an elected trustee from October 12th, 1927 to 1932; then as a commissioner twice appointed, from 1932 until the time of his passing. During all this period, he participated fully in the regular functioning of this council.

In addition, his glowing appreciation of the beautiful in art and literature led to the acquisition of possessions now esteemed as great treasures of the San Francisco Public Library. Numbered among these are the ten Piazzoni murals which panel the travertine walls encircling the corridors of the grand staircase. This decorative design was sponsored by Mr. Bender - a generous donation of his own and of his friends.

As a visual symbol of his great love for books, stands the splendid collection of notable volumes housed in a special room in the main library building. Dedicated to the memory of Max Kuhl, the book cases and their contents are largely the gift of Mr. Bender.

Further, he enriched the James D. Phelan memorial by presenting it with a gift which reflects his ardent interest in the literary life of California. It is an extensive and almost priceless collection of manuscripts, rare editions, publications and photographs, exhibiting the creative works emanating from the pens of famous men-of-letters, whose names are linked with the story of California.

Besides local loans and gifts to his beloved city, Mr. Bender made similar lasting endowments to museums, libraries, colleges, universities, and other institutions of culture, far and wide.

Thus, as we think of his services in their most comprehensive interpretation, the nature of world-wide memorials to Albert Bender should mark an approximation to Cicero's dictum: "Nothing silent, nothing speechless, should be a monument to my deeds."

The elements of personality are an index of ideals and attainments. In the light of retrospection, the character of Albert

Bender shines full and bright in the memory of all who knew him. Etched on the hearts of his associates, are the memories of the many occasions, when this patron of the fine arts brought to our library meetings, rare books and manuscripts, first editions, examples of fine printing, sketches, engravings and innumerable other treasures of the artists' skill. His running fire of pertinent and interesting comments provided another contributing feature to our enjoyment. His was a mellow personality in which vibrant optimism, dignity and warmth of human feeling united in perfect proportion.

In these outward manifestations, his individualism revealed an abundance of endearing and unusual qualities: gentleness and strength, kindliness and delightful humor, courtliness and enlightened intellectual outlook. Enhanced by interesting colorful idiosyncrasies and the grace of his cosmopolitan life, his genius for friendship encompassed in fellowship, men of all races and creeds.

The theme of his life was a perfect reflection of the finest and most ennobling activities of the human soul and of humanitarian objectives. With courageous enthusiasm, he lent an attentive ear to the plaintive murmur of aspiring artists, writers and musicians. To the poor and the unfortunate, he poured out benevolences and broad encouragement. With persuasive force, he championed the cause of the common man. Keenly aware of the needs of a changing world, he met them by constantly enlarging the field of his beneficent labors. The fulfillment of his vision and of the trust reposed in him, called for the continuous exercise of sacrificial loyalty, and he answered the call, nobly.

Thus the life of Albert Bender stands as a perfect exemplification of those simple but rare virtues,- brotherliness, generosity and understanding. His life recalls to mind the beautiful simplicity and sincerity of Thomas Guthrie's cadences:

"I live for those who love me,
For those who know me true,
For the heaven that bends above me,
And the good that I can do;

For the wrongs that need resistance,
For the cause that lacks assistance,
For the future in the distance,
And the good that I can do."

In recognition of the work and worth of Albert Bender, we, the members of the San Francisco Public Library Commission, desire to express our grief for the severance of our personal and civic relationship to this great citizen. We have faith that his work will endure and be an inspiration for all future endeavor. His memory is deeply engraved upon our hearts.

Mr. Kemper suggests that a copy of the tribute be sent to Dr. Monroe G. Deutsch, who is the chairman of a Memorial Committee for Mr. Bender. It is so ordered.

New Business.

Nominations for President being declared in order, Mr. Murphy is nominated and duly elected President.

Nominations for first Vice-President being declared in order, Mr. O'Day is nominated and duly elected first Vice-President.

Nominations for second Vice-President being declared in order, Mr. Cullinan is nominated and duly elected second Vice-President. These offices are to be held for the remainder of this calendar year.

There being no further business the meeting adjourned.

Committee on Rules, Administration & Welfare of Employees.

Chairman Cullinan reports and recommends as follows:

1. That the leave of absence requested by Mr. D.E. Sullivan, for one year commencing on July 1, 1941, be denied.
2. That no appointment be made to fill the vacant position of first assistant cataloger, as this would be only a temporary appointment and a Civil Service examination will be held by the Civil Service Commission in January, 1942. An appointment at this time might jeopardize the employee's Civil Service status.

Mr. Cullinan reports on the meeting of the Committee on Rules which was held to consider the proposed plan of classification as

submitted by the Civil Service Commission. It is the Committee's opinion that this plan (entirely different from our present set-up) is neither feasible nor practical. The Librarian is instructed to meet with the Civil Service Commission in an endeavor to retain our present system, which has proved satisfactory.

Committee on Branch Libraries.

Chairman Lacoste reports receipt of a letter from Mrs. Anna Linsley, President of the Fairmount Improvement Association, requesting the establishment of a branch in the Fairmount District. The Secretary is instructed to inform Mrs. Linsley that, although the Commission realizes the need of branch extension in many districts of the city, nothing can be done at this time owing to lack of funds.

Miss Lacoste also reads a letter from Albert J. Sullivan, Acting Chief Engineer, San Francisco Fire Department, asking permission to erect a temporary auxiliary fire house on a portion of Library property on the north side of Sacramento Street, between Baker and Lyon Streets.

Mr. Cullinan recommends that the Commission approve the request subject to the further approval of the Committee on Branch Libraries, and should the Committee on Branch Libraries not approve it, that the request again be referred to the Board for decision.

Committee on Finance and Audit.

Mr. Schmulowitz reads a memorandum which he prepared on:
(1) The letter of Harold J. Boyd, City Controller, on the investment of cash on deposit in the Alfred Fuhrman Estate in United States War Bonds.
(2) Oil and Gas Lease - Kern County - Letter of Joseph J. Phillips, Director of Property, requesting approval of a departmental work order in the amount of $500.00 for services and expenses in the preparation of lease.
(3) Letters of Joseph J. Phillips, dated December 29, 1942 and January 6, 1943, requesting approval by the Library Commission of a proposed resolution and lease to the Bishop Oil Company of oil lands in Kern County.

Commissioner Schmulowitz recommended that:

(1) The investment of cash on deposit in United States War Bonds, and
(2) request of Joseph J. Phillips for approval of a departmental work order in the amount of $500.00 be referred to the City Attorney for an opinion on the points outlined in the memorandum, and that
(3) the request for approval of resolution and lease to the Bishop Oil Company of oil lands in Kern County be approved on the recommendation of the Director of Property.

Approved

Committee on Rules, Administration, & Welfare of Employees.

Commissioner Cullinan reports on the special meeting of the Committee on Rules and Finance which considered the budget recommendations for the fiscal year 1943-1944. It is recommended by the Committee on Rules and the Committee on Finance and Audit that the following increases in salary be included in the budget for 1943-1944. This provides:

(a) Automatic increases in salary for 31 employees, in accordance with the present salary schedules of the Library Commission.

(b) An increase of $15.00 in the maximums of the present salary ranges of all classifications. This will provide an additional $15.00 for all technical employees except the following:

Four Librarians who still will receive in excess of the new maximums recommended by the Committees on Rules and Finance and Audit.

The Head of the Reference Department and the Head of the Catalog Department, who are now receiving more than the Chief of Branches and the Chief of Circulation, which positions, under the Civil Service Classification are the highest positions in the Department.

Five Senior Librarians who will receive only $5.00, as they had been receiving salaries in excess of the old scales set by the Library Commission.

Approved.

It is further recommended that the following amounts in other appropriations be included in our budget request for 1943-1944.

Contractual Services	$ 20068.00
Binding	20000.00
Heat, Light & Power	12500.00

Automobile Insurance	180.00
Membership Dues	120.00
Pensions	9000.00
Rent	5200.00
Services Other Departments	12020.00
	$157963.00

Old Business

The City Librarian reports on a meeting he had with Miss Mabel Gillis, State Librarian, on the status of the Sutro Collection, and reads a letter from the State Librarian requesting additional information on whether the Library Commission would be willing to accept rent for the housing of the Collection, and as to the length of time before a decision by the state officials would be necessary.

Mr. Schmulowitz recommends that the following resolution be adopted:

Resolved: That Miss Gillis, State Librarian, be advised that the Library is not interested in charging rent for the housing of the Sutro Collection, and would consider retention only if taken over by the Library Department, and that proper legislation be initiated by the State Library to that effect, and if not, that the Sutro Collection be moved to some other quarters as soon as possible, and in any event not later than twelve months hence.

Approved.

There being no further business the meeting adjourned.

Secretary

JAN 19'43

San Francisco, March 2, 1943

The regular bi-monthly meeting of the Commissioners of the San Francisco Public Library held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4 P.M., President Cullinan presiding.

On Roll Call the following are noted present: Commissioners Cullinan, Dippel, Keenan, Kemper, Lacoste, Ryan and Schmulowitz. Absent: Commissioners Cuneo, Harrison, Murphy and O'Day.

The minutes of the previous meeting are read and approved.

The report of the Secretary is read and ordered filed.

The report of the Librarian is read and ordered filed.

Mr. Eugene Riordan, Assistant Director of Property, and Mr. Earl Cutting, Division Right of Way Agent, of the Real Estate Department, appeared before the Commission to explain objections to the Fuhrman Oil Lease, made in a letter by President Cullinan.

The Library Commission took the following action on the objections outlined in the letter:

1. The lessee is an adjoining land owner and the lease lacks provisions to protect the trust property with respect to joint operation of the trust or leased property, and the adjoining properties of the lessee. That is to say, the leased property is not protected against underground suction of oil into wells on adjoining property.

The Commission recommends that the lease be amended to protect the property against underground suction of oil into wells on adjoining property.

2. The lease contains (Paragraph 4) the provision that the lessee shall not be required to rehabilitate or pump oil wells which may be found incapable of producing oil in paying quantities.

The Commission recommends that the definition of paying quantities of one or more barrels of oil per day remain in the lease.

3. There should be a provision that all wells not under production, or thought incapable of production in paying quantities, after remedial work is done, shall, after written approval of the lessor, be abandoned at lessee's cost and expense and in accordance with state requirements.

The Commission recommends that Section 17 of the lease be amended to include the words "and proper abandonment thereof."

4. Paragraph 13 provides that drilling and producing operations and lessee's oil royalty obligations may be suspended at lessee's option when the price offered generally to producers in the same vicinity, etc. is fifty cents or less per barrel, or when there is no available market at the well. In case of a lease to an adjoining land owner, there should be added the proviso that adjoining wells, operated by lessee, are not kept in production.

The Commission recommends that the lease be amended to clarify this objection.

5. Referring to Paragraph 18, it is the general practice in mining leases for the lessor to retain the right to sublet the surface of the land if it does not interfere with oil producing activities.

The Commission recommends that this objection be waived as the income from subletting the surface land is very small and great damage might result to oil equipment.

6. Paragraph 31 provides that except casing and tubing, all tools, machines and equipment and improvements installed or used by the lessee on the leased land, shall remain the property of the lessee and may be removed by him prior to termination of the lease.

The Commission recommends that the Real Estate Department amend the lease to clarify this point.

7. The lease should contain a provision that the lessee shall, at its own cost and expense, immediately open up and produce to capacity, and in accordance with good oil field practice, all wells capable of producing in paying quantities and shall also clear out and otherwise do remedial work on wells which might be capable of greater production, in an effort to increase the production.

The Commission recommends that this objection be waived, and this section of the lease remain as originally proposed.

8. The lease should contain a provision requiring the surrender of all rights granted, in so far as such rights affect undrilled acreage, in the event the lessee fails, for a reasonable period of time, to drill additional wells on the leased premises.

The Commission recommends that the objection made be waived.

9. The lessor should also have the right, if it so elects, without cost or expense to take over any well lessee refuses, neglects, or fails to produce for fifteen days, or contemplates abandoning.

The Commission recommends that this objection be waived and that the provision of the lease remain as proposed.

10. Another matter of considerable importance is the question whether the Bishop Oil Company's bid is really the best bid.

It is the opinion of the Commission that the Bishop Oil Company made the best offer and, therefore, recommends that the bid be accepted.

The regular order of business is resumed.

Committee on Branch Libraries.

Chairman Lacoste reports that the Committee on Branch Libraries inspected the Library property on which the Fire Department desired to erect a temporary fire house, and recommends that the request be denied for the following reasons:

1. The erection of such a temporary structure would deface both the Library building and its surrounding grounds.

2. Other locations in the area appear more practical for the erection of such a structure.

3. Residents in the district might subject both the Library Commission and the Fire Commission to considerable criticism if such a structure should be built on this property.

Committee on Building, Fixtures, Furniture, etc.

Chairman Kemper reports bills for January and February amounting to $63,225.52. Referred to the Finance Committee.

Chairman Kemper recommends that the following work be performed:

That the metal work on the roof of the Main Library be painted.

That the sash and trim on the inner court of the Main Library be painted.

That the brick work from the first coping to the street level at the Park Branch be cleaned.

That the terra cotta at the Golden Gate Valley Branch be painted.

Committee on Finance and Audit.

Chairman Ryan reports bills for January and February as follows:

	$75260.00

Mr. Ryan recommends that the following resolutions be adopted:

That $1,500 be transferred from Permanent Salaries (214.110.00) to Temporary Salaries (214.120.00) to provide funds for the remainder of fiscal year.

That $1,000 be transferred from Permanent Salaries (214.110.00) to Materials and Supplies (214.300.00) to cover expenditures for the remainder of fiscal year.

That $970 be transferred from Permanent Salaries (214.110.00) to Pensions (214.860.00) to set up funds for matching employees' contributions for remainder of fiscal year.

That $21.28 be transferred from Contractual Services (214.200.00) to Scavenger Service (233.237.14) to set up funds for remainder of fiscal year.

That the Controller be requested to allot $1,500 for the purchase of equipment for the Main Library and Branches.

MAR-2'43

That an interdepartmental work order be made out in the amount of $2850.00 for miscellaneous repairs to the Main Library and branches for the period from April 1, 1943 to June 30, 1943.

That an interdepartmental work order be made out in the amount of $150.00 for repairs to automotive equipment for the period from April 1, 1943 to June 30, 1943.
Approved.

Committee on Rules, Administration & Welfare of Employees

President Cullinan reports that the Civil Service Commission has recommended a proposed salary standardization survey to the Board of Supervisors for adoption. Mr. Cullinan explains that the salary ranges recommended for the Library Department have resulted in many inequalities of salary in relation to the responsibilities and duties performed. He also reads a letter of protest which, at the telephoned approval of members of the Commission, had been sent to the Civil Service Commission. It is recommended that a similar letter of protest be sent to the Board of Supervisors, and that the Committee on Law and Municipal Relations appear before the Board of Supervisors for the purpose of protesting the adoption of such salary ranges for the Public Library Department.

Mr. Cullinan recommends that the following resolution be adopted:

That the City Librarian and Secretary of the Library Commission are hereby authorized to issue, on behalf of the Library Department, such requisitions for non-Civil Service and temporary appointments as may be necessary for the efficient operation of the department, and to remove such non-Civil Service and temporary appointees, provided, however, that requisitions of appointment and the removal of appointees shall be reported and approved at the next regular meeting of the Library Commission.

There being no further business the meeting adjourned.

Secretary

San Francisco, May 18, 1943

The regular bi-monthly meeting of the Commissioners of the San Francisco Public Library held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4 P.M., Vice-President Cuneo presiding.

On Roll Call the following are noted present: Commissioners Cuneo, Keenan, Lacoste, Murphy, O'Day and Ryan. Absent: Commissioners Cullinan, Dippel, Harrison, Kemper and Schmulowitz.

The minutes of the previous meeting are read and approved.

The report of the Secretary is read and ordered filed.

The report of the Librarian is read and ordered filed.

Committee on Books, Printing, Binding, etc.

Chairman O'Day reports bills for the months of March and April in the amount of $14,185.59. Referred to the Finance Committee.

Committee on Building, Fixtures, Furniture, etc.

Commissioner Murphy reports bills for March and April in the amount of $71,792.03. Referred to the Finance Committee.

Commissioner Murphy recommends that the following work be performed.

That the floors of the Reading and Reference Rooms be re-lacquered.

That the exterior sash, fences, cornice and metal work on the roof of the Park Branch be painted.

That the stone and brick at the Park Branch be cleaned.

That a second-hand truck be purchased at the cost of $500.

That the front stone and brick be cleaned and the exterior sash, trim and metal work be painted at North Beach Branch Library.

The City Librarian reports that the application which the Commission has filed with His Honor, the Mayor, for the building of ten branch libraries by the Public Works Reserve has been turned over to the City Planning Commission for inclusion in the Master Plan for San Francisco.

It is also recommended that an application be filed with the City Planning Commission for the construction of an addition to the Main Library Building by the Public Works Reserve as a post-war project.

That the Controller be requested to allot $1,140 in the rent appropriation to provide funds for the rental of Branch Libraries for the period July 1, 1943 to September 30, 1943.

That the Controller be requested to transfer $2750 from the wages appropriation to the temporary salaries account to set up funds for temporary employments for the fiscal year.

And also, that the following resolution approved by telephone by members of the Library Commission be formally adopted:

Resolved...

That inasmuch as cash in the Furhman and Phelan Bequests now on deposit with the City Treasurer and allocated to the Library Commission cannot be wisely spent at the present time for the acquisition of books on economic and political subjects, as provided in the bequest, that the cash so allocated to the Library Commission be invested in United States Treasury Bonds of 1950-52.

And also, that the resolution approved by telephone by members of the Library Commission, approving the lease of oil lands in the Furhman estate be formally adopted.

Resolved...

WHEARAS, pursuant to Ordinance No. 1782, Series of 1939, the Director of Property, on behalf of the City and County of San Francisco, a municipal corporation, as lessor, advertised in the San Francisco News, the official newspaper, and in the Bakersfield Californian, that sealed bids would be received by him at 10:00 A.M. Wednesday, December 23, 1942, to lease certain City owned oil producing land in Kern River Field, Kern County, California, particularly described as follows:

The top 1500 feet of Section 21 and the top 1500 feet of the Northeast 1/4 of Section 28, T. 28 S., R. 28 E., M. D. B. & M., containing 800 acres, more or less.

Together with the Lessor's existing improvements thereon, including the present oil and water wells.

WHEREAS, seven sealed bids were received, each with a required check in the sum of $500, payable to the City and County of San Francisco, which bids were opened by the Director of Property; and

WHEREAS, Bishop Oil Company, a corporation, offered to lease said property for a period of twenty years, subject to certain terms and conditions, and to pay the City and County of San Francisco a royalty of 26.26% of the crude oil, gas, casinghead gasoline and dry gas produced from said land; provided, however, that the crude oil royalty shall not be less than $150 per month or its equivalent; and

WHEREAS, the Bishop Oil Company was the highest responsible bidder, and all other bids were rejected by the Director of Property; and

WHEREAS, the Director of Property, the Park Commission, and the Library Commission have recommended that said property be leased to the Bishop Oil Company, as aforesaid,

NOW, THEREFORE, BE IT RESOLVED, That said offer of Bishop Oil Company be and is hereby accepted.

BE IT FURTHER RESOLVED, That the Mayor and the Clerk of the Board of Supervisors be and are hereby authorized and directed to execute the necessary lease on behalf of the City and County of San Francisco, a municipal corporation, as Lessor. The City Attorney shall approve the form of said lease.

Secretary

San Francisco, September 14, 1943

The postponed bi-monthly meeting of the Commissioners of the San Francisco Public Library and Reading Rooms held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4:05 P.M., President Cullinan presiding.

On Roll Call the following are noted present: Commissioners Cullinan, Keenan, Kemper, Lacoste, Ryan and Schmulowitz. Absent: Commissioners Cuneo, Dippel, Harrison, Murphy and O'Day.

The minutes of the previous meeting are read and approved.

The report of the Secretary is read and ordered filed.

The report of the City Librarian is read and ordered filed.

Reports of Standing Committees.

Committee on Books, Printing, Binding, etc.

Commissioner Lacoste for the Committee, reports bills for May and June amounting to $10,045.95, and bills for July and August in the amount of $3,952.32. Referred to the Finance Committee.

Committee on Building, Fixtures, Furniture, etc.

Chairman Kemper reports bills for May and June amounting to $68,585.50 and bills for July and August in the amount of $75,155.08. Referred to the Finance Committee.

Commissioner Kemper recommends that the following work be performed.

That the sash and trim at the Richmond Branch be reputted and painted.

Resolution No. 2

Resolved that an interdepartmental Work Order in the amount of $150.00 be made out to cover cost of repairs to automotive equipment for the quarter, October 1, 1943 to December 31, 1943.

Committee on Branch Libraries

Chairman Lacoste reads a letter from Miss Anna Linsley, president of the Fairmont Improvement Association, requesting a branch library for the Fairmont district. The Secretary is instructed to inform Miss Linsley that the Library Department budget for this fiscal year provided no funds for branch extensions.

Chairman Lacoste also reports that the San Francisco Housing Authority has requested the establishing of several branch libraries in the Hunters' Point Housing Projects. Miss Lacoste reports further, that the Branch Committee had carefully considered their request and were of the opinion that the Commission could establish only one centrally located branch to serve all the Housing Units, provided that the Recreation Commission would take charge of the distribution of the books. The considerations of the Branch Committee were forwarded to the Housing Authority for comment in a letter written by President Cullinan. Further correspondence from the Housing Authority agreed to the establishment of one branch library.

Commissioner Schmulowitz moves that the report of the Branch Committee be adopted and that to carry out the request of the Housing Authority, 5000 volumes be supplied the Hunters' Point projects, under the custody and supervision of the Recreation Commission. Approved.

Committee on Law and Municipal Relations

Committee on Rules, Administration and Welfare of Employees

President Cullinan refers to the report of the Committee which Chairman O'Day had intended to submit covering the problems of Classification and Standardization of Salaries, and suggests that a copy of the report be mailed to each Commissioner. So Ordered.

Commissioner Schmulowitz recommends that a copy of all the reports, together with a copy of the opinions of the City Attorney on the powers and duties of the Commission as trustees of the Fuhrman estate, be forwarded to each Commissioner. Mr. Schmulowitz recommends, also, that a copy of the reports be forwarded to Mayor Roger D. Lapham. Recommendations adopted.

Old Business

The City Librarian reports that Mr. James Dean, Director of Finance, called upon him in connection with the Sutro Library situation and is agreeable to a meeting with library officials, Miss Mabel R. Gilles, State Librarian and Carlo Morbio, Sutro

heir, for the purpose of arriving at a satisfactory solution of the problem.

President Cullinan reports that the Library Commission on November 23, 1937, approved a Works Progress Administration project for the painting of additional Piazzoni Murals to be placed on the walls of the corridors on the second floor of the Main Library. To date, Mr. Gottardo Piazzoni, the artist, has completed approximately one-half of the work on each of the six panels. However, since the Works Progress Administration was abolished, Mr. Piazzoni has done little, if any, work on the panels. Mr. Piazzoni has informed the City Librarian that in order to complete the work requiring about six months, he must receive some remuneration. Informally he has suggested $200.00 for each panel as remuneration for the completion of the project.

Commissioner Kemper moves that the matter be referred to a special committee for investigation. The motion is carried and the Chair appoints Commissioners Kemper, McLaughlin and Mohr.

New Business

A communication is read from the Director of Property, Mr. Joseph Phillips recommending that the Commission approve an ordinance authorizing the sale at public auction of certain owned land located on the South side of Eddy Street west of Van Ness Avenue, size 29.75 feet by 120 feet.

Beginning at a point on the southerly line of Eddy Street, distant thereon 125 feet westerly from the westerly line of Van Ness Avenue; and running thence westerly along the southerly line of Eddy Street 29 feet and 9 inches; thence at a right angle southerly 120 feet to the northerly line of Larch Street; thence at a right angle easterly along said line of Larch Street 29 feet and 9 inches; and thence at a right angle northerly 120 feet to the point of beginning. Being part of Western Addition Block No. 79.

Section 2. The above described land shall be offered for sale persuant to the provisions of Section 92 of the Charter of the City and County of San Francisco.

President Cullinan explains that because of the November election and because the terms of several Commissioners expired on January 15, 1944, no election of officers had been held for the year 1944. He therefore suggests that a President, First Vice-President and Second Vice-President be elected.

Nomination for President being declared in order, Commissioner Schmulowitz is nominated and duly elected with Commissioner Schmulowitz casting a negative vote.

Nominations for First Vice-President being declared in order, Commissioner Kemper is nominated and duly elected.

Nominations for Second Vice-President being declared in order, Commissioner Lacoste is nominated and duly elected.

Commissioner Mohr moves that as Mayor Lapham has suggested that the Library Commission meetings be held more frequently, Section I of the By-Laws be amended as follows:

Section 1. The Library Commission shall hold a regular meeting on the first Tuesday of each month. If the first Tuesday of any month is a legal holiday, the regular meeting of the Commissioners shall be held on the succeeding day. Special meetings may be held at the call of the President and he shall call a special meeting whenever requested by three commissioners. The Secretary shall give notice to each Commissioner of any special meeting and of its object by depositing the same in the postoffice at least two days prior to the time at which the meeting is called.

Commissioner Kemper recommends that the Library Commission contact the proper officials of the Metropolitan Life Insurance Company with the view of obtaining a site for a branch library in the Metropolitan Housing Project. The matter is referred to the Committee on Branch Libraries with power to act.

Commissioner Kemper recommends also, that the regular monthly financial reports be mailed to the Commissioners prior to the meeting, so that members may carefully study the financial statements. Recommendation adopted.

Commissioner Schmulowitz recommends that at future meetings the City Librarian and Secretary take chairs at the Commissioner's table. Carried.

Commissioner Mohr proposes that mobile library units under the voluntary services of the American Women's Voluntary Services be established at the Hunter's Point Housing Project. Commissioner Schmulowitz recommends that this being an administrative problem, it be taken up with the City Librarian. So ordered.

Communications.

President Cullinan reads a communication from Honorable Roger D. Lapham, Mayor, requesting the members of the Commission to attend a dinner meeting of the Peninsula Division, League of California cities, on Tuesday March 16, at 7 PM, in the California Room of the Palace Hotel. Placed on file.

The following communications referred to the Commission by Mayor Roger D. Lapham are read:

1. From Mrs. Louis J. O'Brien, Recording Secretary, American Fuchsia Society, 643-40th Avenue, requesting that the Assembly Room in the Main Library be kept open until 10 PM.

2. From Mrs. William McLaughlin, 526-35th Avenue, requesting that the ordinance prohibiting the distribution of discarded books to local agencies be rescinded.

3. From Harry F. Sullivan, Chairman Civic Affairs Committee, North Beach Boosters Association, 355 Columbus Avenue, requesting the installation of a branch library in the North Beach District.

4. From Mrs. Anne L. Dorr, 1671 Lombard Street, requesting that branch libraries be opened on Sundays.

The communications are referred to the City Librarian for study with instructions to report at the next meeting of the Board.

There being no further business, the meeting adjourned.

The regular monthly meeting of the Commissioners of the San Francisco Public Library and Reading Rooms held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4 PM., President Schmulowitz presiding.

On Roll Call the following are noted present: Commissioners Cullinan, Graves, Keenan, Kemper, Lacoste, Mohr, O'Day and Schmulowitz. Absent: Commissioners Harrison, McLaughlin and Ryan.

The minutes of the previous meeting are approved.

The report of the Secretary is read and ordered filed.

The report of the City Librarian is read and ordered filed.

Reports of Standing Committees

Committee on Books, Printing, Binding, etc.

Chairman O'Day reports bills for March amounting to $6,231.66. Referred to the Finance Committee.

Committee on Branch Libraries

Chairman Lacoste reports receipt of a letter from Henry F. Sullivan, Chairman Civic Affairs Committee, North Beach Boosters Association, requesting the installation of a branch library in the North Beach District. The Secretary is instructed to inform Mr. Sullivan that although the Library Commission realizes the need of a library in the North Beach District, no funds have been included in the budget for the next fiscal year, owing to the war emergency; and also that the Commission has included the North Beach District in its post-war building program which has been filed with the City Planning Commission.

Miss Lacoste reads a communication from Mr. T. A. Brooks, Chief Administrator Officer, requesting the establishment of a branch library in the City Hall. On recommendation of Commissioner Kemper, the matter is referred to the Committee on Branches for the purpose of meeting with Mr. Brooks to discuss his proposal.

A communication is read from Edmund S. Sullivan, Chairman of the Library Committee, Parkside District Improvement Club, requesting the building of a large branch in that district, open to the public from 9 AM to 9 PM. The matter is referred to the Committee on Branch Libraries for further investigation and report.

Committee on Building, Fixtures, Furniture, etc.

Chairman Kemper reports bills for March amounting to $2,209.77. Referred to the Finance Committee.

Commissioner Cullinan recommends the concurrence of the Commission in the following resolution of the Park Commission.

RESOLUTION NO. 939

OF THE BOARD OF PARK COMMISSIONERS

OF THE CITY AND COUNTY OF SAN FRANCISCO

Resolved unanimously by the Board of Park Commissioners that for the best interest and proper conduct of the Park Department the Controller be and is hereby requested to allocate and approve the expenditure of $6500.00 from the Fuhrman Bequest for the Rehabilitation of the crest of Strawberry Hill, in accordance with the provisions of the Fuhrman Bequest, namely, for the further beautification of Golden Gate Park.

Adopted by the Board of Park Commissioners at a Regular meeting held March 15, 1944.

(Signed) Thomas P. Langdon

Secretary.

Approved.

President Schmulowitz reports the receipt of a letter dated March 13, 1944 from Mr. F. G. Kilmartin, offering to purchase 600 shares of common stock of Shasta Water Co., at $10.00 per share. He further states that although there was a ten day limit to the offer, no action was taken as the Park Commission, joint trustees of the Fuhrman Estate, had referred this matter to a committee for report at its next meeting.

President Schmulowitz informs the Commission that Commissioner Harrison who was unable to attend the meeting had conferred with him regarding the Fuhrman Estate and is concerned with the obligations and liabilities of the Commissioners with respect to the administration of the Bequest. As the Bequest includes numerous stocks, he recommends that the Commission give serious consideration to this matter. President Schmulowitz recommends that a joint meeting of the Finance Committees of the Library and Park Commissions be held to discuss the Fuhrman Bequest with a view of arriving at an agreement for the dividing of the assets of the estate. Approved.

Committee on Law and Municipal Relations.

Reports of Special Committees

Chairman Kemper, Chairman of the Special Committee on Piazzoni Murals, submits the following report:

To the Honorable Board of Library Commissioners

Your special committee delegated to report on the Piazzoni Murals was charged with two duties:

(1) To check the Library Commission records to determine what commitments, if any, have been made by the Commission, and

(2) To visit the studio and view the murals to determine the extent of their completion and other details as to cost and the length of time required for their completion.

After reviewing the records of the Commission, it is definite that the only commitments made were to furnish the sum of $300.00, of which $132.56 has so far been used and to accept the murals when completed and installed provided the design was approved by the Art Commission. The approval was given at their meeting of December 14, 1937 and this Commission advised. Your committee visited the studio of Piazzoni and viewed the drawings as well as the partly completed panels. According to Piazzoni they are about half completed and it will require from six months up, to finish them. He estimates the cost of completion at about $1200.00.

It is therefore the unanimous opinion of your committee and we recommend, that:

(1) Library funds should not be used to complete and install the murals beyond the commitment of $300.00 already made, and

(2) That if private funds are solicited that a separate irrevocable trust be established and administered by the donors and not by the Library and the responsibility for completion and installation shall rest entirely with the donors.

The chandeliers as now placed will interfere with the vista when the murals are installed and if the cost of such alterations as may be necessary are not beyond reason, this committee feels that the expense might properly be borne by the Library. The Secretary was asked to secure an estimate of costs for such alterations.

Respectfully submitted,

(Signed) George W. Kemper, Chairman
Concurred in by Commissioners
McLaughlin and Mohr.

On recommendation of Commissioner Cullinan, the report is approved and placed on file.

President Schmulowitz, reports on the meeting held with Mr. James Dean, Director of Finance, Miss Mabel R. Gillis, State Librarian, and Mr. Carlo Morbio, Sutro Heir, in connection with the removal of the Sutro Collection.

As a result of this meeting the following course of action was agreed upon:

(1) That Mr. Dean and Miss Gillis confer with the State Board of Education and obtain a commitment whether or not it would favor or agree to the transfer of the collection to the San Francisco Public Library.

(2) That should the Board of Education be opposed to the transfer of the collection to this library, the State must immediately undertake to move the collection, at its own expense from the entire 7th stack. Pending the locating of suitable quarters, the Library Commission will permit the State to store the collection in that part of the basement area now designated as an air raid shelter.

Commissioner Cullinan moves that the report be approved and placed on file. So ordered.

Old Business

The City Librarian reports on the communications referred to him by the Commission at its last meeting.

(a) Letter from Mrs. J. O'Brien, Recording Secretary, American Fuchsia Society, requesting that the Assembly Hall in the Main Library be kept open until 10 PM. Mr. Rea reports that this is the only complaint received against the earlier closing hours in effect since Pearl Harbor and recommends that the request be denied.

Recommendation approved.

(b) From Mrs. William McLaughlin, requesting that the Ordinance prohibiting the distribution of books to local agencies be rescinded. The Librarian states that no ordinance exists which prohibits such distribution of discarded books and that for many years the books have been distributed to hospitals, jails, prisons and the summer camps of the Recreation Department. At the present time the books are given to the Army and Navy for shipment overseas. The Secretary is instructed to inform Mrs. McLaughlin of these facts.

(c) From Mrs. Anne L. Dorr, requesting that Branch Libraries be opened on Sundays. The Librarian reports that he has conducted a survey of other large cities and finds that in nearly all cities, both the main library and branch libraries, are closed on Sundays. In San Francisco, the Main Library and several of our branch libraries are open to the public. The Secretary is instructed to advise Mrs. Dorr, the branches and their locations which are open on Sundays.

New Business

The memo of miscellaneous suggestions of President Schmulowitz concerning future library activities is brought up. Commissioner Cullinan recommends that a special meeting of the Commission be held, solely for the purpose of considering the suggestions. President Schmulowitz, with the approval of all present, set Monday, April 17, 1944 at 4 PM., as the day of the special meeting.

Commissioner Mohr recommends that the City Librarian compile the necessary data outlined in the first two suggestions prior to the meeting. It is so ordered.

There being no further business, the meeting adjourned.

Secretary

San Francisco, April 17, 1944

A special meeting of the Board of Library Commissioners, having been called for this day, in the Commissioners' Room, Main Library, Civic Center, for the purpose of considering the memorandum of suggestions by President Schmulowitz on future library activities,

The meeting is called to order at 4:10 PM., President Schmulowitz presiding.

On Roll Call, the following are noted present: Commissioners Cullinan, Graves, Keenan, Kemper, Lacoste, McLaughlin, Mohr, O'Day, Ryan, Schmulowitz. Absent: Commissioner Harrison.

On recommendation of Commissioner Keenan, the minutes of the previous meeting are approved.

President Schmulowitz prefaces the consideration of his suggestions by the Commission with a few remarks, briefly summarized as follows:

1. That from time to time all business organizations, whether private or governmental, take an inventory -- a check-up of their accomplishments with the thought to either continue to do things as in the past, or vary from former procedures. That the suggestions he had submitted, if nothing else, would serve as an incentive for such a review by the Commission.

2. That in reading over the by-laws, it appeared to him that the Commission was not performing its self-prescribed functions, particularly with reference to Section 7, dealing with the selection of books and Section 8, dealing with the personnel problems of the Library.

3. That a suggestion not included in the memorandum which the Commission might consider, would be to authorize the City Librarian to have department heads appear before the Commission at each meeting and present fifteen-minute talks on the functions of their respective departments and how these functions integrate with the functions of other departments in the system.

4. After the suggestions have been reviewed and discussed by the Commission, he would recommend that a committee be appointed to further study and analyze the suggestions, to be guided by the opinion of the other members as expressed during the present discussion. That this committee could meet more frequently and conduct a preliminary survey and submit definite recommendations for formal action by the Commission.

Commissioner Kemper reads a report which he had prepared, analyzing the suggestions of President Schmulowitz. The report emphasizes the fact that the suggestions cannot be carried out unless additional funds are provided, and stresses, as the first obligation of the Commission, the extension of our branch library system.

President Schmulowitz congratulates Commissioner Kemper on the report and recommends that the report be transcribed and a copy forwarded to each Commissioner.

Commissioner Cullinan recommends that the suggestions be taken up seriatim, discussed and disposed of in an orderly manner.

It is so ordered.

Suggestion I

"Authorize and request the City Librarian to make a survey of the miscellaneous activities engaged in by metropolitan libraries in fifteen of the largest cities of the United States, and compare these activities with the activities of the San Francisco Public Library. Thereafter, appoint a committee of Commissioners to study the survey with the Librarian and determine to what extent we would extend the activities of the San Francisco Public Library."

The City Librarian reports that in accord with the recommendation of Commissioner Mohr at the last meeting of the Commissioners, questionnaires were sent to sixteen comparable libraries throughout the country, and that replies had been received to date from all of them with the exception of the Cleveland Public Library.

Commissioner Cullinan recommends that a committee of three be appointed by the Chair to analyze the questionnaires and any other matters which may subsequently be referred to it, and to report its findings together with any recommendations it may desire to make to the Commission for consideration as soon as possible.

Recommendation adopted.

Suggestion II

"Assemble the book bulletins issued by the city libraries of a substantial number of the largest cities in the United States, to the end of emulating the bulletins of other libraries and improving the book bulletins of the San Francisco Library, particularly during the post-war period."

The City Librarian reports that twenty-two libraries have been contacted and that the libraries of Baltimore, Seattle, Brooklyn, Chicago, Providence, Berkeley, Jersey City, Washington, D. C., Toledo, New York, and Boston have forwarded a copy of their bulletin; that the libraries of Buffalo, Los Angeles, Rochester, St. Louis and Newark have reported they are not publishing a bulletin; that the libraries of Milwaukee, Indianapolis, Oakland, Philadelphia and Pittsburg were not heard from, and are presumably not publishing bulletins.

After examining the bulletins from other libraries, comments by Commissioners seemed to indicate that the bulletin of the San Francisco Library was equal, and in most cases superior to those submitted, with the exception of the New York and Boston Public Libraries. Discussion further disclosed that it appeared both the New York Public Library and the Boston Library have experienced editors handling their bulletins.

Commissioner O'Day remarks that to emulate the bulletins of these libraries would require the service of an editor and would entail considerable expense to the Library. The editing of such bulletins is not, in his opinion, an essential library function, especially owing to the great number of learned periodicals now being published.

President Schmulowitz states that it was not his intention to have the Library publish a bulletin as extensive as either the New York or Boston Libraries, but that he thought each bulletin might include a monograph of approximately one-thousand words on some rare item in our collection or on any subject which might be of interest to the general public.

Commissioners Mohr and McLaughlin also concur in this idea of Commissioner Schmulowitz, stating that the inclusion of such subject matter would be of educational value to the public.

Commissioner Keenan remarks that his patients take a keen interest in the bulletin which he places each month in his office. Commissioner Kemper suggests that bulletins might be mailed to all doctor's offices in the city.

Commissioner Cullinan agrees that such articles might be included in the bulletin, and recommends that the suggestion be referred to the Committee to be appointed by the Chair for further consideration.

Approved.

Suggestion III

"Our post-war planning should include cultural activities in addition to physical plans which involve the construction of a new wing to the Main Branch, and additional branch libraries.

These plans should involve the sharing by the Board of Commissioners of the burdens of the Librarian and his staff. The Board of Commissioners should undertake to make the Library an active and not merely a passive agent for the post-war democratic process.

(a) Since increases in unemployment have shown an increase in the use of library facilities, an appropriate committee of the Commission should

1. Function actively in connection with the selection of books and maintain a close contact with the Librarian to determine and satisfy trends in reading.

Commissioner O'Day asks if he may interrupt the reading of Suggestion III at this point as he must leave, and as Chairman of the Committee on Books, he desires to comment on that part of the suggestion dealing with the selection of books. Mr. O'Day states that in his opinion the selection of books is solely the responsibility of the City Librarian who is experienced in the field of book selection, and is familiar with the reading trends of the public; knows the book publishers well, and has the time to study and analyze book reviewing publications; that a committee on Books is maintained by the Commission to act on matters of policy presented to it by the Librarian or to decide on any controversy, should it arise, on the acquisition of a certain book or books.

President Schmulowitz replies that the only report he has heard rendered has been the financial statement covering the expenditure for books, and that reports have never been made either by the Committee or by the City Librarian on the trends in reading, the proportion of books purchased by subject, or concerning the acquisition of rare or unusual items.

President Schmulowitz reads an annotation he had made on the duties of the Commission:

"Under Section 43 of the 1935 edition of the Charter, the Library Commission is specifically authorized to exercise the same powers and duties which the Board of Library Trustees exercised under the former Charter, except as otherwise limited in the 1935 edition of the Charter. Under these Charter provisions, the Commission appoints the Librarian and Secretary and the Librarian is designated as the Chief Executive Officer of the Department. However, under the former Charter, the Commission as a whole was charged with the power and duty 'to purchase books, journals, publications, and other personal property' and there is, of course, implicit under the new Charter the broad powers of 'management' with which the Library Commission is vested with respect to the Library Department".

"Mr. Schmulowitz read excerpts from the bulletin issued by the American Library Association entitled "Post-war Standards for Public Libraries", outlining the position of the American Library Association with respect to the objective of a public library, the functions of the Library Board, the functions of the chief librarian and the staff, and their respective fields of activity".

Commissioner Cullinan recommends, that as the hour is getting late, this suggestion, as well as the other suggestions in the memorandum not yet discussed, be considered at the next meeting of the Commission.

Approved.

Commissioner Mohr states that she has several suggestions that she desires to make and will submit them in writing for consideration at the next meeting.

President Schmulowitz appoints Mr. Graves, Mrs. Mohr with Mr. Kemper as Chairman, as the Committee to further study Suggestions I and II; to analyze the data gathered by the City Librarian in connection with these suggestions, and to consider the report made by Commissioner Kemper and requests that the Committee submit a report with recommendations for action by the Commission as soon as possible.

President Schmulowitz recommends that the City Librarian be authorized to purchase for each Commissioner a copy of the "Bulletin of the American Library Association" and also a copy of the publication "Post-war Standards in Public Libraries".

There being no further business, the meeting adjourned.

Secretary

APR 17'44

San Francisco, May 2, 1944

The regular monthly meeting of the Commissioners of the San Francisco Public Library and Reading Rooms held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4:03 pm., President Schmulowitz presiding.

On Roll Call the following are noted present: Commissioners Cullinan, Graves, Kemper, Lacoste, McLaughlin, Mohr, O'Day, Ryan and Schmulowitz. Absent: Commissioners Harrison and Keenan.

The minutes of the previous meeting are approved.

The report of the Secretary is approved.

The report of the City Librarian is read and ordered filed.

President Schmulowitz recommends that the City Librarian prepare for the information of the Commission, an organization chart of the San Francisco Public Library system. Recommendation adopted.

Reports of Standing Committees

Committee on Branch Libraries

Chairman Lacoste reports that to date the committee has been unsuccessful in arranging a meeting with Chief Administrative Officer T. A. Brooks, to discuss his proposal that a branch library be established in the City Hall. Miss Lacoste announces that a meeting of the Branch Committee will be called in the near future to consider matters referred to it by the Commission.

Committee on Building, Fixtures, Furniture, etc.

Chairman Kemper reports bills for the month of April amounting to $3,005.60. Referred to the Finance Committee.

Committee on Finance and Audit

Chairman Ryan reports bills for the month of April as follows:

Equipment	-0-
Pensions	950.00
Rent	380.00
Services Other Departments	3000.00
	$41523.20

Approved.

Estimated expenditures for the month of May as follows, are approved:

Salaries	$27000.00
Contractual Services	700.00
Binding	1000.00
Gas & Electricity	1000.00
Materials & Supplies	500.00
Books, Cards, Bindery Materials	5000.00
Equipment	1400.00
Pensions	1000.00
Rent	380.00
Services Other Departments	99.79
	$38079.79

Chairman Ryan recommends that the following resolution be adopted:

Resolution No. 27

Resolved that balances accruing from encumbered Interdepartmental work orders against appropriation 314.900.00, Services of Other Departments, be set up in an Interdepartmental Work Order to cover repairs to the Main Library and branches for the quarter ending June 30, 1944.

Chairman Ryan reports that in accord with the recommendation of the Commission at its meeting held April 4, 1944, a joint meeting of the Finance Committees of the Park and Library Commissions to discuss the matters pertaining to the Fuhrman Estate with particular reference to the stocks and bonds held in the portfolio of securities, was held on May 1, 1944 in the office of Commissioner Cullinan. Chairman Ryan requests Commissioner Cullinan to submit the report of this meeting.

Commissioner Cullinan states that Commissioner Byron Mobbs of the Park Commission submitted a complete and detailed analysis of all stocks held in the portfolio of securities of the Fuhrman Bequest, prepared by the Investment Department of the Anglo-California Bank. That this report recommended that certain stocks in the bequest should be sold while others might be retained. That after careful analysis of the report, it was the unanimous opinion of the members of both Commissions that all stocks should be sold and if not used immediately for the purposes specified in the bequest, should be invested in United States Treasury Bonds. Commissioner Cullinan recommends, the adoption of the following resolution authorizing departments of the city government to take such action as may be necessary or proper to be taken by them to dispose of the stocks in the Alfred Fuhrman Bequest.

Resolution No. 28

RESOLUTION BY THE LIBRARY COMMISSION OF THE

CITY AND COUNTY OF SAN FRANCISCO

WHEREAS, there was distributed to the City and County of San Francisco, as residuary legatee, in and for the decree of final distribution given and made by the Superior Court of the State of California, in and for the City and County of San Francisco, on December 15, 1941, in the matter of the estate of Alfred Fuhrman, deceased, (numbered 85,853 in the files of said court), certain shares of the preferred and certain shares of the common stock of divers corporations mentioned in said decree as part of the rest and residue of said estate: and

WHEREAS, said shares of preferred and common corporate stock were so distributed to the City and County of San Francisco to be used and expended in the following proportions and for the following purposes, to wit:

> One-half of said rest and residue to the San Francisco Public Library for the acquisition of additional books on economic and political subjects, and the remaining one-half of said rest and residue for the further adornment of Golden Gate Park, as may be determined by the Park Commissioners of said City and County.

and

WHEREAS, said shares are now held as aforesaid in an account designated as the Alfred Fuhrman Trust and as a whole have enhanced in market value since they were so distributed.

NOW, THEREFORE, IT IS HEREBY

RESOLVED, by the Library Commission of the City and County of San Francisco that all said shares of preferred and all said shares of common capital stock be sold as soon as possible at their respective market values at the time of such sale or sales, and in such lots or quantities as may seem best at the time; and further

RESOLVED, that the Board of Supervisors and the Controller are requested respectively to take such action as may be necessary or proper to be taken by them respectively in order to make such sale or sales in the, or any, manner provided or authorized by law; and further

RESOLVED, that the City Attorney be and he is hereby requested to inform the Library Commission, the Park Commission, the Board of Supervisors, and the Controller, of the proper legal method of making such sale or sales, and to draft such ordinances or resolutions as may be necessary or proper to accomplish that purpose and to supervise such sale or sales with respect to method and legality. Recommendation adopted.

Communications

President Schmulowitz reads a letter addressed to him, as president from the Executive Committee of the San Francisco Public Library Staff Association requesting a meeting with the Commission for the purpose of discussing matters of mutual interest.

President Schmulowitz recommends the Executive Committee be informed that inasmuch as the direct request to the Commission involves a procedure not in conformity with the approved practice as prescribed by the American Library Association, that the Staff Association should undertake to comply with the approved practice. President Schmulowitz recommends further that in order to avoid delay in considering the matters which the Staff Association desires to present, the Commission authorize the City Librarian to refer the request to the Committee on Rules, Administration and Welfare of Employees for consideration. Recommendation adopted.

President Schmulowitz reads another communication addressed to him as president from the Executive Committee of the San Francisco Public Library Staff Association calling the attention of the Commission to a meeting of the California Library Association to be held in Berkeley, May 13, 1944. The Secretary is instructed to acknowledge this communication and further to inform the committee that Commissioner Graves had already made arrangements to attend the meeting and has been delegated the official representative of the Commission.

A letter is read from the Board of Park Commissioners approving the recommendation of the Library Commission that a joint meeting of the Finance Committees of the two Commissions be held to discuss matters pertaining to the Fuhrman Bequest. Placed on file.

A letter is read from Joseph Phillips, Director of Property, recommending the concurrence of the Commission in a resolution confirming the sale of property on Larch Street to William Lange, Real Estate Agent. On recommendation of Commissioner Cullinan, the following resolution is adopted:

Resolution No. 29

Confirming sale of certain land in Assessor's Block 743.

WHEREAS, pursuant to Ordinance No. 2676, Bill No. 2810 (Series of 1939), the Director of Property advertised in the official newspaper that bids or offers would be received by him on April 28, 1944 to sell the following described City Owned real property situated in the City and County of San Francisco, State of California:

BEGINNING at a point on the southerly line of Eddy Street, distant thereon 125 feet westerly from the westerly line of Van Ness Avenue; and running thence westerly along the southerly line of Eddy Street 29 feet and 9 inches; thence at a right angle southerly 120 feet to the northerly line of Larch Street; thence at a right angle easterly along said line of 120 feet to the point of beginning.

BEING part of Western Addition Block No. 79.

WHEREAS, in response to said advertisement Wm. A. Lange, as agent for the hereinafter mentioned trustee, offered to purchase said land for the sum of $3,350.00 cash, no higher bids having been made or received; and

WHEREAS, said sum of $3,350.00 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $3,250.00;and

WHEREAS, said party has paid the City the sum of $335.00 as a deposit in connection with this transaction; and

WHEREAS, the Director of Property, the Park Commission, and the Library Commission have recommended the sale of said land;

NOW, THEREFORE, BE IT RESOLVED that said offer be and is hereby accepted.

BE IT FURTHER RESOLVED that the Mayor and the Clerk of the Board of Supervisors, on behalf of the City and County of San Francisco, a municipal corporation, be and they are hereby authorized and directed to execute a deed for the conveyance of said land to WALLACE SHEEHAN, successor trustee of the trusts created by the deed of trust executed by William T. Wallace to Isabel Sprague and Hyland D. Wallace, as trustees, dated October 10, 1906, and recorded in the office of the Recorder of the City and County of San Francisco, in Book 90 of Deeds, at Page 345.

The Director of Property shall deliver said deed to the grantee upon receipt of the balance of the purchase price, which shall be apid within 30 days after approval of this resolution.

Reports of Special Committees

Commissioner Kemper reports that the Special Committee appointed at the last meeting to study Suggestions I and II, submitted by President Schmulowitz, to analyze the data gathered by the City Librarian in connection with these suggestions and to consider the report made by himself, had held one meeting to date and that considerable study would be necessary before a report could be presented to the Commission for consideration. Commissioner Kemper stated that as all the suggestions are inter-related with each other, no definite progress could be made until all the suggestions were in the hands of the Committee.

President Schmulowitz recommends that the entire memorandum of suggestions be referred to the committee for analysis and report.

It is so ordered.

New Business

A memorandum of suggestions submitted by Commissioner Mohr is presented and on recommendation of President Schmulowitz it is referred to the Special Committee.

President Schmulowitz reads a memorandum he had prepared in relation to a portion of the report by Commissioner Kemper commenting upon the miscellaneous suggestions previously submitted by himself for the consideration of the Library Commission and suggests that a copy be sent each Commissioner and referred to the Special Committee for further consideration. It is so ordered.

There being no further business, the meeting adjourned.

Secretary

San Francisco, June 13, 1944

The postponed monthly meeting of the Commissioners of the San Francisco Public Library and Reading Rooms held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4 pm., President Schmulowitz presiding.

On Roll Call the following are noted present: Commissioners Cullinan, Graves, Keenan, Kemper, Lacoste, McLaughlin, Mohr, O'Day and Schmulowitz. Absent: Commissioners Harrison and Ryan.

The minutes of the previous meeting are approved.

The report of the Secretary is approved.

The report of the City Librarian is read and ordered filed.

President Schmulowitz recommends that a copy of this report, "Book Selection in the San Francisco Public Library" and also a copy of the report on the "Functions of the Catalog Department" submitted by the City Librarian at the last meeting, be forwarded to each Commissioner. Approved.

Reports of Standing Committees

Committee on Books, Printing, Binding, etc.

Chairman O'Day reports bills for the month of May amounting to $5,851.82. Referred to Finance Committee.

Committee on Branch Libraries

Chairman Lacoste reads a report of the meeting of the Branch Committee held to consider matters referred to it by the Commission and submits the following recommendation for action by the Commission on these matters.

I. Request of Mr. T. A. Brooks, Chief Administrative Officer for the establishment of a municipal reference library in the City Hall.

The Committee recommends that the Library Commission approve the expenditure of approximately $1,000.00 for the purchase of a small collection of books for ready reference to be placed in quarters designated by the Chief Administrative Officer.
Recommendation Adopted.

President Schmulowitz recommends further that if possible the funds for the purchase of this collection be obtained from the surpluses accruing in the current year's appropriation.
Recommendation Adopted.

II. Question of keeping additional Branch Libraries open on Sundays.

The Committee recommends that no additional branch libraries be opened at this time first, because of a lack of patronage and second, because of the inability to obtain the required personnel. Recommendation Adopted.

III. Question of keeping Parkside Branch open for longer hours.

The Committee recommends that no extension in hours at the Parkside Branch be instituted owing to the lack of patronage during the morning hours as experienced at other branch libraries.

Recommendation Adopted.

JUN 13'44

IV. Request of the American Women's Voluntary Services for a mobile library for Hunters' Point Housing Project.

It was the opinion of the Committee that the proposal of the American Women's Voluntary Services to mann a mobile library is impractical for the housing projects as the tenants congregate at the Recreational Halls where the library is now located. It is therefore the unanimous recommendation of the Committee that the offer of the American Women's Voluntary Services be rejected.

Recommendation Adopted.

Committee on Building, Fixtures, Furniture, etc.

Chairman Kemper reports bills for the month of May amounting to $4,177.93. Referred to the Finance Committee.

Chairman Kemper recommends the adoption of the following resolutions:

Resolution No. 30

Resolved that an Interdepartmental Work Order in the amount of $261.25 be made out to cover the cost of replacing terra cotta facing and pointing up settlement cracks between gates and building at the Golden Gate Valley Branch Library.

Resolution No. 31

Resolved that an interdepartmental Work Order be made out to cover the cost of painting various rooms in the Main Library as per estimate to be submitted by the Department of Public Works.

Resolutions approved.

Commissioner Kemper reports that during his recent trip east, he had conferred with Mr. George Gove, manager of the housing projects of the Metropolitan Life Insurance Company, relative to the possibility of obtaining a building site for a branch library in the Metropolitan Housing Project near 19th and Holloway Avenues. Mr. Kemper stated that Mr. Gove seemed favorably inclined toward the establishment of such a branch in the project and suggested that the Commission contact the company on the conclusion of the war, when the commercial district of the project will be developed.

President Schmulowitz recommends that a letter outlining the desirability of a branch library in the project and confirming the interest of the Library Commission in establishing a branch there which has already been expressed in person by Commissioner Kemper, be formally filed with the officials of the Metropolitan Life Insurance Company. Recommendation Adopted.

Resolved that the Controller be requested to transfer $20,000.00 from the Contractual Services appropriation 414.200.00 to the Binding appropriation 414.234.00 to set up funds for binding for the fiscal year.

Resolutions adopted.

Commissioner Cullinan reports that the budget for the Library Department for the fiscal year 1944-1945 as approved by the Mayor and Board of Supervisors amounted to $521,857., an increase of $35,162. over the budget for the current fiscal year.

Commissioner Cullinan reports also, that as a result of the resolutions of the Park and Library Commissions requesting the sale of securities in the Alfred Fuhrman bequests, the Board of Supervisors had adopted the following enabling legislation on June 12, 1944:

Bill No. 2905, Ordinance No. 2754 as follows:

Providing for the manner any securities acquired or received by any board, commission or officer and held in trust for the benefit or use of the City and County of San Francisco, or for the benefit or use of any of its departments, may be sold.

Resolution No. 38

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Stocks, bonds, or other securities received by any board, commission or officer, by donation, gift, devise, bequest or purchase and held by said board, commission or officer in trust for a special purpose for the benefit of the City and County of San Francisco, or for the benefit of any of its departments, may, on the recommendation of the officer, board or commission charged with the control or administration of such trust property or funds, be sold by the Treasurer of the City and County of San Francisco, as in this ordinance provided.

Section 2. When any board, commission or officer shall, in writing or by resolution of said board or commission, request the Treasurer of the City and County to sell any stocks, bonds or other securities received or held by said board, commission or officer in trust for a specific purpose for the benefit of theCity and County of San Francisco, the said board, commission or officer shall fix the price at which said stocks, bonds or other securities shall be sold and price fixed by said board, commission or officer.

Section 3. Upon receiving said notification from said board, commission or officer, it shall be the duty of the Treasurer to offer said stocks, bonds or other securities for sale either at public auction or at private sale. The said Treasurer shall within five days prior to the making of said sale publish a notice of said sale once in the official newspaper of the City and County. If said sale is to be at public auction, the said notice shall contain the time and place of said sale, and if at private sale, the time and place when bids or offers for said stocks, bonds or other securities will be received. If said sale is made at public auction, the said Treasurer shall sell said stocks, bonds or other securities to the highest and best bidder therefor, and if sold at private sale, said Treasurer shall accept the highest bid or offer received therefor, provided that no bid shall be accepted in an amount lower than the amount specified by the board, commission or officer requesting said sale.

Provided, however, that when stocks, bonds or securities are listed on an established stock or bond exchange, no notice of sale need be given and said sale may be made through any bank or broker, through any recognized stock exchange, provided that said stocks, bonds or securities are not sold below the price fixed by the board, commission or officer requesting such sale.

Section 4. Whenever any board, commission or officer shall request the Treasurer to sell any stocks, bonds or other securities held by or under the jurisdiction of said board, commission or officer, and said board, commission or officer shall fix a price below which said stocks, bonds or other securities shall not be sold, said stocks, bonds or other securities shall not be offered for sale, or sold until said price is approved by the Chief Administrative Officer and the Controller.

Section 5. All expense incurred in the matter of the sale of any stocks, bonds or other securities offered for ssle, or sold as hereinbefore provided, shall be paid from the proceeds of the sale of the same, or by the department requesting the sale of the same.

Section 6. The provisions of this ordinance shall not apply to any sale of stocks, bonds or other securities held or to be sold by or for the San Francisco City and County Employees Retirement System.

Approved as to form by the City Attorney.

Mr. Cullinan states that as a result of this legislation, it will be necessary to redraft the previous resolution in order to comply with the provision of this ordinance. On motion of Commissioner Cullinan, the matter is referred to the Finance Committee with power to act.

JUN 13'44

Commissioner Cullinan also refers to a resolution adopted by the Park Commission requesting that the Board of Supervisors amend Resolution 2331 to provide that proceeds of the Fuhrman Estate be divided equally between the Park and Library Commissions, each Commission to thereafter exclusively administer its share. Commissioner Cullinan recommends that the Commission adopt the following similar resolution:

Resolution No. 39

WHEREAS, the bequest under the will of Alfred Fuhrman, Deceased, provides in substance that one-half thereof is to go to The San Francisco Public Library for the acquisition of additional books on economic and political subjects and one-half for the further adornment of the Golden Gate Park as may be determined by the Park Commissioners; and

WHEREAS, this bequest was accepted by the City and County of San Francisco under Resolution Number 2331 of the Board of Supervisors, and both the Library Commission and Park Commission were designated to act for and on behalf of the City and County in connection therewith; and

WHEREAS, the opinion of the City Attorney, dated March 18, 1943, is to the effect that with respect to the management and investment of the trust funds and assets prior to the utilization by the Library and Park Commissions it was and is incumbent upon the two Commissions to act in unison either jointly or separately; and

WHEREAS, the two Commissions have each determined to sell all of the securities so held under the will of said deceased and have by separate resolutions requested that said sales be made; and

WHEREAS, it is deemed desirable by each of said Commissions that when the proceeds of such sales and any other sales of property held under said will are received the said proceeds be divided portionately between the two Commissions so that each Commission may exclusively administer and utilize its share of the bequest in the manner intended and directed by the decedent.

NOW, THEREFORE, BE IT RESOLVED that it is the desire and request of the Commission that said resolution Number 2331 of the Board of Supervisors be amended so as to provide that the proceeds of said sales or any other sales of property held under said will opor- as and when received be divided equally between the Library and on- Park Commissions, each to thereafter exclusively and separately ely administer and utilize its share thereof in the manner intended and directed by the will of Alfred Fuhrman, Deceased.

BE IT FURTHER RESOLVED that the Secretary of the Commission request the Board of Supervisors to so amend said Resolution Number 2331, and he is authorized to do and perform such acts and things as may be necessary or convenient to give effect to this resolution.

Recommendation adopted.

Committee on Rules, Administration and Welfare of Employees

Chairman Cullinan reports the receipt of a communication from the Executive Committee of the Staff Association addressed to the City Librarian requesting the consideration by the Commission of certain matters which the Staff Association considers of mutual interest.

On the recommendation of President Schmulowitz, the matter is referred to the Committee on Rules for investigation and report.

Old Business

Communications are read from Miss Mabel R. Gilles, State Librarian, and Mr. James Dean, Director of Finance with reference to the removal of the Sutro Collection to the basement area. As no definite commitment to date has been received from the state officials as to the reaction of the State Board of Education to the willingness of the library to take over the collection, President Schmulowitz recommends that a letter be sent Mr. Dean for clarification on this point, as agreed upon at previous conferences on the Sutro problem.

JUN 13'44

New Business

President Schmulowitz reports that the City Librarian, upon his request, had furnished him with statistical information showing the circulation by subjects from each branch library and the Main; that this information indicated a wide variance of reading trends according to districts, and that he was of the opinion that a careful analysis of these statistics might be of immeasurable value in an adult education program and might be used to advantage by the School Department.

Commissioner Schmulowitz recommends that the City Librarian prepare quarterly, a statistical report of this kind for distribution to the Commissioners for their information. Recommendation adopted.

Communications

A letter is read from Mr. Joseph Phillips, Director of Property, requesting the approval of a resolution extending the lease of Fuhrman Oil lands to the Seaboard Oil Company.

On recommendation of Commissioner Kemper, the following resolution is approved:

AUTHORIZING EXTENSION OF TIME TO SEABOARD OIL COMPANY OF DELAWARE TO DRILL A THIRD WELL AND MAKE GEOLOGICAL STUDIES ON CERTAIN LAND IN KERN COUNTY

WHEREAS, pursuant to Resolution No. 3295 (Series of 1939), adopted by this Board on April 5, 1943 and approved by the Mayor on April 7, 1943, the City and County of San Francisco, a municipal corporation, as lessor, entered into a written agreement with Seaboard Oil Company of Delaware, a corporation, as lessee, whereby the lessee was given an extension of time until April 6, 1944 to commence drilling a second well on the following described real property situated in Kern County, California, acquired from the Estate of Alfred Fuhrman, Deceased:

All of Section 21 and the northeast 1/4 of Section 28, T. 28 S., R. 28 E., M. D. B. & M., excepting therefrom the top 1500 feet.

WHEREAS, during the period of said extension the lessee drilled Well Fuhrman No. 2 on said land and abandoned same as a failure on February 14, 1944; and

WHEREAS, the lessee desires a further extension of time until May 15, 1945 for the purpose of carrying on additional geological studies in connection with the drilling of a third well; and

WHEREAS, the lessee has offered to pay the lessor the sum of $500.00 cash in consideration for said further extension of time; and

WHEREAS, the Director of Property, The Library Commission, and the Park Commission have recommended that said offer be accepted;

NOW, THEREFORE, BE IT RESOLVED that the Mayor and the Clerk of the Board of Supervisors, on behalf of the City and County of San Francisco, a municipal corporation, be and they are hereby authorized and directed to execute the necessary agreement with the lessee for extending said time limit until May 15, 1945, subject to the provisions of that certain lease dated November 5, 1941 and recorded in Book 1067 at page 53, Official Records of Kern County, except as modified by the agreement herein authorized. The Director of Property shall deliver said agreement to the lessee upon receipt of said sum of $500.00.

From Miss Lovell Longstrath, Executive Secretary of the San Francisco Conference of Christians and Jews, thanking the Library Department for its cooperation in the observance of Religious Book Week. Placed on file.

From Thomas P. Brown, Publicity Manager of the Western Pacific Railroad, expressing his appreciation for the excellent cooperation of the staff in research studies he had just concluded. Placed on file.

From Rose Isaak, Secretary, American Russian Institute, thanking the library for its cooperation in the celebration of Russian Book Week and particularly for the excellent exhibit and lectures sponsored by the library. Placed on file.

From Victor W. Kellick, Chief Bureau of Statistics, requesting information regarding a missing person, George Edmonston Wright, who had willed money to the library. Placed on file.

From Lt. J. S. Durlocher, Prisoner of War in Germany, thanking the library for books he had received and requesting more reading matter. It is suggested that the City Librarian endeavor to comply with the request through the Red Cross and also that the communication be used as publicity in the "Send Your Books to War Campaign".

There being no further business, the meeting adjourned.

San Francisco, August 1, 1944

The regular monthly meeting of the Commissioners of the San Francisco Public Library and Reading Rooms held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4 pm., President Schmulowitz presiding.

On Roll Call the following are noted present: Commissioners Cullinan, Graves, Kemper, McLaughlin, Lacoste and Schmulowitz. Absent: Commissioners Harrison, Keenan, Mohr, O'Day and Ryan.

The regular order of business is suspended to grant an audience to Mrs. Jerd Sullivan and Mrs. Winter of the American Women's Voluntary Services. Mrs. Sullivan addresses to Board relative to the establishment of a mobile library unit sponsored and operated by the AWVS. The American Women's Voluntary Services desires to experiment with the mobile library as a temporary expedient as the present library at Navy Point operated by the employees of the Recreation Department has not proved satisfactory.

Commissioner Cullinan recommends that the Library Commission co-operate with the American Women's Voluntary Services in the establishment of the mobile library unit, the details of operation to be worked out with the City Librarian.

Recommendation adopted.

The regular order of business is resumed.

The minutes of the previous meeting are approved.

The report of the Secretary is read and ordered filed.

The report of the Librarian is read and ordered filed.

President Schmulowitz suggests that the report of the Librarian on the Functions of the Order Department be transcribed and a copy be sent each Commissioner. It is so ordered.

Through the City Librarian, Commissioner Kemper informs the Board, the Committee on Surveys will endeavor to have its report ready for presentation to the Commission at the next meeting.

Old Business

The statistical data prepared by President Schmulowitz on circulation together with the memorandum of miscellaneous questions with respect to this statistical data, copies of which had been forwarded to each commissioner was brought up for discussion. Commissioner Cullinan informs the Board that President Schmulowitz, who unfortunately was unable to be present, had forwarded to the Secretary an additional memorandum on this subject matter for the consideration of the Commission.

Commissioner Harrison recommends that this additional report be transcribed and a copy be forwarded each Commissioner for review and that consideration of the matter be delayed until the next meeting or until such meeting as President Schmulowitz is able to attend. Recommendation adopted.

New Business

President Schmulowitz's letter dated August 23, 1944 is read which informed members of the Commission that Mayor Lapham had appointed a Committee on Charter Revision and requesting members to give thought to the possibility of charter amendments which might be proposed to this committee by the Commission.

Chairman Cullinan reads a memorandum submitted by Commissioner Kemper, who is away from the City on business, which recommends:

(1) That Section 78 of the Charter be amended to provide a minimum of 8¢ on each $100.00 of the assessed valuation.

(2) That the amendment also include a provision that 1¢ of the 8¢ (approximately $80,000.00) be ear-marked for a period of 15 years for the building of branch libraries; after which time the entire 8¢ should be used for maintenance and operation.

Commissioner Cullinan stated that he would like to have the entire section dealing with the Library Department re-written, returning to the Commission those powers which the new charter had taken away; that he felt such a proposal to the Mayor's Committee would not be approved and therefore would jeopardize the possible approval of amendments such as the one suggested by Mr. Kemper.

On recommendation of Commissioner Harrison, the matter is referred to a special committee on Charter Revision. Commissioner Harrison further recommends that President Schmulowitz, Commissioner Cullinan with Commissioner Kemper as chairman, comprise this committee; that this committee study proposed amendments submitted to it and also amendments made to the Mayor's committee on Charter Revision which may affect the Library Department and report with recommendations for action by the Commission as soon as possible.

Chairman Cullinan informs the members that Section 2 of the By-laws reads as follows: At the first regular meeting in September in each year the Commissioners shall elect from their body a president, a first vice-president and a second vice-president.

He further explains that because of the possible change in administration at the November election, the election of officers was delayed until March 8th of this year in order to give the new appointees of Mayor Lapham a voice in their selection; that this would mean a short term for the present officers; that it had always been the policy of the Commission to limit the term of office to one year so as all members might have a chance to serve; and further that an election at this time might be affected by new appointments which the Mayor may make in January 1945 when the terms of three Commissioners expire.

Commissioner Harrison recommends that Section 2 of the By-laws be amended, changing the election of officers to the first regular meeting to be held in March of each year and that the same officers be retained until that date. On the affirmative vote of the seven commissioners present, the recommendation is approved.

The City Librarian requests that the Commission adopt a resolution thanking Yale University for its gift of 100 books in honor of its alumnus, Samuel Knight. On motion of Mr. O'Day, Commissioner Cullinan is delegated to prepare the resolution.

Communications

A communication is read from Mayor Roger D. Lapham, requesting information in connection with insurance carried by the Library Department and also asking for the opinion of the Commission as to whether the City should establish an insurance fund.

Commissioner O'Day recommends that the matter be referred to a committee for study and report. The Chair appoints Mr. Harrison, Mr. Kemper with Mr. Graves as chairman, as members of this committee.

From Joseph D. Appleman, S/Sgt. U.S.Army, complimenting the Library on its extensive collection, and for the privilege of using the library while stationed in San Francisco.
Placed on file.

From Dorothy H. Rogers, President, San Francisco Center, California League of Women Voters, congratulating the Commission on the success of the teen age forums which the Library sponsored. Placed on file.

There being no further business, the meeting adjourned.

Secretary

San Francisco, November 14, 1944

The postponed monthly meeting of the Commissioners of the San Francisco Public Library and Reading Rooms held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4 pm., President Schmulowitz presiding.

On Roll Call the following are noted present: Commissioners Cullinan, Graves, Kemper, Lacoste, Mohr, Ryan and Schmulowitz.

The minutes of the previous meeting are approved.

The report of the Secretary is approved and ordered filed.

The report of the City Librarian is read and ordered filed.

Reports of Standing Committees

Committee on Books, Printing, Binding, etc.

In the absence of Chairman O'Day, Commissioner Graves, reports bills for the months of September and October amounting to $16,014.32. Referred to the Finance Comm.

Committee on Branch Libraries.

Chairman Lacoste reads a communication from C. F. Paulsen, Chairman War Price and Rationing Board No. 83:11:6, requesting the use of the Children's Room at the Richmond Branch as rationing headquarters for the Richmond District. Chairman Lacoste recommends that as the room is actively used as the Children's Room by the Library, that the request be respectfully denied. It is so ordered and the Secretary is instructed to so inform Mr. Paulsen.

President Schmulowitz refers to a report which he had received from Mrs. William Winter of the American Women's Voluntary Services relative to the operation of the Bookmobile at Hunter's Point. Mr. Schmulowitz suggests that bookmobiles or other means of book distribution might be undertaken in other districts now without service, until such time as the branch library system can be extended, and requests that the branch committee give consideration to this suggestion.

On recommendation of Commissioner Cullinan, the matter is referred to the Committee on Branches for study and report.

Committee on Buildings, Fixtures, Furniture etc.

Chairman Kemper, reports bills for the months of September and October amounting to $3,826.42. Referred to the Finance Comm.

Commissioner Ryan recommends that the following resolutions be adopted:

Resolution No. 52

Resolved that the Controller be requested to allot $1,470.00 in the Equipment appropriation 414.400.00 to provide funds to purchase necessary equipment which is available at this time. On recommendation of Commissioner Kemper the resolution is adopted.

Resolution No. 53

Resolved that the Controller be requested to allot $4,000.00 in the Contractual Services appropriation No. 414.200.00 to provide funds to cover periodical and newspaper subscriptions for the year. On motion of Commissioner Mohr the resolution is adopted.

Resolution No. 54

Resolved that inasmuch as cash in the Fuhrman Bequest now on deposit with the City Treasurer cannot be wisely spent at the present time for the acquisition of books on economics and political subjects as provided in the bequest, that the cash now on deposit and allocated to the Library Commission by the City Controller be invested in United States Treasury Bonds.

Mr. Ryan recommends that the resolution be amended to specify short term bonds. On recommendation of Mr. Kemper the resolution is amended and adopted.

President Schmulowitz suggests that the financial statements of committees be hereafter considered as a part of the Secretary's report. On motion of Commissioner Cullinan, President Schmulowitz's recommendation is adopted.

Committee on Law and Municipal Relations

No report.

Committee on Rules, Administration and Welfare of Employees

Chairman Cullinan reads a report, prepared at the request of the Library Commission, from the Civil Service Commission, with reference to the examination for the class X42 Librarian.

It is recommended that the report be placed on file and that a letter of acknowledgement be sent the Civil Service Commission with the request that when an examination is contemplated, a tentative scope circular be submitted to the Commission for its approval.

Reports of Special Committees

Chairman Kemper reports that the Committee on Survey desires an additional meeting before the presentation of its report to the Commission.

Chairman Kemper reads the following report of Committee on Charter Revision:

NOV 14 '44

November 13, 1944

At the meeting of September 19, 1944, a committee on charter revision was appointed to consider proposed amendments to the charter which might be recommended to the Mayor's committee on revision and also to study amendments proposed to the Mayor's committee which might affect the Library Department.

Your committee met on October 10, 1944 with Commissioners Cullinan, Graves and Kemper present. Suggestions placed before the committee for consideration were briefly as follows:

(1) That the membership of the Commission be reduced from eleven to not more then seven or not less then five.

(2) Correlate Section 43 of the charter with the provisions of the prior charter in order to more definitely define the nature and extent of the management and control by the Library Commission over real and personal property, acquired by consignment, loan, purchase, gift, lease, bequest or otherwise.

(3) Determine whether the Commission shall be limited in its control over personnel to the Librarian and Secretary.

(4) Revise the last paragraph of Section 43 of the present charter by eliminating all reference to the prior charter and including all powers and duties in Section 43.

(5) Amend subdivision "B" of Section 78 to provide an increase of the minimum tax levy for the library.

(6) Amend Section 78 to provide that a certain amount of tax levy be set aside in a special fund for a definite period of time for the construction of branch library buildings.

The committee carefully considered all the suggestions submitted and in general was in favor of all suggestions made. It was the opinion of the committee, however, that at this time the Commission should submit only one or two amendments covering the most important and urgent needs. It was thought that the other amendments should be submitted when a general revision of the entire charter is undertaken. By concentrating our efforts on one or two important amendments, the possibility of approval by the voters would be good, whereas, if the amendments covered many changes, the passage of the amendments might be jeopardized.

The committee, therefore, was of the opinion that the most important suggestions were:

(1) That the minimum tax levy of the Library Department must be increased if the services of the library are to be enlarged or extended;

(2) That the tax levy should provide a specified amount to be used specifically for the building of branch libraries; and

(3) that the charter should specifically empower the Commission with the right to expend the amount provided for the construction of branch libraries.

Your committee, therefore, unanimously recommends that the following two amendments to the charter be submitted to the Mayor's Committee on Charter Revision, for its consideration:

Amend Section 78 of the Charter by striking subdivision (b) as it now stands and substituting the following:

(b) Libraries, which tax shall not be less then eight cents (8¢) on each $100.00, provided however, that for a period of fifteen (15) years from July 1, 1945, the revenue derived from one cent (1¢) of said eight cents (8¢) in the tax levy for libraries shall be set apart in a special fund, to be expended at the discretion of the Library Commission for the specified purpose of purchase of sites and construction or acquisition of buildings,

NOV 14'44

fixtures and furniture for branch libraries. The provisions of Section 80 of the Charter shall not apply to said special fund.

Amend Section 43 by adding thereto the following;

The Library Commission shall have the complete and exclusive right to erect and to superintend the erection of library buildings and structures, and improvements and additions thereto, and to select and purchase sites for library buildings including branch libraries.

As the Mayor in a letter dated October 11, 1944, requested that all proposed amendments be filed with his committee not later then October 16, 1944, the Secretary obtained the approval of the Commissioners by telephone, pending the formal approval at today's meeting. Copies of the amendments have been filed with his Honor, Mayor Lapham, the Committee on Charter Revision and City Attorney O'Toole. The amendments have been referred by the Charter Revision Committee to a sub-committee for preliminary study and report and when the matter is again before the whole committee, our Commission will be given the opportunity of appearing in support of the amendments.

Your committee was also authorized to study the various amendments submitted to the Mayor's committee which might affect the Library Department. No list of amendments are available as yet. Your committee, however, is keeping in contact with the Charter Revision Committee and will report on any such amendments at the earliest possible date.

Respectfully,

Committee on Charter Revision.
Commissioner Kemper, Chairman
Commissioner Schmulowitz
Commissioner Cullinan
Commissioner Graves

On recommendation of Commissioner Cullinan, the report is formally adopted.

Chairman Graves presents the following report of the Committee on Insurance:

At its meeting held September 19, 1944, the Commission, following receipt of a questionnaire from his Honor the Mayor, relative to the insurance carried by the department, and requesting the opinion of the Commission on the advisability of establishing an insurance fund for the city, appointed a special committee to study this matter. A meeting of the committee was held on October 10, 1944. Commissioner Graves, Kemper and Cullinan being present. Your committee reports the following:

The Library Department carries at present the following types of insurance:

Compensation Insurance.

Automobile Insurance, Public Liability and Property damage.

Burglary Insurance on safe in the Secretary's office.

War Damage Insurance, paid by blanket policy by the city and county.

Bonding Insurance, paid by blanket policy by the city and county on Library commissioners, the City Librarian and the Secretary.

Besides listing the above information on the questionnaire, the important point to be considered by the Committee was in answering question 4, "Do you believe the city should establish an insurance fund, collecting established rates from the various departments and making the insurance payments from that fund?

NOV 14'44

The committee felt that as a sound business principle, either placing insurance with a private carrier or the establishment of an adequate self insurance fund, based on proper insurance rates for the hazards assumed, should be established. It must always be taken into consideration that where loss is occasioned and reflected in the tax rate as under the present system, that a severe catastrophe might cause a very large tax increase, all reflected within a single fiscal year.

The committee, however, was of the opinion that in view of the neglect over a period of years in the matter of providing improvements and extensions of public services, it seemed expedient to continue the present procedure.

As the Mayor requested the return of this information immediately, the Secretary obtained the telephone approval of the members, pending formal approval at today's meeting.

Respectfully submitted,

Commissioners Graves, Kemper
and Cullinan.

On recommendation of Commissioner Kemper, the report is approved.

Old Business

Commissioner Cullinan reads the following resolution which he prepared, thanking Yale University for its gift of 100 books in memory of Samuel Knight, San Francisco Attorney:

RESOLUTION BY THE LIBRARY COMMISSION

OF THE

CITY AND COUNTY OF SAN FRANCISCO

WHEREAS, the Public Library of San Francisco has received a gift, made anonymously in memory of SAMUEL KNIGHT, of the Class of 1887 Yale College, of one hundred selected volumes published by the Yale University Press; and

WHEREAS, each of these volumes is a useful addition to the collection of this Library and each contains an appropriate and graceful memorial bookplate in the design of which is reproduced Louis Orr's fine etching entitled "San Francisco" from a portfolio of his Ports of America etchings distributed by the Yale University Press some years ago; and

WHEREAS, SAMUEL KNIGHT was, during his long career, an honored member and leader of the San Francisco Bar and an eminent citizen of California;

THEREFORE, IT IS RESOLVED that the Library Commission of San Francisco hereby expresses its appreciation of this gracious gift, and its thanks to the anonymous donors; and further RESOLVED that the volumes be shown as a special collection given in honor of SAMUEL KNIGHT, for such time as the Librarian shall deem proper, before being catalogued and stacked under their respective classifications.

On motion of Commissioner Kemper the resolution is adopted, and the Secretary is instructed to send a copy to Yale University and also to Mrs. Samuel Knight, the widow.

The City Librarian informs the Commission that he has prepared a lengthy report on the Teen Age Forums now being sponsored by the Library. Commissioner Cullinan recommends the report be transcribed and a copy be forwarded each commissioner for review.

The City Librarian reports that as suggested at the last meeting, considerable publicity was given the newly established bookmobile at Hunter's Point operated by the American Women's Voluntary Services.

NOV 14'44

The City Librarian also renders a report on the request of the Staff Association that the Commission support the recommendations on classification recently submitted to the Civil Service Commission by the Association. On recommendation of Commissioner Cullinan, the City Librarian is instructed to inform the Staff Association that classification of duties is entirely within the jurisdiction of the Civil Service Commission, and until such time as that Commission makes recommendations to it for approval, the Library Commission will take no action in the matter.

The statistical chart and memorandum prepared by President Schmulowitz, is brought up. President Schmulowitz states that he finds the charts show interesting information on the reading trends of the community and requests that he be given the authority to discuss this matter with the City Librarian and with the City Librarian confer with Dr. Warren, Superintendent of Schools regarding this subject matter.

On motion by Commissioner Cullinan, authority for such conferences is granted.

New Business

Commissioner Mohr reports on the California Library Association convention in Los Angeles which she attended with particular reference to the luncheon meeting of the Trustee's section and the important problems which the trustee section have under consideration. Mrs. Mohr reports that she has been elected Chairman of the group for 1945.

The chair congratulates Mrs. Mohr on her election and expresses on behalf of the Commission the thanks of the Board for being present at the convention and for her excellent and informative report.

The President refers to his letter regarding the exhibit of the statues executed by Beniamino Bufano and suggests that as requests are already before the Art Commission for the pieces, that no action be taken.

Communications

From Joseph H. Dyer, Jr., Secretary, San Francisco Art Commission, calling the attention of the Commission to Section 46 of the Charter, to the powers and duties of the Art Commission.
Placed on file.

From Dorothy Durbin Decatur, Pan American League, thanking the library for its cooperation in collecting books for the National Library of Peru.

From Captain P. W. Northcraft, Twelfth Naval District, thanking the library for the use of the Assembly Hall at the Main Library for Navy classes.

From Mrs. Foster Stewart, American Women's Voluntary Services, thanking the Library for books given them for use in the Ships Recreational Project.

From Catherine S. Stearns, Executive Secretary, Camp Fire Girls of San Francisco, thanking the Library for the use of the recreational room at the Bernal Heights Library.

There being no further business, the meeting adjourned.

Reports of Special Committees

Chairman Kemper of the Committee on Survey reads the following report:

COMMITTEE ON SURVEY

Your committee on Survey was appointed at the special meeting of the Library Commissioners held on April 17, 1944 for the purpose of studying various suggestions submitted by Commissioners Mohr, Schmulowitz and Kemper, and also to analyse data gathered by the City Librarian in connection with these suggestions.

Two of the suggestions submitted by Commissioner Schmulowitz entailed considerable analysis and study. They were, (1) authorize and request the Librarian to make a survey of miscellaneous activities engaged in by metropolitan libraries in 15 of the largest cities of the United States and compare these activities with the activities of the San Francisco Public Library and thereafter appoint a committee of Commissioners to study the survey with the Librarian and determine to what extent we should and could extend the activities of the San Francisco Library.

Questionnaires were sent to 16 libraries covering such activities as lectures, forums, book reviews, publicity, use of auditoriums, adult education, readers advisory service, relationship between school and library and post-war programs. Of the 16 libraries reporting, it was the observation of the committee that the activities of the San Francisco Public Library compared very favorably with those now undertaken by libraries of other cities. Some cities have intensified certain activities but it was noted that the appropriation of these libraries was generally considerably higher than San Franciscos'. (2) Assemble the Book Bulletins of other libraries and compare them with the book bulletin of this library.

In the matter of the Book Bulletins, we have reviewed a number of those issued by the larger public libraries and in only two instances were they found to be of better quality than our own and in those instances, considerably larger expenditures were available for the purpose. Your committee is therefore of the opinion that for the expenditure involved, our bulletin is superior to any issued by other libraries, that we are doing a far better job on a more economical basis than any we reviewed and we can be proud of its quality and appearance.

The other suggestions submitted by President Schmulowitz covered numerous activities. Two of these suggestions, are in the opinion of the committee purely administrative matters--falling within the scope of the duties and responsibility of the City Librarian. It was the opinion of the committee that the Library Commission

is only the policy making body, and that the Librarian, as the Chief Executive Officer of the department is responsible for carrying out the policies adopted by the Commission.

Suggestions submitted which we feel dealt strictly with administrative matters are:

(1) Function actively in connection with the selection of books and maintain a close contact with the Librarian to determine and satisfy reading trends, and

(2) That the Board of Library Commissioners or one of its sub-committees should have occasional meetings with staff heads to discuss their administrative and executive problems.

All other suggestions submitted, covered in the opinion of this committee, matters of policy.

Suggestions made that the Library sponsor lectures, forums and exhibits are activities which are already being undertaken on a limited scale. The committee recommends that no intensification of this program be undertaken at the present time owing to lack of interest. When times become normal, an enlarged program may be warranted. The committee suggests, however, that the Children's Rooms at the branch libraries, when not in use, might be made available to small neighborhood groups for meetings. The Library has always encouraged book reading and cultural clubs in the use of the auditoriums at the Main Library and the City Librarian recently addressed a communication to all such organizations, advising them of the facilities available at the Library.

Your committee heartily endorses the suggestions which should stimulate and encourage book owners to donate rare books in their possession and also encourage citizens of the community to keep in mind the Public Library as a beneficiary for either books or money.

With regard to the relationship of the school and library, it is the committee's understanding that the present relationship is satisfactory and comment from both school and library officials have commended the cooperation between these two agencies. Your committee does not recommend the appointment, at this time, of a liaison staff member, whose time would be devoted exclusively in cooperative work with the school department.

We wish also to call the attention of the Commission to other suggestions, submitted by Commissioner Schmulowitz, which during the past year have been put into effect. As suggested, the Journal of the American Library Association was provided for each member of the Commission as also was the publication of the American Library Association entitled, "Post War Standards for Public Libraries". The committee, realizing the value of the educational and informative articles contained in professional publications recommends that the bulletin of the California Library Association also be purchased for each member of the Commission.

As suggested in Mr. Schmulowitz's memorandum, the problem of the Sutro Library was pressed to a satisfactory conclusion--the state already having begun the construction of the necessary shelving in the basement area. As suggested also, the City Librarian is advising the Commission of events sponsored by the Library prior to their occurance.

The suggestion made that the Library arrange to have an expert librarian survey our library system to determine whether it has kept pace with the modernization of the maintenance and operation of libraries throughout the United States, was discussed at some length by your committee. As heretofore indicated, the questionnaires received from other libraries showed that this institution compared quite favorably with those in other municipalities. The committee, therefore, does not recommend that a survey be undertaken at this time. It realizes, however, that activities mentioned in the memorandum, although now being performed, in proportion to our limited resources, could be extended and enlarged, but feels

that lack of interest during the wartime does not warrant any extension.

The suggestions submitted by Commissioner Mohr covered in the main, problems of personnel and personnel management. Her suggestion relative to the qualification for examinations for librarians has already been discussed with the Civil Service Commission and a report from the Civil Service Commission on this subject matter was presented to the Commission at the last meeting. The suggestion made, that the Library sponsor an In-Service Training program, is now receiving the attention of the Civil Service Commission and several meetings of department heads from all departments of the City government have been held to discuss this problem. It is expected that a plan for In-Service training will be formulated by the Civil Service Commission and presented shortly for the approval of this commission. Commissioner Mohr's suggestion that personnel be exchanged with other libraries is a question that should be considered in the post-war era and this thought merits further study and consideration.

All memorandums submitted to the committee, stressed the need for branch library extensions. A complete post-war program for branch libraries has now been prepared in cooperation with the City Planning Commission. The planning of this post-war program has been underway since the establishment of the Federal Work Reserve in 1942. The completed program provides for the construction of 14 branch libraries costing approximately $569,000. as well as an addition to the Main Library costing approximately $700,000. The branch library projects would provide seven branches for districts now without library service and the replacement of seven branches now housed in inadequate rented quarters. For thickly populated multiple dwelling districts, a branch building with a reading room, reference room and separate children's room, have been proposed costing approximately $67,000. For outlying residential districts, a building, store-like in construction, costing approximately $37,500. suited for library purposes has been planned. Such a building would contain a reading room, 50x100, work rooms, and staff quarters.

Commissioner Kemper's memorandum particularly stressed the need for a larger appropriation for the library, for:

(1) the extension of our branch libraries.

(2) extension of other activities.

In line with these suggestions, the Board of Library Commissioners at its last meeting approved the submission of a charter amendment to the Mayor's Committee on Charter Revision, which would increase the minimum tax levy from 4¢ to 8¢ and would further provide that 1¢ of the 8¢ be set aside in a special fund for a period of 15 years for the construction of branch libraries.

Should we be successful in obtaining the approval of the Mayor and Board of Supervisors and subsequent approval of the voters to this amendment, approximately $75,000. a year will be provided for the construction of branch buildings. Such a fund could likewise be used for the matching of federal grants and would culminate in the completion of our building program before the fifteen year schedule.

It is the recommendation of the committee that all possible support be given these amendments in order to obtain the approval of the Mayor's Committee on Charter Revision.

Respectfully submitted,

Commissioner Kemper, chairman
Commissioner Mohr
Commissioner Graves.

President Schmulowitz and Commissioner Cullinan express the appreciation of the Commission for the tremendous task performed by the committee and the careful and thoughtful report covering all the suggestions submitted to it for consideration.

Commissioner McLaughlin expresses her disagreement on two points in the report, (1) the value of having surveys and the need of sponsoring meetings and forums as a medium of educating the public. She further suggests that if forums are not feasible at this time, owing to lack of interest, that perhaps the radio might be used as a medium for giving book reviews.

Commissioner Schmulowitz touches on the Survey question and states it was his thought to conduct two surveys, one from within by the medium of questionnaires which was done by the committee and one from without by a recognized library expert.

Mr. O'Day states that he can see no need of a survey, as the Library Commission has received no criticisms as to its management and operation of the Library Department and further that the Commission is already aware of many improvements which could be made but are limited because of funds available for library purposes. Commissioner Cullinan states that in theory, he believed in Surveys but that generally a Survey laid down counsels of perfection which are impossible under existing circumstances such as lack of funds etc.

Commissioner Cullinan, seconded by Dr. Keenan, moves that formal action on the report be deferred until the next meeting to give the members time to carefully review the report.

Recommendation adopted.

Commissioner O'Day asks to be excused and retires.

Chairman Kemper, on behalf of the Committee on Charter Revision, reports that the amendments proposed by the Library Commission have been referred to the sub-committee on "Administrative Problems" and that no meeting of this committee has been held to date.

On motion of Commissioner Kemper, it is suggested that the Secretary communicate with Mr. Boyd, Chairman of the sub-committee, requesting the opportunity of appearing before this committee on support of these amendments and suggests also that the Secretary poll the members of the Commission, when the meeting is arranged.

Recommendation adopted.

Old Business

President Schmulowitz reads a letter sent to the City Librarian on August 24, 1944, relative to the activities of the staff of the Library, in connection with the manifesto of the American Library Association on post war activities and suggests that a written report be prepared on this subject matter and sent to each commissioner for review prior to the next meeting together with a photostatic copy of the map on post war branch libraries.

Recommendation adopted.

New Business

Commissioner Schmulowitz suggests also that a special pamphlet devoted to material available at the Library containing information valuable to demobilized veterans, be printed and copies in sufficient number for distribution be filed with the Selective Service Boards, the San Francisco Co-ordinating Council and such other agencies as may be called to the attention of the Librarian and that supplements on new material be issued from time to time. On motion of Commissioner Cullinan, President Schmulowitz's recommendation is adopted.

President Schmulowitz suggests that the Commission consider the advisability of the Library acquiring phonograph records, motion picture films, radio scripts and also whether it would be advisable to install micro-film apparatus. Commissioner Ryan recommends that the City Librarian prepare a report on this matter especially with reference to photostating and micro-filming processes for the consideration of the Commission at its January meeting.

President Schmulowitz reports that he has conferred with the City Librarian concerning the statistical charts on circulation and that he expected to hold an informal meeting with Dr. Warren on this subject matter in the near future.

On motion of Commissioner Mohr, amended by Commissioner Kemper and seconded by Commissioner McLaughlin, the Secretary is instructed to include in the budget for 1945-1946, $500.00 to defray the expenses of 3 or 4 staff members who the Commission may designate to attend Library Association conventions.

Mrs. Mohr recommends that the "Statement of Objectives" prepared by the American Library Association Trustee's Division, be transcribed and a copy forwarded to each Commissioner for review. Recommendation adopted.

Commissioner Schmulowitz suggests that His Honor, Mayor Roger Lapham be invited to attend the January meeting of the Board. On motion of Commissioner Kemper, President Schmulowitz's suggestion is adopted and he is requested to extend the invitation to the Mayor.

Commissioner Schmulowitz refers to three reports made by the City Librarian on the functions of the departments of the Library and suggests that the Librarian continue to submit such reports and that copies be forwarded each Commissioner prior to the meeting for review. Adopted.

Commissioner Schmulowitz presents the following resolution, thanking Mrs. Samuel Knight for her gift of the rare Spanish manuscript:

RESOLUTION BY THE LIBRARY COMMISSION OF THE

CITY AND OF SAN FRANCISCO

WHEREAS, MARY H. KNIGHT, the widow of the late Samuel Knight, has presented to the Public Library of San Francisco the very rare antique Spanish manuscript, which has been identified as a royal cedula presented to Phillip II, King of Spain, in 1590; and

WHEREAS, this precious gift has been presented in the name of the late Samuel Knight; and

WHEREAS, this manuscript represents a singular, outstanding and scholarly item for addition to the collection of this library; and

WHEREAS, the presentation of this item represents an act of thoughtful generosity on the part of Mary H. Knight;

THEREFORE BE IT RESOLVED that the Library Commission of San Francisco hereby expresses its deep appreciation of this gracious and generous gift and its thanks to Mary H. Knight, individually, and out of respect to the memory of the late Samuel Knight; and

BE IT FURTHER RESOLVED that the manuscript be catalogued, exhibited, and made available to the public, as a special gift given by Mary H. Knight, in honor of the late Samuel Knight, and that the Librarian impose such regulations and restrictions in respect thereto as he shall deem proper; and

BE IT FURTHER RESOLVED THAT a copy of this resolution be spread upon the minutes of the Library Commission and that a copy thereof, duly certified, be sent to Mary H. Knight.

The foregoing resolution was unanimously adopted by the Library Commission of the City and County of San Francisco at a meeting held December 5, 1944.

Communications

From George Parmly Day, Director Yale University, Bureau of School and Community service, thanking the Commission for the resolution thanking Yale University for the gift of 100 books in memory of Samuel Knight, San Francisco attorney.

From John M. Goldsmith, Radford Area Public Library, relative to the teen-age forums sponsored by the San Francisco Public Library.
Placed on file.

From C. Young, Harvard Law School, thanking the Library for the many courtesies received while in San Francisco.
Placed on file.

There being no further business, the meeting, adjourned.

Secretary.

San Francisco, January 9, 1945

The postponed monthly meeting of the Commissioners of the San Francisco Public Library and Reading Rooms held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4 p.m., President Schmulowitz presiding.

President Schmulowitz welcomes His Honor, Mayor Roger D. Lapham to the meeting.

On roll call the following are noted present: Commissioners Cullinan, Graves, Lacoste, Kemper, McLaughlin, Mohr and Schmulowitz.

The minutes of the previous meeting are approved.

The report of the Secretary is approved and placed on file.

The report of the City Librarian is read and ordered filed.

President Schmulowitz refers to the Report of the City Librarian on the Manifesto of the American Library Association, a copy of which has been forwarded to each Commissioner for review, and suggests that more publicity be given the activities of the Library as outlined in this report. President Schmulowitz states also that his recent discussion with branch librarians in connection with his memorandum on the trends in reading, indicated a deficiency in the public relations program of the Library, as well as a lack of coordinated cooperation with the School Department.

Commissioner Mohr suggests that a radio program on Library activities might be arranged over radio station K.Y.A. which sponsors a program on the activities of municipal departments.

President Schmulowitz suggests that time over radio station K.S.F.O. might be obtained on the program "San Francisco for Victory," sponsored by the San Francisco Citizens Protective Corps. He further requests that the City Librarian prepare a script on the wartime activities of the Library.

Committee on Branch Libraries

Chairman Lacoste submits the following report:

The Public Library Department has at present twenty-one branches and six deposit stations. Twelve of these branches are city-owned buildings, costing from $40,000 to $106,359. The remainder are housed in rented stores, entirely inadequate for the districts which they serve. Most of these buildings now in operation were built by private beneficence, chiefly through Carnegie funds and one by Alexander McCreery. James D. Phelan built one, but it was destroyed in the fire of 1906 and never reconstructed. The Anza Branch was built out of money left over from the building fund of the Main Library to which Carnegie contributed one-half. Two branches, the West Portal and Bernal Heights were built by W.P.A. funds, but the money for one ran out before the building was completed, and the Library Commission, at the sacrifice of book purchases, had to contribute $10,000 to complete the building. The only branch ever built by money provided by the Board of Supervisors was the Park Branch on Page Street near Cole Street and that one cost less than any other branch.

JAN 9'45

The most important problem now confronting this Commission, is the extension of our branch library system. This extension can only be accomplished by the appropriation of additional funds, either by an increase in the minimum tax levy for the Library, or by an increase in the annual budget. The Committee on Survey which submitted its report at the last meeting, stressed the importance of obtaining adequate funds for the expansion of our branch library system.

In 1941, the Committee on Branch Libraries recommended that branches be established in the following districts, now without any service, at the earliest possible moment:

(1) Marina
(2) North Beach
(3) San Francisco Junior College Area
(4) Sunset District near 37th Avenue
(5) Potrero Hill
(6) Park Presidio
(7) Lakeside District

Following this recommendation, the Commission included in its budget request for that year, funds for the construction of two branch libraries. However, this item was deleted from the budget by the Mayor and Board of Supervisors.

In briefly reviewing the branch library situation, as Chairman of the Committee, I urge that every consideration be given to the immediate extension of our branch library system.

Miss Lacoste reads letters from Clinton T. Duffy, Warden of San Quentin, praising the assistance of Stuart Morton Boland, Senior Librarian, in the re-organization of the prison library, and Mayor Lapham's letter of acknowledgment to this letter of commendation. The City Librarian is instructed to forward copies of these letters to Mr. Boland and to express the pleasure of the Commission for voluntarily rendering such service.

Committee on Finance and Audit.

In the absence of Chairman Ryah, Commissioner Cullinan reads the following report on the budget recommendation of the committee for the fiscal year 1945-1946.

BUDGET RECOMMENDATIONS

1945 - 1946

The finance committee, has tentatively prepared, for the consideration of the Commission, the budget for the Library Department for the fiscal year 1945-1946. This proposed budget amounts to $733,881, an increase over the budget for the curret year of $212,024.

Briefly the increases are for the following purposes:

(1) Permanent Salaries - Increase of $4,324.

This amount reflects automatic salary increases mandatory under the Salary Standardization Ordinance adopted by the Board of Supervisors, March 31, 1944.

The Committee does not recommend the inclusion of funds for additional employments in this year's budget although it feels that the five positions for X42 Librarians eliminated in 1943-1944, must be replaced as soon as the war emergency is over.

(2) Contractual Services - Increase of $500.

This amount has been added to this appropriation in accord with a resolution of the Commission adopted at the last meeting to defray the expenses of staff members at the conventions of the California and American Library Associations.

JAN 9'45

961

(3) Binding - Increase of $5,000.

This increase is requested to offset the increase in the cost of binding as experienced during the current fiscal year. This increase approximated 10% and preliminary investigation indicates that binding costs will again be increased in 1945-46.

(4) Books, Cards, Bindery Supplies - Increase of $27,700.

This increase will bring our book appropriation to the same level it was during the years 1936-37, and 1937-38, namely $80,000. In succeeding years, our book appropriation was slashed by the Mayor and Board of Supervisors, owing, as they felt, to the exigencies of the time.

In the budget for 1944-45, the Library Commission itself, did not request an increase in this appropriation for the following reasons:

(1) The inability to obtain foreign publications. This constituted 25% of our normal book purchases.

(2) The number of books printed in the United States had been considerably reduced due to war conditions.

With the conclusion of the war with Germany, once anticipated by last Christmas, and now predicted by the summer of 1945, adequate funds for the immediate purchase of foreign publications must be provided. Such publications as were printed in foreign countries were in limited number and unless funds are available for the placing of our orders when feasible, such publications will be unobtainable. Books in great numbers will also be published in this country on post-war problems, rehabilitation of veterans, occupational readjustments and related subjects. For these reasons, your Finance Committee recommends an increase in the book appropriation from $52,300 to $80,000 for the next fiscal year.

(5) Equipment - Increase of $4,500

Since the outbreak of the war, this Commission, due to the inability to obtain most items of equipment, voluntarily reduced its budget requests for this purpose to $1,500. For comparison, our equipment fund in the 1937-38 budget was $18,000.

Because of the unavailability of equipment for the past years, many items of equipment are worn out and must be replaced at the earliest possible moment. Some of the most important purchases would include a truck for daily deliveries to the branches, typewriters, replacement of furnaces, heaters and other office equipment. We feel that many of these items will be available during the next year and a half, and feel justified in recommending that this appropriation be increased at least $4,500 in the next fiscal year.

(6) Land purchases - $20,000

The Marina and North Beach districts are among the 14 districts urgently in need of library services. In conferring with the Real Estate Department, we have been informed that no city-owned property suitable for library purposes is available and also that very little undeveloped privately-owned property is available for purchase. Your Committee feels that the Library should purchase sites for these branches at the earliest possible moment and recommends the inclusion of $20,000 in our budget for this purpose.

(7) Branch Libraries - $150,000.

In addition to the request for funds for the purchase of land, it is the recommendation of the Finance Committee that funds for the construction of branch library buildings for these districts also be included in our budget request. For many years, requests for funds for the construction of branch libraries have been submitted, but either the Mayor or the Board of Supervisors has deleted these amounts.

JAN 1945

982

Recently the Commission submitted a charter amendment to the Mayor's Committee on Charter Revision, which proposed an increase in the minimum tax levy of the Library Department from 4¢ to 8¢ on each $100 of the assessed valuation and provided further that 1¢ of the 8¢ should be set aside for a period of 15 years in a special fund for the construction of branch libraries. The amendment was defeated by a five to four vote of the committee and those members opposing it felt that instead of increasing the minimum tax levy, adequate funds for the Library should be provided in the annual budget. It was hoped that this matter would be reconsidered by the Charter Revision Committee but it now appears that this Committee has ceased to function.

Your Committee recommends, therefore, that $150,000 be included in our budget request to provide funds for the construction of branch libraries for these districts.

On motion of Commissioner Cullinan, seconded by Commissioner Lacoste, the recommendations of the Finance Committee are approved and the Secretary is instructed to submit to the Mayor, budget estimates for the various appropriations for 1945-1946, as compared with those for 1944-1945 as follows:

Report of Special Committees

The Report of the Committee on Survey on which action was deferred at the last meeting pending further study, is again brought up for consideration.

Commissioner Mohr states that in reviewing the report of the Committee, she was of the opinion that sufficient time was not devoted by the Committee to the numerous suggestions referred to it, and that she felt the members of the Committee, lacking a thorough knowledge of the field of librarianship, were not qualified to properly evaluate the activities of our library as compared with those of other libraries.

President Schmulowitz states that he had given the Committee's report careful consideration and although appreciating the thought and time given by the Committee, felt that the report was not entirely satisfactory. Mr. Schmulowitz reads the following "Commentary Upon the Report by the San Francisco Library Committee on Survey."

COMMENTARY UPON THE REPORT BY THE SAN FRANCISOO PUBLIC LIBRARY COMMITTEE ON SURVEY

While the November report by the San Francisco Library Special Committee on Survey reflects much effort and thought, it is respectfully suggested that it fails to measure up to the challenge presented by many of the suggestions which were submitted and by the subject matter which this Committee was expected to consider.

The report is largely negative in character in that it seeks to explain or excuse inadequacies in our library services (without specifying what they are) in terms somewhat general and broad. The report omits comment upon a number of suggestions which seem to be worthy of careful thought and research, and it fails to discharge an obligation which the Commission and the Librarian must clearly assume, namely that of formulating and presenting "a positive program of stimulation and leadership suited to the needs of the time." (See Post-War Standards for Public Libraries, page 21. See, also, a Statement of Objectives by the A.L.A. Trustees Division.)

Perhaps it was and is unfair to expect members of the Commission who are not experts in the field of librarianship and who are otherwise required to dedicate most of their available time to their own vocational and professional activities, to explore the literature devoted to libraries and their supervision and to survey in detail the functions and operations of the library itself and to analyze the factual detail which was assembled for it by the Librarian. These inadequacies of opportunity for individual thorough effort by the members of the Special Committee and by the members of the Commission, when added to their own inexpertness in a field that has become a highly specialized profession, point with emphasis to the danger of denying to the entire community of San Francisco in general and to the Library Commission in particular as well as to the Librarian and his staff, the benefits that are likely to result from a survey of our complete library system by an expert librarian.

Let us consider specifically the various points commented upon in the report.

1. SURVEYS

(a) Surveys from within. The report refers to but does not disclose the text of the questionnaires which were sent to the sixteen libraries. It refers to but does not attempt to disclose by complete tabulation the various services rendered, or activities engaged in by the sixteen libraries. It refers to various activities "such as" lectures, forums, book review, publicity, use of auditoriums, adult education, readers' advisory service, relationship between schools and libraries and post war programs. But all of these terms are broad in their scope and it is the detail within these broad terms that may point to positive and dynamic programs and besides there is no attempt to assure the Commission that these broad terms cover all the important activities.

The Committee reported that "the activities of the San Francisco Public Library compared very favorably with those now undertaken by libraries of other cities." This conclusion, while no doubt justified by the facts, is presented in the report without a recitation of the essential facts to support it, and the members of the Commission who did not serve on the Special Committee are left completely in the dark as to what extent the San Francisco Library activities cover the broad fields traversed by the sixteen other libraries. A Tabulation setting forth library locations and activities in detail might have made this phase of the report more graphic for the Commission and could have been prepared for the Special Committee and for the Commission by the Library staff. Conclusions without disclosed foundations, therefore, followed by self-laudatory remarks, may be questioned by an inquisitive or reviewing public.

(b) Surveys from without. One of the suggestions submitted was the employment of an expert librarian to "survey our library system" for the purpose of determining whether it has kept pace with the "modernization of the maintenance and operation of libraries throughout the United States." The Committee takes a somewhat inconsistent position upon this question. It admits that the library activities in San Francisco "could be extended and enlarged," but declares (a) that the activities are "now being performed in proportion to our limited resources" and, (b) that because of lack of interest (on whose part and in what particular activities are not disclosed) during war time extensions are not warranted.

JAN 9'45

Again we find conclusions without foundation facts, but beyond that we find the disappointing failure on the part of the Committee to set forth a positive program of activity which would justify an enlargement of our present "limited resources."

Since our resources, exclusive of our participation in the tax rate as established by the Charter, must depend largely upon appropriations by the Board of Supervisors, we should not expect the Board of Supervisors to authorize any extra appropriations before the Library Commission presents its positive and detailed program requiring the extra funds. It seems, therefore, to be desirable that the Commission be bold and progressive on behalf of the community which we are serving in an important field of education. Would it not be desirable for us to ascertain now, not at some distant and uncertain date, just what inadequacies of library service now exist? Since we seem to be pretty well satisfied with our efficiency as of this date, let us be assured that this satisfaction is well founded as the result of outside criticism. An expert survey conducted now may enable the Commission to formulate both an immediate and a long range program in connection with which it should undertake to acquaint the public at large and the Board of Supervisors with the financial support which such a program will require

In addition to pointing to extensions of existing services and the introduction of new services, such a survey might well include:

(a) current information for locating and planning new branch library buildings, installing and operating book-mobiles in various forms in those areas where there now prevail temporary housing units to the end of extending library service at the earliest possible date to all sections and elements of the community;

(b) comment upon and guidance on book selection policies and the ascertainment and stimulation of reading trends;

(c) comment upon and formulation of enlightened rules affecting staff selection policies;

(d) plans for community programs of library activities with particular reference to service for groups and organizations (See "The Library in the Community" by Carnovsky and Martin 1944).

2. BOOK BULLETINS

Upon the subject of book bulletins we again find that the Committee expresses complete satisfaction with the present status of this activity. The report states that "for the expenditure involved our bulletin is superior to any issued by other libraries." From this segment of the report, it would appear that our book bulletins cannot be improved upon in the light of the expenditure involved. There is no discussion as to the wisdom of improving the bulletin in any particulars, even at the price of increased expenditure. The Commission is reminded of the suggestion that the bulletins might include a monthly monograph of between 250 and 500 words concerning some important and outstanding book already in our library in order to stimulate public interest therein. This suggestion was endorsed by Commissioner Cullinan and seemed to have had the acquiesence of the remaining members of the Commission and yet the report contains no reference to this approved feature as a possible improvement in the appearance and functions of the monthly bulletin.

The preparation of such a monograph could be assigned by the Librarian to a different member of the staff for each succeeding month so that the task would not be a continuously recurring one as to any one staff member. The staff member writing such a monograph might be permitted to sign his or her name thereto and his or her disclosed authorship might become the subject of professional pride. Under such circumstances it would appear to be probable that members of the staff would vie with one another in being selected for the honor and distinction on monograph preparations.

Editorial control should, of course, rest with the Librarian.

Such a feature should not involve any substantial extra expenditure beyond the triffling increase in printing expense of one or two extra pages in the bulletin. A timely monograph might well be prepared concerning the recent gift from Mrs. Knight in respect to the manuscript of the petition to Phillip II, King of Spain.

Other timely features might well be considered for inclusion in the bulletin, depending upon events in the field of literature, education and the expanding activities of the library itself.

Our policy in connection with this possible activity and other activities in the Library may point to the adoption of either a negative or a positive program.

3. ALLEGED ADMINISTRATIVE MATTERS

(a) Book selection and reading trends. The Committee reports that even though the Library Commission is a "policy making body" nevertheless the "selection of books" and the determination and satisfaction of reading trends is "strictly" an administrative matter. It seems to me that these statements require some clarification. The report fails to disclose whether in recent years the Librarian and his staff have undertaken to develop any technique, scientific or otherwise, for a current, up-to-date and continuing analysis of what the people read or desire to read and whether there have been any determined campaigns in recent years to increase the number of library card holders and thus enlarge the field of our adult reader interest. If this has been done, the subject matter has not been discussed with the Commission in recent years. It seems to me that these subject matters involve an element of policy. Those who made the original suggestion that the Commission "function actively in connection with the selection of books and maintain a close contact with the Librarian to determine and satisfy reading trends" did not intend to have the Commission undertake as a general rule, either alone or with the Librarian, to select specific books. Ordinarily this function may be admitted to be an administrative one. What was intended by the original suggestion that was made, and what the survey report has failed to clarify is whether there is any phase of book selection and stimulating reader interest which involves policy making upon which the Commission itself should function.

During the four or more years that this Commissioner has been in office, the Librarian and his staff have undoubtedly performed the administrative task of book selection ably. No major criticisms have been advanced by any substantial segment of the reading public. However, the reading public is generally inarticulate in connection with activities of this character. In addition the Librarian and his staff have also assumed and discharged all burdens of policy in connection with book selection, increasing the number of our library card holders and arousing the interest of all card holders in the good books resting on our shelves. That the tast has been well done is a great credit to the Librarian and his staff, but it is no credit to the Library Commission which has failed to share with the Librarian and his staff the joint responsibilities of policy associated with this activity. In fact the Library Commission has completely surrendered to the Librarian practically all matters of policy that are associated directly or indirectly with all administrative tasks.

It is respectfully suggested (and in this there seems to be support by extensive literature upon the subject) that the broad subjects of reading trends, increased numbers of readers and book selections are a joint responsibility of the Commission and the Librarian in order that they may be the foundation for the determination of library "policies and programs." Of course, the Commission should not only welcome but expect the Librarian to propose policies upon these vital phases of the library function and to support his proposals with factual detail. In the past few years, the Commission has not received any detailed reports on these subjects from the Librarian, nor has received any report how any reading trends may have been satisfied unless the monthly book bulletins are designed to perform this function.

During the past few years the Commission has not received any proposals for declarations of policies with respect to book purchases.

JAN 9'45

The Commission, in my opinion, is finally responsible for its book selection policies just as it is similarly responsible on all matters of policy, and as stated on Page 42 of the "Post War Standards for Public Libraries," the Commission should be prepared to "defend or interpret them (policies) before higher authority."

Even if we recognize that the ascertainment of reading trends and book selection is strictly an administrative function as suggested by the Survey Committee, it has been declared that "a major responsibility of the Board is the regular appraisal of the success of administration- a duty which is frequently overlooked."

How can the Commission make such an appraisal with respect to book selection and reading trends regularly or irregularly unless the Commission functions actively and jointly with the Librarian in these fields?

(b) Meeting with Staff heads.

Much of the discussion which has been set forth under the preceding subdivision applies to this subject matter. The Commission might read with interest the discussion in "Post War Standards for Public Libraries" on the subject of "Standards of Personnel" starting at Page 75. It is recognized that this subject matter is one of balanced delicacy and that the Commission should only act with staff heads when circumstances seem to justify that such conferences will involve discussions relating to matters of policy and not matters of strict administration.

4. MATTERS OF POLICY

(a) A number of activities involving matters of policy are referred to in the report and approved. In connection with some of these activities the statement declares that they are now engaged in "on a limited scale." It is suggested that the Commission be constantly informed by the Librarian with respect to the nature and extent of these activities in order that the Commission may regularly appraise the success of its policy from an administrative point of view and determine as a matter of policy when and under what circumstances the scale of these activities should not remain as limited as they now seem to be. Would it not be well for the Librarian at his convenience to outline his program for an extension of these activities in the post war period?

(b) With respect to the suggestion of establishing and maintaining a liaison with the School Department, it does not appear whether the Committee received directly the views of responsible school officials.

A conference arranged by the Librarian with a few branch managers served to disclose the fact that there is room for some improvement in our cooperative effort with the School Department. Individual enterprise on the part of various teachers in our schools may make it difficult to arrange for uniform action by all branch managers. However, a liaison established and maintained between library branch managers and the teachers assigned to schools located in the vicinities in which the branch libraries are located may bring about a more satisfactory result. Book reading stimulated by curricular activity sometimes finds our library unprepared to meet the demands of our school children at the moment. Overnight school tasks often demand immediate library assistance. Constant liaison between library branch managers and school teachers will service to balance our supply of needed books with occasional changes in demands therefor.

(c) While it is gratifying that some suggestions submitted by us have been recognized of sufficient merit for current sdoption without awaiting the submission of the report of the Committee, it appears that the report is silent on several vital subjects, such as

(1) publicity and public relations;
(2) book reviews at the library auditoriums;
(3) qualifying staff heads to meet the public;
(4) inviting suggestions on matters of policy from staff heads.

987

On the subject of publicity and public relations, Commissioner Kemper in his individual memorandum of April 1944, concurred in the wisdom of having the Commission "intensify its publicity program" and to adopt a "broad and definite public relations program."

Some months ago the Commission was advised that the Staff Association was desirous of conveying to the Commission its views on certain matters including "public relations." The report fails to include any reference to the position of the Staff Association on this admittedly important subject and it also fails to outline either a specific or general program as a matter of policy for the administration by the Librarian.

CONCLUSION:

The foregoing comment which has been made upon the Committee report is not intended as any reflection upon the Committee as a whole or any individual member thereof. On the contrary, we re-affirm the commendation of the Committee for the burdensome task it so ably performed. We sincerely believe the task was much too great for a Committee of the Library Commission to be charged with. We suggest that the report be filed without either approval or disapproval, and the Commission consider at the earliest possible date the employment of an expert librarian for a complete survey of the Library. To this end we urge the inclusion in our budget for 1945 to 1946 a reasonable amount for such purposes. It is my understanding that no survey of the San Francisco Library has been made since March 1928, and in view of the period which has elapsed a survey of our library and its policies and its administrative functions as now being performed might well be regarded by the people of San Francisco as a businesslike activity which only the Commission may stimulate and sponsor. If this survey should confirm a justification for the praise which we have heaped upon ourselves we can point to the survey as proof of our efficiency rather than to our own self-appraisal.

Respectfully submitted,

December 31, 1944. (Signed) Nat Schmulowitz

SUPPLEMENT

Since the foregoing commentary was prepared there was received a copy of a statement of the objectives prepared by the A. L. A. Trustee Division.

In view of the substance of this statement, which coincides in part with the views expressed in the foregoing commentary, there is appended hereto an abstract of the statement of objectives in order that it may be considered with and as part of this Commentary.

ABSTRACT OF STATEMENT OF THE OBJECTIVES PREPARED BY THE A.L.A. - TRUSTEE DIVISION

The following represents in outline the miscellaneous duties and responsibilities to be assumed and discharged by Library Trustees.

1. Prepare and review inventory of material.
2. Prepare and review inventory of personnel.
3. Appraise, analyze and develop policies bearing upon the relations of the library to the community needs on the following subjects:

   (a) Demobilization and rehabilitation.
   (b) Youth Guidance.
   (c) Adult education.
   (d) Social planning.
   (e) Better housing.

4. Request the Librarian to give the Trustees regular reports of all the library activities.

5. Review and analyze staff qualifications.

6. Formulate plans for the imporvement of the amount of library service.

7. Formulate plans for the improvement in the quality of library service.

8. Establish and maintain a library service for vocational information.

9. Establish and maintain bookmobiles.

10. Establish and maintain rooms for audio-visual material, presumably referring to phonograph records and micro-films.

11. Formulate plans for the discarding of out-of-date material.

12. Request the Librarian and his staff to prepare a detailed statement of proposed and existing policies in respect to each of the matters hereinbefore referred to, together with recommendation for new policies.

13. The Trustees and the Librarian should undertake to interpret the library and its needs to the community and get support for its future programs.

Commissioner McLaughlin recommends that in accord with the recommendation outlined in President Schmulowitz's report, a reasonable amount be included in the budget estimate for 1945-1946 for the employment of an expert librarian for a complete survey of the Library. Mrs. McLaughlin's motion is seconded by Commissioner Mohr.

Commissioner McLaughlin's motion failed to carry.

Commissioner Cullinan, seconded by Commissioner Lacoste, moves that the report of the Committee on Survey as submitted at the November meeting be approved.

The motion carries and the report of the Committee is approved and placed on file.

Commissioner Schmulowitz requests that his commentary on this subject matter be placed on file for possible future consideration by the Commission.

It is so ordered.

From Miss Marguerite Brâck Smith, Chairman, Home Nursing Service, thanking the Library for the use of the Anza, West Portal and North Beach libraries for home nursing classes.

From the United States Navy thanking the Library for the use of the Assembly Room at the Main Library.

There being no further business, the meeting adjourned.

Secretary

San Francisco, February 6, 1945

The regular monthly meeting of the Commissioners of the San Francisco Public Library and Reading Rooms held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4:05 p.m., President Schmulowitz presiding.

On roll call the following are noted present: Commissioners Cuddy, Graves, Keenan, Kemper, Lacoste, McLaughlin, Mohr, Politzer, Schmulowitz and Shaughnessy. Absent: Commissioner Oddie.

President Schmulowitz welcomes the new appointees, Mr. Cuddy, Mr. Politzer and Mr. Shaughnessy as members to the Commission.

President Schmulowitz reads a resolution which he had drafted expressing the gratitude of the Commission to Mr. Eustace Cullinan, Mr. Edward F. O'Day and Mr. John Ryan, whose terms of office had expired as of January 15, 1945, for their worthy public service as commissioners of the San Francisco Public Library.

Commissioner Kemper and Commissioner Lacoste stated that it had never been the custom for the Commission to send such resolutions and only on the decease of a member had a resolution, accompanied by an appropriate memorial, been sent by the Commission to the relatives.

Commissioner Keenan, seconded by Commissioner Mohr, moves the adoption of the resolution. Motion failed to carry.

President Schmulowitz reads his annual report on the activities of the Commission during his term as president, and states that the report may be of interest, both to the new appointees and to the older members.

Commissioner Politzer moves, seconded by Commissioner Mohr, that formal action on the report be deferred until the next meeting and that the report be transcribed and a copy forwarded to each Commissioner for review. Recommendation adopted.

The regular order of business is resumed.

The report of the Secretary is approved and placed on file.

The secretary suggests that the expenditures and estimated expenditures be formally approved by the Commission in order to conform with the auditing procedures of the City Controller. It is so ordered.

On motion of Commissioner Kemper, seconded by Commissioner Lacoste, the expenditures for the month of January as follows are approved:

Salaries	$29518.67
Contractual Services	827.73
Binding	1498.60
Gas & Electricity	1070.00
Materials & Supplies	1172.67
Books, Cards, Bindery Materials	7170.68
Pensions	1000.00
Compensation Insurance	50.00
Rent	380.00
Membership Dues	5.08
	$45393.43

and estimated expenditures for the month of February as follows are approved:

Salaries	$31000.00
Contractual Services	850.00
Gas & Electricity	1100.00
Materials & Supplies	500.00
Books, Cards, Bindery Materials	5000.00
Binding	5000.00
Pensions	1000.00
Rent	380.00
	$44830.00

The report of the City Librarian is read and ordered filed.

The City Librarian discusses that portion of the President's report concerning reading trends and points out that merely be tabulating the circulation statistics under the main classifications of the Dewey Decimal system does not indicate reading trends, as each of these main classifications have hundreds of subdivisions. He states also that the best indicator of trends in reading is the requests by patrons over the library counters. He further points out that since the war (Pearl Harbor) all libraries have experienced a sharp decline in home circulation and substantiates this contention with a list enumerating the circulation statistics of various public libraries throughout the United States.

San Francisco, February 20, 1945

A special meeting of the Board of Library Commissioners having been called for this day in the Commissioners' Room, Main Library Civic Center, for the purpose of considering suggestions for action by the Library Commission in connection with the proposed United Nations Conference,

The meeting is called to order at 4:05 p.m., President Schmulowitz presiding.

On roll call the following are noted present: Commissioners Cuddy, Graves, Keenan, Kemper, Lacoste, Mohr and Schmulowitz.

President Schmulowitz informs the Commission that his primary object in calling this special meeting to discuss activities which the Library Department might engage in with respect to the United Nations Conference, was to have the Commission authorize the appointment of a functioning committee to plan such activities with His Honor, Mayor Lapham and the representatives of the State Department.

Mr. Schmulowitz further states that he had conferred with Mr. Thomas Brooks, Chief Administrative Officer, in connection with the possibility of obtaining additional funds from the Mayor's Emergency Fund to defray additional expenses which might arise due to activities in connection with the Conference. Mr. Schmulowitz said he was happy to report that Mr. Brooks was very sympathetic to this informal request.

Mr. Schmulowitz further stated that he had conferred with the Mayor's Executive Secretary, Mr. Truman R. Letts, who suggested that his suggestions with respect to the activities of the Library Department, be submitted in writing for review by the Mayor. This occasioned the preparation of the following memorandum which he hoped would meet with the approval of the Commission.

MEMORANDUM OF SUGGESTIONS FOR ACTION BY THE LIBRARY COMMISSION IN RELATION TO THE PROPOSED UNITED NATIONS CONFERENCE SCHEDULED AT SAN FRANCISCO FOR APRIL 25, 1945

1. It is urged that the Library Commission authorize the appointment of a special committee to act in connection with matters relating to the United Nations Conference, in so far as it may involve library activities, and that this committee be authorized to request the librarian to assign to it a competent member of the staff in order that the secretarial and executive work may be dispatched.

2. That a communication be sent immediately to the Department of State for the purpose of ascertaining whether there is available a photostat copy showing the original signatures of the various signatories to the Atlantic Charter and to the original Declarations by the United Nations made on January 1, 1942, with the thought in mind that if photostat copies are available cuts might be made of these documents for inclusion in the commemorative bulletin to be hereinafter referred to.

3. A communication should be sent immediately to each of the following agencies and organizations for the purpose of arranging:

(1) For the purchase, by the San Francisco Library, of such books and pamphlet material as may relate to the war and peace aims of the United Nations, collectively and individually; and (2) to invite from each of these agencies and organizations a supply of such pamphlet material as they may have already created, or as they may create in connection with the proposed Conference, and which they may desire to have distributed gratuitously in San Francisco. The San Francisco Public Library, at its main library and at its numerous branches, may constitute itself as a distributive agency for this material, in so far as it relates to international organizations and plans for world peace.

The organizations and agencies with which correspondence should be initiated at once may include the following, together with such other organizations as may be engaged in activities similar to those that the following organizations are engaged in:

(a) UNITED NATIONS INFORMATION OFFICE,
610 Fifth Avenue,
New York.

(b) CARNEGIE ENDOWMENT FOR INTERNATIONAL PEACE,
405 West 117 Street
New York 27.

(c) THE OFFICE OF WAR INFORMATION,
Social Security Building,
Fourth Street and Independence Avenue SW.
Washington, D. C.
Attention of the Honorable Elmer Davis, Director.

(d) THE WOODROW WILSON FOUNDATION,
8 West Fortieth Street,
New York 18.

(e) THE WORLD ALLIANCE FOR INTERNATIONAL
FRIENDSHIP THROUGH THE CHURCHES,
70 Fifth Avenue,
New York 11.

(f) THE NATIONAL CONFERENCE OF CHRISTIANS
AND JEWS,
381 Fourth Avenue,
New York.

(g) THE DEPARTMENT OF STATE,
Attention of the Honorable Joseph C. Grew,
Under Secretary.
17th Street and Pennsylvania Avenue, NW.
Washington, D. C.

(In the last few years the State Department has issued a series of publications through the government printing office in relation to United States foreign policy. If these publications are not now in our library, or have not been acquired in sufficient copies, purchases should be made from the government printing office without delay so that there is at least one copy of these publications in each branch library and multiple copies at the main library).

4. Plans should be made for the publication of a commemorative bulletin under the auspices of the Library Commission of San Francisco. It is suggested that this bulletin contain authentic copies of historic documents leading up to the United Nations Conference in San Francisco. This bulletin might include, as previously intimated, a photostat copy of the Atlantic Charter, and the original Declaration by the United Nations of January 1, 1942 and, in addition, copies of each of the following historical Declarations:

(a) THE MOSCOW DECLARATION,
October 30, 1943.

(b) THE CAIRO DECLARATION,
December 1, 1943.

(c) THE TEHERAN DECLARATION,
December 1, 1943.

(d) The proposals arising out of the
DUMBARTON OAKS CONFERENCE,
October 9, 1944.

(e) THE YALTA DECLARATION,
February 12, 1945.

(f) The text of the call that will be issued by the governments of the United States of America, United Kingdom of Great Britain and Northern Ireland, Union of Soviet Socialist Republics, France and China.

In addition to these documents, there should be included a brief foreword by the Mayor of the City and County of San Francisco, together with a brief statement by the Library Commission, indicating the purpose of the publication of the commemorative bulletin and disclosing the library activities in which it engaged with respect to the conference of the United Nations under assignment by the Mayor and the United States State Department.

5. Plans should be made for the publication of a special monthly book bulletin to be published for the month of April, 1945, setting forth a comprehensive bibliography in our library on the subjects of peace, world organizations and postwar problems.

6. It is further suggested that plans be formulated for the allocation of a room for the exhibition of the literature which has been created by the three large religious denominations in America - Catholics, Protestants, and the Jews - in respect of international peace organizations and postwar problems. Not only have the representatives of the three denominations issued joint statements on the international order, but each group has issued separate statements. For instance, Catholic Bishops of the United States issued an important statement on November 19, 1944. Recently, the American Jewish Committee issued an important declaration of human rights, and the various Protestant organizations have, from time to time, issued various statements upon the same subject.

It is felt that each of these large denominational groups would be anxious to contribute to the establishment and maintenance of an exhibit displaying such literature as they may have created, together with such literature as they may create especially for the United Nations Conference. This project has been discussed with Dr. U. S. Mitchell, the Regional Director of the National Conference of Christians and Jews, who has indicated a willingness on the part of the Conference to become the co-ordinating agency for the assembly of all of the printed material to be used for exhibition purposes and for stimulating the preparation of the printed material to be exhibited under the auspices of the San Francisco Public Library. Mere approval by the Commission of the project and the assignment of space at the main library will be the only activity in which the Library Commission need engage, so far as this exhibit is concerned, for all other details will be assumed by the National Conference of Christians and Jews.

7. Any extra expense that may be associated with all, or some of these projects or additional projects which may be determined upon and not herein referred to, will no doubt receive the sympathetic consideration of the Mayor and the City Administrator, and if the expense cannot be met out of the unexpended funds within the library's budgeted allowance for the balance of the current fiscal year, additional funds might be obtained with the co-operation of the Mayor and the City Administrator's office by direct appeal to the Board of Supervisors. Perhaps an emergency allotment can be negotiated out of the so-called revolving fund under the joint control of the Mayor and the Board of Supervisors.

Commissioner Cuddy, seconded by Commissioner Mohr, moves that the action already taken by President Schmulowitz be approved.

Recommendation adopted.

Commissioner Cuddy asks how the commemorative pamphlet mentioned in the memorandum was to be printed and Mr. Schmulowitz replied he thought such detail should be left to the discretion of the proposed committee.

Commissioner Cuddy suggests that inasmuch as this pamphlet would have a national appeal, the federal government might desire to publish such a document.

Commissioner Schmulowitz, Kemper and Mohr, speak in favor of this suggestion and the President is authorized to communicate with the California delegation to ascertain whether either the Department of State or some other federal agency is likely to consider the publishing of such commemorative pamphlet.

Commissioner Kemper moves that a committee of three members with Commissioner Cuddy as Chairman, together with the President of the Committee and the City Librarian as ex-officio members, be appointed to act in connection with matters relating to the United Nations Conference.

Motion is unanimously approved.

The City Librarian presents a report on the activities of the staff in connection with the conference which outlines the establishment of a United Nations Conference Room for the general use of the public and also for the delegates and visitors.

Commissioner Mohr moves that the Librarian proceed with this plan irrespective of the matters now before the Committee.

It is so ordered.

There being no further business, the meeting adjourned.

Secretary

San Francisco, March 6, 1945

The regular monthly meeting of the Board of Library Commissioners held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4 p.m., President Schmulowitz presiding.

On roll call the following are noted present: Commissioners Cuddy, Graves, Keenan, Kemper, Lacoste, McLaughlin, Mohr, Oddie, Schmulowitz and Shaughnessy. Absent: Commissioner Politzer.

The minutes of the regular meeting for the month of February, as corrected, are approved.

The minutes of the special meeting held February 20, 1945, as corrected, are approved.

The regular order of business is suspended.

Commissioner Cuddy, chairman of the special committee appointed at the special meeting held February 20, 1945 to act in connection with matters relating to the United Nations conference, presents a report on the activities of the committee briefly outlined as follows:

(1) The Reference Department is planning to convert the Art Room which adjoins the Reference Room into a United Nations conference room and that the flags of the United Nations will be placed in this room.

(2) The room will contain official publications of the nations included in the roster of the United Nations, official publications of this country's State Department, maps, atlases, books, pictures, posters and important documents and pamphlets issued by various agencies working for peace.

(3) That extra telephones will be installed and trained reference librarians will be on duty at all times.

(4) That the Reference Department is compiling a complete clipping collection of all reference in the daily press to the United Nations conference for future historical and research purposes.

(5) That a special book bulletin will be edited for the month of April devoted entirely to a "Conference Background in Reading".

(6) That with respect to the "Commemorative pamphlet" suggested by President Schmulowitz, a communication had been sent to two Senators from California and San Francisco's representatives, to ascertain if the federal government would undertake the publishing of such a document. Replies received from Washington enthusiastically endorsed the publishing of such a pamphlet but stated that an original limited edition would have to be edited by the Library Commission and them presented to Congress for an appropriation for additional printing. The committee has already requested photostatic copies of the original documents and they should arrive from Washington within a few days.

(7) Although individual organizations had requested special rooms for special exhibits during the conference, the committee recommends that all materials should be centered in the conference room and that no organizations should be allotted separate rooms.

Commissioner Kemper moves, seconded by Commissioner Mohr, that the report of the special committee be adopted and that the activities as outlined therein be approved. Approved.

Commissioner McLaughlin recommends that the Commission go on record that this institution will act only as a reference library during the conference and that during this period no special exhibits or displays by individual groups will be authorized.
Recommendation adopted.

The Secretary states that if funds are to be transferred from existing surpluses in the library's appropriation for the publishing of the commemorative pamphlet, considerable delay may occur because such transfers must be approved by the City Controller, the Mayor and

the Board of Supervisors and unless the committee is authorized to transfer these funds, considerable time may be lost prior to the next meeting of the Commission.

On motion of Commissioner Kemper, seconded by Commissioner Lacoste, the committee is authorized to expend a reasonable amount for the printing of the commemorative pamphlet.

Commissioner Lacoste suggests that the committee consider the advisability of using the funds in the Phelan Bequest for this purpose as the use of this money is at the discretion of the Commission and the approval of other governmental agencies would not be required.

Commissioner Schmulowitz suggested to states that the Commonwealth Club intends to print a compendium of all documents suggested for inclusion in the pamphlet and that the type forms might be used by the Library Commission for printing the pamphlet which would result in a considerable saving in the printing cost.

Commissioner Cuddy suggests that the City Librarian communicate with the Stanford Library, the University of California and the State Library offering the cooperation of this library in any plans they may undertake in the proposed United Nations conference.

It is so ordered.

President Schmulowitz refers to the front page editorial of the San Francisco Chronicle of March 5th, announcing plans for a series of public forums on post war planning and suggests that the Commission submit to the Chronicle as a topic for discussion, "The public library in the post war world" and that members of the Commission and the library staff act as leaders in the discussion.

Commissioner McLaughlin, seconded by Commissioner Mohr, recommends that a communication be sent the Chronicle requesting such a topic be included/the proposed forums.

Motion failed to carry.

The regular order of business is resumed.

The report of the Secretary is approved.

On motion of Commissioner Cuddy seconded by Commissioner Mohr, expenditures for the month of February as follows, are approved:

Salaries	$29929.98
Contractual Services	386.03
Binding	3222.09
Gas & Electricity	1200.00

Gas & Electricity	1100.00
Materials & Supplies	500.00
Books, Cards, Bindery Materials	5000.00
Binding	5000.00
Pensions	1000.00
Rent	380.00
Services Other Departments	4500.00
	$49330.00

The report of the City Librarian is read and ordered filed.

Reports of Standing Committees

Committee on Books, Printing, Binding, etc.

No report.

Committee on Buildings, Fixtures, Furniture, etc.

Chairman Kemper states that a tax bill is now pending before the state legislature providing for subventions to municipalities for their post war building programs and recommends that a letter be written to Mayor Lapham suggesting that the construction of the wing to the Main Library be included in any city program to be financed by the state.

Approved.

Committee on Finance and Audit

Commissioner Kemper recommends the adoption of the following resolutions:

Resolution No. 60

Resolved that an interdepartmental Work Order in the amount of $3000.00 be made out to cover repairs to the Main Library and branches for the quarter ending June 30, 1945.

Resolution No. 61

Resolved that an interdepartmental Work Order in the amount of $150.00 be made out to cover cost of repairs to automobile equipment for the quarter ending June 30, 1945.

Resolution No. 62

Resolved that the Controller be requested to allot $1000.00 in the Contractual Services Appropriation No. 414.200.00 to provide funds to cover emergency expenditures for March 1945 which items will not be required later in the fiscal year.

Resolutions adopted.

Committee on Rules, Administration and Welfare of Employees

No report.

Report of Special Committees

Chairman Kemper of the Charter Revision Committee reports that the Central Council of Civic Clubs had communicated with the Board of Supervisors requesting the adoption of the charter amendment proposed by the Library Commission which would establish a fund for branch library extensions and that this matter had been referred to the judiciary committee of the Board of Supervisors and a hearing had been called for March 1, 1945 which was postponed at the request of the Central Council and reset for March 15, 1945 at which time the Charter Revision committee will appear in support of the measure on behalf of the Commission.

New Business

The City Librarian reports that the California Labor School had requested that a special collection of 300 books be placed in the school for research by the professors and students. Mr. Rea states also that it had always been the policy of the Commission to refuse such requests as such collections would deprive the general public of the use of these books and that the professors of the schools could obtain a maximum of ten books by using the teacher card privilege of the library.

Mr. Kemper moves that the rules regarding the circulation of books remain unchanged.

Approved.

Commissioner Mohr presents a "Memorandum on the Intermediate or Young Adult Sections" outlining the need for special rooms for this group and outlining plans which are to be put into effect throughout the library pending the availability of adequate funds for special rooms and additional personnel.

Commissioner Mohr suggests that a copy of the memorandum be sent to Miss Josephine Poynter of the San Francisco Chronicle and Mr. Schmulowitz suggests that the other San Francisco papers also be sent a copy.

It is so ordered.

President Schmulowitz announces the election of officers for the ensuing year.

Nominations for president being declared in order, Commissioner Kemper is nominated and duly elected.

Nominations for first vice-president be declared in order, Commissioner Keenan is nominated and duly elected.

Nominations for second vice-president being declared in order, Commissioner Mohr is nominated and duly elected.

Communications

(1) From Mrs. Max Ruttman complimenting the Library on its efficient and courteous staff. Placed on file.

(2) From John D. McKown, coordinator Protective corps, thanking the Library for the excellent bibliography it had prepared for him on the San Francisco fire and earthquake.

Placed on file.

(3) From Lawrence Davies, Pacific Coast correspondent, New York Times, thanking the Library for the research it had undertaken on his behalf.

Placed on file.

(4) From Arthur W. Brouillet, attorney at law, informing library officials of the excellent service given by Miss Dorothy Terhaar, reference librarian.

Placed on file.

There being no further business the meeting adjourned.

Approved.

Chairman Shaughnessy, seconded by Commissioner Politzer, recommends the adoption of the following resolution:

AUTHORIZING EXTENSION OF TIME TO SEABOARD OIL COMPANY OF DELAWARE TO DRILL A THIRD WELL ON CERTAIN LAND IN KERN COUNTY

WHEREAS, pursuant to Resolution No. 4067 Series of 1939, adopted by this Board on June 26, 1944, the City and County of San Francisco, a municipal corporation as leasor entered into a written agreement with Seaboard Oil Company of Delaware as leasee whereby the leasee was given an extension of time until May 15, 1945 to commence drilling a third well on the following described real property situated in Kern County, California, for the purpose of removing oil, gas and other hydrocarbon substances from said land in accordance with the provisions of that certain lease dated November 5, 1941 and recorded in Book 1067 at Page 53 Official Records of Kern County:

All of Section 21 and the northeast 1/4 of Section 28, T. 28 S., R. 28 E., M. D. B. & M.,

WHEREAS, the leasee desires a further extension of time until May 15, 1946 within which a third well on the lands covered by said lease may be drilled; and

WHEREAS, the leasee has offered to pay the lessor the sum of $500.00 cash in consideration for said further extension of time; and

WHEREAS, the Director of Property, the Library Commission, and the Park Commission have recommended that said offer be accepted;

NOW, THEREFORE, BE IT RESOLVED that the Mayor and the Clerk of the Board of Supervisors on behalf of the City and County of San Francisco, a municipal corporation, be and they are hereby authorized and directed to execute the necessary agreement with the lessee extending said time limit until May 15, 1946 subject to the provisions of said lease dated November 5, 1941 except as modified by the agreement herein authorized. The Director of Property shall deliver said agreement to the lessee upon receipt of said sum of $500.00.

Reports of Special Committees

President Kemper announces the appointment to the following special committees:

Special committee to act in connection with the United Nations Conference, Commissioner Cuddy, Chairman, Commissioner Mohr and McLaughlin together with the President and City Librarian as ex-officio members.

Charter Revision Committee, Commissioner Graves, chairman with Commissioners Schmulowitz and Lacoste.

Commissioner Cuddy, chairman of the special committee appointed to act in connection with matters relating to the United Nations Conference, presents a report briefly outlined as follows:

(1) That the Public Library will not publish the Commemorative pamphlet as such a document is to be issued by the Department of State.

(2) That the Library of Congress will install a library of some 3,000 volumes in the War Memorial Building for the use of delegates and that some of the books required would be borrowed from our collection. This library, nevertheless, would convert the Art room into a United Nations Conference Room as a library of supplementary information for use by delegates, the press and radio personnel.

(3) That special honorary membership cards were being printed to be given to delegates, officials and members of the press, accredited to the Conference.

(4) That in accord with a request from Mr. Child, a representative of the State Department, in charge of cultural activities, the Library and School Departments would install at the Main Library, exhibits and displays portraying the library and school at work in our American democracy.

(5) That efforts were being made to acquire the exhibit of the fifty best books of the year, selected and sponsored by the American Institute of Graphic Arts for display during the conference.

Commissioner Schmulowitz recommends that a letter be sent to Frank R. Havenner expressing the appreciation of the Library Commission for his interest and cooperation to the recent communications of the Commission with reference to the proposed commorative pamphlet.

Recommendation adopted.

New Business

President Kemper refers the by-laws of the Commission to the Committee on Law & Municipal Relations for their review and revision and report back to the Commission at the next meeting.

President Kemper refers the legal notices in connection to bequests from the estates of the late Alfred Sutro and Frank Fischer to the Committee on Law and Municipal Relations and requests the committee present its recommendations as to acceptance of the bequests for formal action by the Commission at the next meeting.

Commissioner Mohr, President Trustees Section, California Library Association, explains the foundation of the Library Development Fund under the auspices of the American Library Association for the purpose of raising funds to send a representative to Washington for the promotion of library needs. Commissioner Mohr requests the cooperation of the Commission in this endeavor and requests that the Secretary be instructed to forward a copy of the letter of explanation together with pledge cards to each commissioner.

It is so ordered.

There being no further business the meeting is adjourned.

Secretary

San Francisco May 15, 1945.

The postponed monthly meeting of the Commissioners of the San Francisco Public Library and Reading Rooms, held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4:00 p.m., President Kemper presiding.

On roll call the following are noted present: Commissioners Cuddy, Graves, Keenan, Lacoste, Mohr, Oddie, Politzer and Schmulowitz, and Kemper. Absent: Commissioners McLaughlin and Shaughnessy.

The minutes of the previous meeting are approved.

The report of the Secretary is read and ordered filed.

The report of the City Librarian is read and ordered filed.

Commissioner Schmulowitz moves that the recommendations made in the Librarians' report in connection with the classification of positions in the library service and the qualifications required for examinations to the professional staff, be referred to the Committee on Rules, Administration and Welfare of Employees for investigation and report.

Recommendation adopted.

Reports of Standing Committees

Chairman Graves reads a proposed resolution which his committee had drafted in connection with the offer of the Pan American Society to donate books to the library providing the library would designate a special room or section for books on Latin America.

Commissioner Politzer suggests that the resolution not be limited to the Pan American Society so that it could be sent to the consulates and visiting dignitaries from Latin American countries.

Commissioner Schmulowitz moves, seconded by Commissioner Cuddy, that a committee composed of Commissioner Graves, Commissioner Politzer and President Kemper, be appointed to draft an appropriate resolution, incorporating the recommendations of the committee and the suggestion submitted by Commissioner Politzer.

Recommendation adopted.

Commissioner Graves reports that he had held a meeting with the Branch Librarians Book Selection Committee and also had visited many branches since the last meeting and his observations were that books for branch libraries were carefully selected and that the branches were being operated in a very efficient manner.

Committee on Branch Libraries

Chairman Lacoste reads a communication from Mrs. Jack Rich, Corresponding Secretary, Crocker Amazon Park Improvement Association, requesting the establishment of a branch library in that district.

On the recommendation of Commissioner Schmulowitz, the matter is referred to the Committee on Branch Libraries for investigation and report.

Chairman Lacoste reports that the committee had given careful consideration to the request of the California Labor School for the loan of 500 volumes for the use of the school and although sympathetic to the needs of the school, recommends their request be denied in accord with the opinion of the City Attorney which stated that loans to private institutions were in violation of the State Law.

The question arises as to whether the City Attorney had been advised of all the facts necessary to render an opinion and at the suggestion of Commissioner Cuddy, the chair appoints Commissioner Politzer to draw up a statement of facts to be presented to the City Attorney, for review by the Commission at its next meeting.

Committee on Finance & Audit

In the absence of Chairman Shaughnessy, Commissioner Schmulowitz for the committee, recommends the adoption of the following resolutions:

Resolution No. 66

Resolved that the Controller be requested to transfer $1000.00 from Appropriation 474.238.01 to the credit of appropriation 414.860.00 to cover the cost of pensions for the balance of the fiscal year.

Resolution No. 67

Resolved that the Controller be requested to transfer $400.00 from Appropriation 414.200.00 to the credit of appropriation 414.860.00 to cover the cost of pensions for the balance of the fiscal year.

Resolution No. 68

Resolved that an interdepartmental Work Order in the amount of $25.00 be issued in favor of the Purchaser of Supplies to cover Photostating Work in connection with the United Nations Conference on International Organization.

Resolutions adopted.

Commissioner Schmulowitz, seconded by Commissioner Cuddy, moves that cash on deposit with the City Treasurer in the Alfred Fuhrman Bequest be invested in United States Treasury Bonds before the conclusion of the Seventh War Loan Drive.

Reports of Special Committees

Commissioner Cuddy, chairman of the special committee appointed to act in connection with the United Nations Conference, briefly

outlines the activities of the committee; the sending of honorary membership cards to the delegates, officials accredited to the conference, radio and press personnel; the many letters of appreciation being received for this extension of our library facilities; and the installation of the library's and other exhibits in the Main Library for the duration of the conference.

Old Business

Commissioner Mohr again calls the attention of the Commissioners to the "Library Development Fund" campaign for the purpose of raising funds to send a representative to Washington to protect the interests of libraries. Mrs. Mohr outlines the benefits which might accrue to San Francisco through such representation and asks the cooperation of the Commissioners in this drive.

President Kemper reports that on the Commission's behalf, he had appeared before the Mayor's Post War Planning Committee and had outlined the Library's post war program to which the committee had expressed favorable comment which intimated a favorable recommendation on the Library's entire program.

New Business

Commissioner Schmulowitz suggests that an invitation be extended to Undersecretary of State, Archibald MacLeish, to visit the Library and to address librarians on the functions of libraries and librarians in the culture of the community.

Commissioner Schmulowitz moves, seconded by Commissioner Cuddy that a special committee be vested with the authority to select an appropriate memorial to Franklin Delano Roosevelt within the purview and authority of the San Francisco Public Library Commission.

Recommendation adopted.

Commissioner Mohr calls the attention of the Commissioners to a meeting sponsored by the California Library Association to be held at the High School of Commerce on Sunday, May 20, 1945 at 2:00 p.m. and recommends that the Secretary be instructed to send a program to each commissioner.

Recommendation adopted.

Communications

From Carl H. Milam, Executive Secretary, American Library Assn., congratulating the library on its activities in connection with the United Nations Conference.

Placed on file.

From William Fisher, Secretary, Pan American Society, thanking the library for its cooperation in connection with Pan American Day.

Placed on file.

There being no further business, the meeting adjourned.

Secretary

San Francisco, June 5, 1945

The regular monthly meeting of the Commissioners of the San Francisco Public Library and Reading Rooms held in the Commissioners' Room, Main Library, Civic Center.

The meeting is called to order at 4:00 p.m., President Kemper presiding.

On roll call the following are noted present: Commissioners Cuddy, Graves, Keenan, Kemper, McLaughlin, Mohr, Schmulowitz and Shaughnessy. Absent: Commissioners Lacoste, Oddie and Politzer.

The minutes of the previous meeting are approved.

The report of the Secretary is approved and placed on file.

President Kemper reads a communication from Secretary of State, Edward R. Stettinius Jr., expressing on behalf of the Department of State, the United States Delegation and the foreign delegations, their appreciation for the Library's cooperation in connection with the Conference in providing the Conference Room for the use of delegates and officials accredited to the Conference and the installing of the varied and interesting exhibits.

On recommendation of Commissioner Schmulowitz, the Librarian is requested to have the letter reproduced in the next issue of the monthly bulletin.

The City Librarian reports that about 60 members of the Tokolon Club visited the Library in a body during the month and were escorted through the library by President Kemper and members of the staff.

The City Librarian reports also that the shifting of all books in the stacks, made possible by the removal of the Sutro Library to the basement area, is well underway and should be completed within two months.

Reports of Standing Committees

Committee on Books, Printing and Binding.

Chairman Graves reads a report in connection with his visit to the branch libraries and his observations made at a meeting with the branch librarians book selection committee. Placed on file.

Chairman Graves reports that Dr. Ezequiel Padilla, Secretary of Foreign Affairs and chairman of the Mexican Delegation, has presented to the library a set of 50 books in Spanish, published by the National University of Mexico and the Department of Education of Mexico.

Commissioner Graves moves, seconded by Commissioner Mohr, that a resolution of thanks for this generous gift, be sent to Dr. Padilla by President Kemper.

Committee on Branch Libraries

The City Librarian reports that in response to the request of the Crocker Amazon District, Chairman Lacoste, Commissioner Graves and himself, surveyed the district and that no store building is available at the present time which could be utilized as a branch library and that the Improvement Club for the district was informed that if suitable quarters could be found, the Commission would give every consideration to the advisability of opening a branch library in their district

Committee on Building etc.

Chairman Mohr moves, seconded by Commissioner Shaughnessy, that the following resolutions be adopted:

Resolution Adopted.

Reports of Special Committees

Chairman Graves of the Pan-American Committee reads the following draft of the resolution to be sent to the Pan-American Society, consuls, ambassadors and the governments of the Latin American countries in accord with the recommendation of the Commission at the last meeting:

It being the purpose of the Library Commission of the City and County of San Francisco to build an outstanding collection of Latin-American Books of all kinds:

IT IS RESOLVED, that studies and plans for the further development of this collection be initiated immediately by the San Francisco Public Library; that the necessary funds be devoted to this end from time to time, as they may be required, and that the countries of Latin-America be informed that we welcome their assistance and co-operation in this policy of rapprochement with our Latin-American sister republics.

Commissioner McLaughlin moves, seconded by Commissioner Shaughnessy, that the resolution be sent to the Pan American Society and that submission to other organizations and individuals be left to the discretion of the City Librarian.

Motion carried, Commissioners Mohr and Schmulowitz not voting.

Chairman Schmulowitz reports that the Committee on the Roosevelt Memorial, recommends against the selection of such a memorial within the purview of library activities by a two to one vote.

Commissioner Schmulowitz submits for the consideration of the Commission a minority report in support of the proposal; stating that his original suggestion was inspired by the recent death of the late president who was largely responsible for the United Nations Conference on International Organization now in session in San Francisco and that the basic plank for this conference was the "Four Freedoms", a phrase popularized by the late president. That the Commission might consider the following as possibilities for a memorial:

(1) The designation of one of the two new branch libraries for which funds have been provided in next year's budget as the Franklin Delano Roosevelt Branch;

(2) The creation in this City where the United Nations Conference on International Organization was held, of a library relating to the charter arising out of the Conference;

(3) The creation of a so called "Four Freedom's Library", a special collection exclusively devoted to printed material on the subject.

Commissioner Schmulowitz further suggests that should the naming of a memorial be approved, that the staff be circularized for suggestions as to the nature of the memorial which might result in the selection of a more appropriate memorial than those suggested above.

On motion of Commissioner Keenan, seconded by Commissioner Shaughnessy, consideration of this matter is deferred indefinitely with Mr. Schmulowitz recording a no vote.

Commissioner Schmulowitz reports that through a request he had made to General Douglas MacArthur, Lieutenant - Colonel J. Woodall Greene, assigned to answer his request, he had been able to obtain a mass of material on the psychological warfare in the Pacific theatre of operations and that he hoped to obtain similar material on the German war.

Commissioner Schmulowitz stated he thought these documents would be of interest to the citizens of San Francisco and suggests that the Commission,

(1) Send letters of acknowledgment to General MacArthur and Lieutenant-Colonel Greene,

(2) Arrange an exhibit of this material at the earliest possible date,

(3) That space be given in an early bulletin for reference to these acquisitions and for reproduction and quotations from some of the items.

Recommendations adopted.

There being no further business, the meeting adjourned.
